A decision, rendered by the Italian king, Emanuel, in favor of France, against Mexico, may promote better Italian-French feeling.

It is a low rock, not able to support human life. But it has a lagoon in the center, and IN WAR, IT MIGHT BE IMPORTANT AS A BASE FOR SEAPLANES.

France knows what flying will mean in the next war, and neglects nothing connected with it. That is more than you can say for the United States, which doesn't know what flying will mean, and neglects many things connected with it.

"Joe the Baker," known to his mother and early friends as Joseph Catania, is dead. With his mouth shut tight, refusing to tell who shot him, he struggled against a flock of machine gun bullets and succumbed, eliminated because he interfered with bootlegging in the territory of "Dutch" Schultz, the "Bronx bear baron."

Thus far, not one of many gangsters shot down has told police who killed him, although a majority of them knew. Perhaps they thought they would not die.

"Joe the Baker" was one of the New York gangsters that had the honor of entertaining a distinguished New York judge at a welcome home dinner.

Gandhi tells 100,000 listeners that victory for his "Holy Crusade" to free India, is "written in the skies if we follow the path of truth and non-violence."

Few victories have been won by non-violence. In fact, no action ever won freedom except by fighting for it.

In the opinion of at least 200,000,000 Hindus, a successful "Holy Crusade" should include the right to restore child marriage, without restriction.

TAXPAYERS OF OREGON IN REVOLT

Solons Reveal Willamette Valley Residents Planning Move Against Payment of Property Taxes—State-Wide Move Looms.

SALEM, Feb. 5.—(AP)—With agreements being signed and meetings called in central Willamette valley counties, Oregon taxpayers are in rebellion against the payment of property taxes.

"Things are going on in Oregon that you may not be aware of," Senator Burke said to a group of attorneys who were discussing intangibles taxes.

Group Starts Talk. The argument started over the appearance of Representative Allan Hynon of Multnomah county, chair of the Portland chamber of commerce.

Should Keep Faith. Hynon insisted that it was imperative that the state keep good faith with the people who paid.

Bills Questioned. Bailey said he did not think either of the intangibles tax bills that have been introduced were constitutional.
