

# CONFAB OF FRUIT MEN IS FAVORED

### Meeting in Portland for Discussion Northwest Canners' and Growers' Problems Endorsed by Traffic Assn. Members.

Sentiment for the calling of a meeting in Portland this month, for an informal discussion with northwest canners and growers, of the economic and marketing problems confronting the pear industry of Oregon and Washington, was expressed at the regular meeting of the Rogue River Traffic association this noon.

The Wenatchee and Yakima districts of Washington and the Hood River district of Oregon have endorsed the plan.

Regarding this valley as the pear growing center of the northwest, it is probable that the meeting will be called through the Pacific Growers Council, David H. Rosenberg, president.

The meeting in no sense will be for price-fixing, but called for the purpose of a frank and free discussion of the 1931 situation.

# Lose Fat Safely and Quickly

Kruschen Salts—(a perfect combination of the six mineral salts your body should have to function properly) purify your blood of harmful acids, and aid the kidneys and bowels to throw off waste material—the continual formation of which is probably the cause of your fat.

In this modern age of living, it's impossible to get those salts from the fancy foods you eat—but don't worry just as long as you have Kruschen Salts.

Take a half teaspoon every morning before breakfast in a glass of hot water—little by little that ugly fat disappears, you'll feel better than ever before—years younger, more energy. You'll soon possess that enviable beauty, clear skin, sparkling eyes, superb figure which only perfect health can impart.

An 8 1/2 bottle (lasts 4 weeks) at Jarmin & Woods and Health's Drug Store or any progressive druggist in America. Money back if Kruschen doesn't convince you that it is the safest, quickest, easiest way to lose fat.

A Hartford woman writes, "I'll tell the world Kruschen Salts is wonderful stuff to reduce." An Ohio woman lost 10 pounds with one bottle.

canners had offered, "what afterwards turned out to be an excellent price for local pears, but were turned down."

**Refer Fathers Move**  
Raymond R. Reter, sponsor of the round table plan, said that the proposed meeting be informal and not binding, and if any good came from the conference, fine; and if nothing planned out, no harm was done.

Frank M. Sweet, president of the California Pear association, whose advice was sought, urged its adoption on the grounds "that the pear growers of the Pacific coast must do something, for if they continue to send 'peewee' pears to the canneries and the markets, they will continue to get '41 ink.'"

He cited how the orange growers of California, despite a shrinkage of \$23,000,000 in their receipts last year, were planning on increasing their advertising appropriations the coming year.

He held that the pear growers and shippers of the Northwest could draw a lesson from this. Sweet, in his letter said that a start had been made in California towards eliminating culls and small-sized pears from markets and canneries and noted a better spirit of cooperation between growers, canners and shippers. Increase in the quality and a decrease in the quantity was the theme of his argument.

The main objective of the meeting will be to secure a stabilization of the canner prices for pears, though a better understanding of the problems of all.

The New York Pear committee reported it would place 57 cars of D'Anjou on the New York market this week, and 2143 cars of pears were now in storage in the land.

# FREE ADVICE FOR INCOME TAXPAYER

Local income taxpayers are taking their turns daily on the second floor of the federal building in consulting the deputy internal revenue officers detailed on this duty.

as to puzzling features they encounter in making out their income taxes for the 1930 filing, and this free expert advice will continue to be given this month to all comers until February 12, and again during the period from February 26 to March 16, inclusive.

Deputies will also be stationed in Ashland to help the citizens of that community in preparing their income tax returns, from February 23 to February 25, inclusive.

# Gold Bonders Will Meet At Craterian

Arrangements are complete for a rollicking good time for every boy and girl who attends the first big meeting of the Gold Bond club at the Fox Craterian Theater Saturday afternoon before the regular Saturday afternoon matinee.

Every one who attends the meeting and stays for the matinee will see one of the mightiest historical dramas ever photographed, as well as an excellent Hal Roach "Our Gang" comedy, "The Great Meadow" sends its audiences forth with a better understanding of early American history, and the hardships those sturdy pioneers surmounted.

This picture portrays human life in the rough as it was lived and endured by those early settlers of Vermont and Kentucky.

Every boy and girl who sees this picture will have a better understanding about the people they read about in American history. Everything in this mighty feature, from the costumes to the spoken drama, correctly portrays the days of 1775, which it so accurately presents.

# Farm Women Will Gain Hints at Local Meeting

Madge J. Reese, above; right, Paul V. Maris; left, Mabel C. Mack.

Subjects of special interest to all farm homemakers of the Rogue River valley will be discussed tomorrow and Saturday at the Jackson County Homemakers' conference to be held at the First Christian church.

One of the most important questions to be considered by the home management division, which will be led by Mrs. Carl Glasgow, will be "What systems of water supply are feasible for Jackson county farm homes?" Surveys made throughout the county prior to formulating conference plans revealed that 59 per cent of the farm people who reported have cold running water in their homes, and 82 per cent hot water. Fifty-seven per cent reported both rooms, 88 per cent sinks, but only 74 per cent drain boards.

"What should a homemaker know about kitchen equipment in order to buy economically?" is another question which will be discussed by the home management group. The survey showed that 68 per cent of the farm homes of Jackson county, from which reports were received have electric washing machines and 48 per cent cook with electricity.

Great interest has also been expressed by Jackson county homemakers in clothing problems. And some of the questions which will be considered by the clothing group tomorrow will be, "Under what conditions is it economy to make men's shirts and pajamas, children's clothing and women's aprons and dresses at home?" and "Is dry cleaning at home an economical practice?" Mrs. J. L. Edwards will preside at the meeting of this group. Cost was found through the survey to be the greatest clothing problem of local farm women with riting and remodeling second.

Methods of lowering costs through skilled selection will be presented this group. While only 14 people who responded to the survey were found to have electric sewing machines, 46 per cent had electric irons.

A question of great importance to all families will be brought up in the foods and nutrition division. It is, "In what way can the cost of the care of teeth be reduced?"

The survey showed that 40 per cent of the people have defective teeth and frequent colds, which might easily be attributed to nutrition troubles. Mrs. J. R. McCracken will lead the discussion in this group and another question to be given much consideration will be, "Under what conditions should the year's need for vegetables be supplied by the home garden?"

Mrs. Effie Birdseye is chairman of the cost of living group and will lead the discussion of such questions as: "What are economical forms of recreation for Jackson county farm families?" and "How do simple household records aid farm families in making a wise division of their income?"

Only three women reporting in the survey made last month keep home accounts in full. Many more keep partial records.

Farm home experts from Washington, D. C. and Oregon State college are in this city to carry on the work of the conference and address the various gatherings. Among them are Madge J. Reese, field agent in home demonstration and club work for the western states in the extension service of the United States department of agriculture; Paul V. Maris, director of extension service; Charbel Nye, state leader of home economics extension; A. Grace Johnson, professor of household administration; Lucy A. Case, nutrition specialist; Zelva V. Redenwald, home management specialist; and Mabel C. Mack, home demonstration agent for this county, and R. G. Fowler, agricultural agent.

What we need now is not only optimism but also hope—American Lutherans.

# RING CARD AND FEED FOR VETS MONDAY NIGHT

There will be a very interesting meeting of the American Legion hold at the Armory Monday evening, Jan. 30th. After a short business meeting the committee in charge of the evening will present a very interesting athletic card, one of the features of which will be a fifteen minute exhibition and lecture by Frenchy Levitt. This exhibition will include breaking of one-half inch ropes, blowing up and breaking heavy duty automobile inner tubes, the Roman bridge of two men, and bridging neck test using 200 pound bar bell.

Following this exhibition Mr. Levitt agrees to throw Big Boy Rutter of Gold Hill, two falls in one hour. Levitt weighs 200 pounds and Rutter 255 pounds.

There will follow four four-round boxing matches arranged through the courtesy of Captain C.

Y. Tengwald of the National Guard. These matches are arranged from the personnel of the guard and are as follows: Merle Hans, weight 170 pounds vs. Dallas Grove, 172 pounds; Al James, 125 pounds vs. Lannell, 121 pounds; Verne Newton, 145 pounds vs. Fred James, 140 pounds; Clyde Fiehrner, 165 pounds vs. Burel Brown, 160 pounds.

All ex-service men and legion men are invited. Invitations also have been sent to the members of the Spanish War Veterans, and the Civil War Veterans. The evening will close with a big feed put on by a number of the members of the legion.

# HIGH DELEGATES WILL ATTEND O. S. C. CLASS

Delegates have been selected by officials at the senior high school to attend the annual Oregon State conference, to be held in Corvallis February 13 and 14.

Medford high school will be represented by Doris Bundy, Marjorie Marshall, Loren Schel, and Victor Noel. They will leave Medford Thursday morning with Miss Maurine Carroll.

# MEDFORD KIWANIS HAVE OBJECTIVES FOR COMING YEAR

The Kiwanis club of Medford was asked today by Raymond M. Crossman of Omaha, president of Kiwanis International, to localize the five social objectives of the service organization in the community, thereby joining the 1,870 other clubs in the United States and Canada in the civic betterment and general welfare work.

The five objectives to be stressed during 1931 are: Assistance to under-privileged children, promoting intelligent citizenship and at the same time stressing character education, promoting the principles of high business and profession standards, bringing into closer contact the people of the town and country areas, and providing vocational guidance for students.

"Our club has been doing considerable work and we are happy
