MANN'S TO GIVE FASHION REVUE ON WEDNESDAY

Straw hats rough. Straw hats shiny and smooth. Straw hats atop blondes and brunettes will be shown at Madame Catherine Pottoff's Fashion Revue to be featured tomorrow afternoon, Wednesday, from 2:30 to 5 o'clock, on the second floor of Mann's Department store.

Eight models will display correct styles and colors to wear with newest Spring apparel from Mann's store. Corsages will be presented to customers at the millinery department during the afternoon.

The rakish Watteau silhouette which is so much talked of takes its inspiration from the gay and daring impressions of the young painter. Hats tipped to show the hair, banded with flowers at one side, a single rose tucked under a one side drape, and plumes are interesting details pointed out by Madame Pottoff.

Women this season start with the hat instead of taking their inspiration from the ensemble and then finding a hat to complete the effect. Right now small hats are recommended to usher in the new season, but enormous capelines for summer and the beaches with seven and a half inch brims will be worn during the summer months.

Two-tone or two color hats will

be shown for spring tailored wear—bright colored trimming on black or navy blue hats; cherry and flame reds and emerald greens, registering strongly.

Among the Medford firms which will contribute to the success of the fashion promenade will be Brophy's Jewelry store, furnishing accessories of jewelry; Jampart's, showing sports equipment; the Bootery, furnishing new modes in feminine footwear; the Rogue Valley Floral company, decorating with spring flowers; the Palmor Music House loaning a radio for the afternoon and the Medford Beauty shop donating its services in making up the models.

A cordial invitation is extended to all women of Medford and southern Oregon to see the revue and hear Madame Pottoff's discussion of the style trend in hats and frocks for 1931.

JANUARY POOR IN COURT RECEIPTS

January is always a poor month in the financial receipts taken in by the city court, because that month is a light one in arrests for minor violation of laws and crime, but this year it was especially so.

There was only a total of 21 cases in the city court with but \$50 in fines imposed and collected, according to Judge Taylor's monthly report, divided as follows: three drunks, \$10 cash bail being forfeited in each; two traffic violations in each of which a \$10 fine was imposed; and six cases investigated but not docketed.

DRUNKEN DRIVING DRAWS FINES FOR LOCAL AUTOISTS

An echo of the public japes at Jacksonville last Saturday night, the first held since such dances were banned some time ago, was the \$25 fine imposed yesterday afternoon on Alex Tavis in Judge Taylor's court here for being drunk on a public highway, and the suspension of the driving license of Earl Woodridge for three months, along with a \$10 fine, for driving in a careless and imprudent manner.

It seems that the two young men with a young lady were enroute back to Medford from the Jacksonville dance at 2 p. m. Sunday when their car went off the Jacksonville highway into the ditch near the Bybee ranch and turned over twice. The young woman was injured and Tavis was badly scratched and bruised, but Woodridge escaped injury. Deputy Sheriff Paul Jennings, who witnessed the accident, then placed the men under arrest.

It developed in court at their trials that Tavis, who owned the car was so badly intoxicated that he could not drive, and that Woodridge, who did the driving, had been drinking but was not drunk. Nevertheless the car was driven on the wrong side of the road and just on the edge of the ditch on that side, for some distance before it went into the ditch and overturned.

POSTAL RECEIPTS HERE SHOW GAIN

This upward progress of Medford is running true to form despite the depressed situation elsewhere, is evidenced by the fact that the January financial receipts of the postoffice, sale of stamps, etc., showed a ten and three-tenths per cent gain over those of January a year ago.

Last month's receipts were \$7,496.76, as against \$6,794.53 for January, 1930, a gain of \$702.23. This increase is practically the same ratio of gain that the receipts of January, 1930, showed over the receipts of January, 1929.

Still another indication of the city's progress is that Postmaster Warner has just placed an additional auto-clerk on part time duty at the postoffice because the steady increase of business warranted it. Wm. S. Row, who stood highest on the civil service list, receiving the appointment.
