Western Boy is Healthiest

"MY little son, Lee Boyce, had whooping cough," says Mrs. Sam Heyman, 3700 Haynie Ave., Dallas, Tex. "He was having a hard time until I heard of California Fig Syrup and got him some. The first few doses regulated his bowels; brightened him up; marvelously, even seemed to ease the coughing spasms a great deal."

"I have since used Fig Syrup with my boy during colds or upsets. It has been a wonderful help to him; has assisted in making him the strong boy you see—perhaps the healthiest one in our neighborhood."

For more than fifty years, mothers have praised California Fig Syrup. Leading physicians advise its use with bilious, headachy, constipated children, or to keep the bowels open during colds or children's diseases. Children love its rich, fruity flavor. It tones and strengthens weakened bowels; helps make children robust.

Look for the name California when buying. That marks the genuine.
