

RACE BETTING REVIVAL SEEN AS FAIR BOON

Jackson County Association Not Working for Proposed Legislation — Tentative Dates Not Affirmed.

While the dates for the annual Jackson county fair have not yet been chosen but will probably be selected within a month by the Jackson County Fair association...

At the meeting of the Oregon District Fair association held last month at Portland, and which was not attended by H. G. Fowler, Jackson county fair association secretary, tentative dates for the Jackson county fair were set by that body for September 14-15.

The tentative bills to provide for horse racing under the pari-mutuel betting plan, are backed by horsemen of Portland, Gresham and Salem for presentation in the legislature, and so far as can be ascertained the local fair association nor other Jackson county men interested in horse racing have anything to do with the venture...

However, the members of the local fair association and others interested in the success of the fair believe that it would provide better race meets for county fairs. Secretary Fowler, for one, holds that such a bill to legalize horse race betting will not be passed, but says if it did pass it would put new life and interest in the county fair.

Forty-nine of Kansas' 105 counties are named for men who saw service in United States military forces.

Miss Meier's Betrothal Interests Local Groups

Many members of the local church society read with interest the announcement in Sunday's Oregonian of the betrothal of Miss Laura Virginia Meier, daughter of Samuel Meier, of Portland, to Frank Burchard.

Miss Meier is a niece of Mrs. Robert Washburn, who formerly made her home in the Table Rock district on the ranch now owned by Captain and Mrs. Sholly Smith.

Miss Meier spent many summers in the Rogue River valley at her father's country place and later as guest of her aunt. She was known then, as now, for her fondness for riding and other sports.

This announcement in Sunday's Oregonian reads: "At a tea last Sunday afternoon for which Miss Laura Virginia Meier was hostess, complimenting Miss Montgomery, whose marriage to William L. Brewster Jr. was an event of Wednesday night, the engagement of Miss Meier and Frank Burchard was announced."

Miss Meier is the daughter of Samuel Meier, a member of the on old pioneer family. She is a member of the Junior league, is fond of riding and is a winter sport enthusiast.

Mr. Burchard, who has been in Portland for several years, is the son of Mr. and Mrs. A. S. Burchard, of Beverly Hills, Cal. He is the nephew of Mr. and Mrs. R. P. Burchard of Victoria, B. C.

The wedding will probably be an event of the spring.

UNIFORM FLAVOR IN COFFEE DEPENDS UPON THE ROASTING

Hills Bros. Insure Uniformity by Their Patented, Continuous Process

Coffee experts agree that blend alone, regardless of quality, will not produce a perfect cup of coffee. In the roasting of the blend lies the secret of perfect flavor.

The common method of roasting coffee in bulk falls short in developing flavor, because it is not possible to roast every berry evenly. Realizing this, Hills Bros., after years of experimenting, discovered and patented a continuous process of roasting coffee a little at a time.

Control is the watchword of this process. The quantity of coffee passing into the roaster does not vary. The speed of operation and temperature remain the same with the result that Hills Bros. Coffee is absolutely uniform. This process, fittingly called "Controlled Roasting," gives a flavor in the cup that no other coffee has.
