

Guldahl Grabs Golfing Gold in Great Battle With Manero

YOUNG DALLAS PRO ASTOUNDS OLD MASTERS

Victory In Motion Picture Tourney Brings \$1,000—Diegel Predicts Brilliant Future.

LOS ANGELES, Jan. 26.—(AP)—One year of professional golf behind him, and Ralph Guldahl is homeward bound for Texas today with \$2,750 as his earnings in competition with the country's leading players.

The 13-year-old Dallas youth is headed for San Antonio and the open tournament there where he stepped out of the amateur ranks twelve months ago and took up the gold dust trail of the fairways.

Yesterday's tender, youthful Utah matched his best shots against the seasoned pros from New York, Tony Manero, and won the final 36 hole match in the motion picture \$2,500 tournament at the Riviera Country club, one up. His first place prize was \$1,000.

Astounding Stars
Masters of the game who were all eliminated in the first and second rounds of the motion picture tournament marveled at the youth's courage yesterday. They watched him match drives hole for hole with Manero. They wondered at his ability to play equal approaches with this suave New Yorker and then put him for the greater share of the day.

When it was over, Leo Diegel, Acuna Caliente pro and former P. G. A. and Canadian champion shook his head and said for the benefit of all that this lad Guldahl is going places in a golfing way. "He is a great putter. He drives as well as any of us. All he needs to do is correct his swing on the iron shots a little."

OWNY DUTTON, veteran Mail Tribune bowling star, showed a touch of Scotch in his makeup yesterday, although hitherto he had been classified as a pure-blooded descendant of the Emerald Isle. In bowling for the weekly prize money posted by the Nat. Alley management, Dutton rattled the pins for a total of 654, topping 204 in the first, 205 in the second and 245 in the third games.

Warning signs reading "Look out for the traps" no longer mean danger to game birds and other wild life in Missouri. They are only invitations to dinner.

Three railroad companies operating in that state have been awarded their rights of way, stretching into thousands of acres, as game and bird sanctuaries. They have ordered that all natural food and cover be saved, and requested trappers to help the game and fish department distribute food during the winter.

The Kansas City Southern, Missouri-Kansas-Texas and Missouri Pacific lines issued orders in response to an appeal from John H. Ross, commissioner of fish and game, according to his department's report to the American Game association.

It is estimated that thousands of bushels of valuable bird seed will be preserved from the customary practice of burning away or mowing the rights of way. Shelters and inviolate nesting grounds for the birds will be provided along fence rows, where they are badly needed because of intense farm cultivation in many sections.

Food furnished by the conservation department and scattered by trappers along the rights of way during the snow season will also save birds that would otherwise starve because of a shortage of natural food after the drought.

Missouri and other northern states have enlisted the aid of rural mail carriers, Boy Scouts, agricultural students, Campfire Girls and many sportsmen's groups in their winter bird feeding campaign, the association announced.

Conservation groups in Missouri alone last winter distributed \$8,000 pounds of food.

Comes now the pheasant to join the rabbit, who, getting a nip of "sawm bicker," spit in the building's face; the woman, imbibing of caw, who strangled the big black bass to death—the pheasant was in a corn field too!

Whether fermenting corn in this shock had anything to do with this odd reversal of nature the report says not.

The pheasant, according to Game Protectors J. H. Noonan and R. J. Vickers, of the New York conservation department, was in a corn shock in a field on the banks of the Mohawk river near Albany, and saw a large thomas cat stalking something in the grass.

That was too much for the such pheasant. He charged through the equivalent of swinging doors—long rows of corn—

BEAVERS HAVE CHANCE TO TIE HOOP LEADERS

Victories Tonight And Tuesday Over Huskies Would Square Northern Division Race.

By the Associated Press
All eyes in the northern division of the Pacific coast conference will turn toward Corvallis, Ore., tonight and Tuesday night to watch Oregon State College win or lose strength enough to take two basketball games from Washington.

If the Beavers can do that, they will be tied with the Huskies at the top of the division and the northern team's chances of winning another championship will be gravely endangered.

If Oregon State can't take Washington for both games little short of a miracle can prevent the latter from winning the title. Its record so far is perfect—six straight victories.

The University of Oregon quintet was hurtled even deeper in the cellar by two losses to Washington last week at Eugene, 31-24 and 25-26. Oregon's record also is perfect—six straight defeats.

Beginning of the annual hostilities between Oregon and Oregon State with one game at Corvallis may improve the former's record. Regardless of either team's position in the conference their games are always hard-fought, with the victory in the last basket or so.

NEW YORK, Jan. 26.—(AP)—Wrestling will score another sell-out at Madison Square Garden tonight when Jim London, recognized as heavyweight champion in some states, defends his title against Jim McMillen, former University of Illinois football player.

and how-down on the astonished cat. Thomas highlighted it away from there, vaulted into high grass and disappeared, according to the game protectors.

Again the tables were turned, for ordinarily the hunting house cat stalks pheasants and other birds, and according to conservationists throughout the United States takes an enormous toll of all small wild life.

DRIVER KILLED. THREE INJURED IN AUTO RACES

American Legion Speedway In Los Angeles Scene Of Four-Car Mix-up When Auto Skids.

LOS ANGELES, Jan. 26.—(AP)—Thundering into a turn at 75 miles an hour, four cars piled up at the American Legion Speedway here yesterday, killing one driver and injuring three, one of them seriously.

George Young, Milwaukee, Wis. speedster, was killed, while Curbey Grandel, Glendale, Cal., was seriously injured. Arvid Brunner, Whittier, Cal., and Lester Spangler, Los Angeles were the other victims.

The accident came on the 29th round of the 100 lap feature event over the five-eighths of a mile track. Spangler was fourth in the race at the time. His car skidded about, kicking up a cloud of dust, but remaining upright. Young was unable to stop. His car struck Spangler's wheel and the fence on the upper side of the track, where it remained poised atop the uppermost board.

Brunner and Grandel also shot into the dust cloud. Grandel's car

went through the rail and rolled down a 25-foot embankment. Brunner's was wrecked, but remained on the track.

MEDFORD QUINT SEES PROSPECT STATE LAURELS

Victory Over Shasta Proves Mettle Of Local Cagers—Grants Pass Should Be Easy.

Medford high school basketball squad, by its victory over Mt. Shasta union high Saturday night loomed as a state championship contender, started drill this afternoon for a conference game next Friday night at the armory with Grants Pass, Klamath Falls and Ashland play at Ashland Thursday night.

The locals should experience little difficulty in defeating Grants Pass unless over-confidence invades their ranks.

The defeat of Mt. Shasta, recognized as one of the strongest teams in northern California, was a bitter pill for the losers and was their first defeat outside of tournament competition in three years. Medford won largely through the all-around stellar performance of Old Hatcher—last of the Hutches boys—ably assisted by Caldwell, center, and Ivan Harrington, playing his last high school game.

did not play up to snuff and the Californians closed by the game. The third quarter was a rough and hard fought period. Superior physical condition of the locals stood them well in hand and when the final period whistle sounded the teams were tied.

TALENT AND IRISH RENEW HOOP FEUD TUESDAY EVENING

Much interest is manifested in the games to be played at Talent Tuesday evening when the St. Mary's high school basketball teams invade this city.

Each team has a practice game to their credit as Talent won the first game 14 to 12, after an extra three minutes when the score was tied in the regular playing time.

In the return game in Medford Talent took the short end of the score 38 to 8.

A strong contender as they have not lost a conference game and won three so far this season. Both Talent and St. Mary's are hard fighting teams, both showing aggressiveness and defensive ability.

REISELT LEADING CUSHION TOURNEY

CHICAGO, Jan. 26.—(AP) Otto Reiselt, fiery temper artist from Philadelphia, held undisputed possession of first place today in the hard tussle for the world's three cushion billiard championship with the only perfect record in the week-old tournament.

The Philadelphia, who lost the title in 1928, hoisted into exclusive possession of the leadership yesterday on the strength of four victories as two Chicagoans, Allen Hall and Arthur Thurnblad, received their first setbacks.

Reiselt meets Hall in the feature match tonight.

Gentlemen:—
Spit is one of the words which we have learned to avoid in polite parlance. But in our distaste for the use of an unpleasant word, there is a likelihood of minimizing the dangers of contamination which this word connotes.

I am, therefore, gratified to see you openly using the word spit in your advertising of cigars.

The ever-present possibility of infection from heedless spitting habits is most vital in any consideration of health maintenance. You may, of course, publish this letter if it will help.

Yours very truly,
