### New World Study Continued By Club, Mrs. Warner Gives Paper on Arabia

The Wednesday Study club continued its study of the new world at the regular meeting Wednesday afternoon. Mrs. Workman gave an interesting paper on "Arabia Since the World War."

She told that following the World war the bolsheviks of Russia said "We are going to change the map of Europe, and are going to help the Near East shake off its yoke of slavery." Arabia at once asked to be freed from many mandates at the peace conference.

England claimed that her interests in dictatorship in Arabia were only for a better protection for India. The Arabians are Mohammedans in religion, and they number about thirteen million. Both France and England are trying to rule those people.

This division was brought about by the settlement after the World war, and the result is that Arabia has been in a state of uprising and internal wars since. The Arabs and Jews are also contending for the possession of Palestine.

Mrs. E. N. Warner then reviewed "What Happened in Palestine," written by Maurice Samuel. Mr. Samuel is a Jew and made his home in London for many years. He took up residence in Palestine at the beginning of the Zionist movement after the World war.

### Child's Habits Are Considered By Club

The Berrydale Child Study club met at the Community House on North Riverside Friday afternoon, January 16. The topic for discussion was "When and How to Teach Good Habits" based on an article in the December issue of "The Parents Magazine."

A child should be taught to walk on himself as early as possible as it saves the mother much extra work and teaches the child independence.

A child will generally eat all foods set before him unless he is questioned about his likes and dislikes or if he sees someone else show a distaste for certain foods. It is better to praise a child when he refrains from some food habit than to find fault with him when he lapses, as it gives him more encouragement to do his best.

Temper tantrums are generally caused by a child's uncontrolled desire for more attention and can be overcome by giving him more attention while he is good and ignoring him during his tantrums.

The next meeting will be held on Friday, January 30, at 2:30. The topic for discussion will be "What a Pre-school child needs."

An article on this subject is to be found in the January issue of the Parents Magazine.

Anyone interested in requested to come and attend the meetings.

### A BEAUTIFUL OLD CUSTOM

There has been a tremendous revival of the custom of sending Valentines in the past few years.

A generation ago these tokens of affection were exchanged mostly between young people who were at the age of courtship.

Nowadays nearly everybody sends them, all the way from little children to great-grandparents, and there are really beautiful Valentines especially designed for almost every age and every degree of relationship and friendship.

It is a beautiful custom—and it saves writing a letter.

There are hundreds upon hundreds of different kinds to select from at Swen's Gift Shop with prices ranging from 1c to \$5.
