

CENTRAL PT. GIRL BORN IN TAXICAB NEAR BEALE LANE

"Highway Rose" the doctor christened her. But her mother calls her Jewell Louise. And she seems to like the name—the very little daughter of Mr. and Mrs. Herbert Sanburn of Central Point, who was born in a taxi cab near Beale lane at an early hour last Monday morning, when her mother was en route to the hospital.

Dr. B. L. Sears was called on the case at midnight. The Sanburns had no car so he left Medford in a taxi to bring the mother to a local hospital. They started for this city but when they reached Beale lane the taxi driver was ordered to stop and head for home.

He turned round to find Dr. Sears shielding a tiny pink face from the cold January air. And realized that the Thrifty 1931 babe had cheated the hospital.

Mother and baby are getting along nicely, Dr. Sears announced today.

RARE COFFEE WINS COUNTLESS NEW USERS BY FLAVOR

Amazing Popularity of Hills Bros. Coffee Tribute to Roasting Process

Years of experiment by Hills Bros. have resulted in the origination and perfection of the only Controlled Roasting process in use today.

By Hills Bros.' patented process, the degree of roast is positively controlled. The quantity of coffee passing into the roaster—about three pounds at a time—does not vary. The speed of the flow and the temperature remain the same, with the result that Hills Bros. Coffee is absolutely uniform.

Comparisons show that Hills Bros. Coffee has a flavor no other coffee has. The ordinary method of roasting in bulk cannot insure a uniform roast because there is a lack of control.

The vacuum can, in which Hills Bros. Coffee is packed, keeps the coffee fresh. Air, which destroys the flavor of coffee, is completely removed from the can and kept out. Coffee does not stay fresh in ordinary cans, even if air-tight. Ask for Hills Bros. Coffee by name and look for the Arab—the trade-mark—on the can. Sold by grocers everywhere.

ASHLAND EDITOR 'FINED' ON VISIT TO COUNTY JAIL

Hereafter when G. M. Green, manager of the Ashland Tidings, goes a visiting to interview murderers and otherwise inquiring county jail, he will leave his money at home.

Mr. Green visited the jail this morning with a Mail Tribune reporter to have an interview with Kingsley, the murderer of Officer Sam Prescott, and when their interview was ended expressed a desire to jailer He Dunford, to look through the jail, as he had never done so. The interview had taken place in a separate room from the jail proper, with the prisoner heavily guarded.

Hence the accommodating Ike conducted the Ashland newspaper man inside the "bull pen" and departed, locking the door behind him. The 26 or more prisoners, ever on the alert to get all the cigarette money possible for purchasing of cigarettes and other dainties, at once saw their opportunity and passing the word, "fresh fish" among themselves hastily placed their kangaroo court in session, hauled Mr. Green before it and fined him heavily for "rubber-necking" and other serious charges.

G. M. was game and paid up. That is why after Jailer Dunford released him to the prison, he had to borrow 50 cents from a friend to get home on.

Not only that, but before he was released, an unusually hard hearted prisoner wrote on the spot a poem for G. M. entitled, "The Boot-leggers Lament," read it to him and made him take it away with him.

GOLD BONDERS TO VIEW UNCLE JACK IN HOLLY PICTURE

See and hear Uncle Jack, at the Holly theatre in the "Gold Bonders," as he broadcasts from KMEM for the kiddies. Everyone in southern Oregon has heard Uncle Jack talking to the kiddies over KMEM, here is your opportunity to see him as he appears daily before the microphone.

The "Gold Bonders" is a local feature film produced in Medford and the Rogue River valley by the Gold Bond Saving club, thru the courtesy and co-operation of the merchants of Medford, and the Jacksonville chamber of commerce and Legion club, for the entertainment and pleasure of the children of the valley. This feature film will prove very interesting as well as entertaining to every one that sees it. Hundreds of children and citizens of the valley appear in the picture, which adds to its interest and entertaining value. Everyone would like to know how they and their friends would look on the silver screen. Don't miss this opportunity of gratifying this desire. Familiar faces and places will be even more interesting on the screen.

The "Gold Bonders" is more than scenes taken here and there over the valley, it is a very interesting story about a family and a neighborhood group of kiddies here in Medford.

Visit Medford and Jacksonville with them—see the story in pictures that they were told by an old timer in Jacksonville—about the early days in the Rogue River valley.

In addition to the very interesting and humorous story of child life you will be taken on a tour of the valley with Uncle Jack, where he visits thousands of children in the various schools in Jackson county. Most of these kiddies are little Gold Bonders and will enjoy seeing themselves on the screen with their Uncle Jack of KMEM and the Gold Bond club.

The scenes taken at the Gold Bond movie hall last Saturday night will give hundreds of people an idea of how they look on the dance floor. These scenes are expected to be very interesting as they not only show the dance in progress but will portray the camera's version of the beautiful dancing parent presented by Mrs. Benson's dance party during the ball. The pictures of the Ethiopian Knights in action, who furnished the music and entertainment of the evening will also be enjoyed. This troupe of colored entertainers were a whole show in themselves. They danced, sang and played, as only a snappy troupe of high class colored entertainers can perform. The camera saw all of this and more. The "Gold Bonders" will only be shown two days at the Holly theatre before it is taken to Eugene for the pleasure of the little Gold Bonders of that city, and then on to other towns in the state. Don't miss it!

Walsh Resolutions Asking District Attorney's Action In Hoover Nominations Favored—Stewer Votes Against President.

WASHINGTON, Jan. 26.—(AP)—The senate judiciary committee voted 8 to 5 today for the Walsh resolution requesting District Attorney Rover to institute proceedings testing the right of the three disputed members of the power commission to retain office.

Senator Wash, democrat, Montana, author of the resolution, will seek prompt senate action. Senate approval of the Walsh resolution will put the issue up to the district attorney. The resolution requests Rover to institute proceedings against Chairman Smith and Commissioner Casand and Draper of the power commission.

Attorney General Mitchell has ruled that Mr. Hoover is without authority to return the nominations to the senate, which confirmed the men once. Those voting for the Walsh resolution in committee were: Republicans, Norris, Nebraska; Glass, Wisconsin; and Stewer, Oregon. Democrats, Walsh, King, Utah; Stephens, Mississippi; Dill, Washington; and Stratton, New Mexico.
