

BOY SCOUTS OF CRATER AREA IN CONSOLIDATION

Jackson, Josephine and Klamath Counties Under One Administration As Economy Move.

At a recent meeting of representatives from the Crater Lake area of the Boy Scouts of America, covering Jackson and Josephine counties, and from the Klamath area, covering Klamath county, it was unanimously decided to consolidate the two areas into one to be known as the Crater Lake Area. This consolidation is in accord with the suggestion made several times recently by the regional office of the Boy Scouts of America and with that of the Scout executive of each of the two areas mentioned, and has been under consideration at various times in the past few years.

The interests of the Crater Lake Area and the Klamath Area became more closely knit when the summer camp ground of each was established at Lake of the Woods. It has already been improved to accommodate all the Scouts from both areas, a joint camp having been conducted there last summer.

The consolidation, by avoiding duplication of effort and expense, will enable the scout movement in this area to be conducted more economically than in the past and will make possible a much better service to the Boy Scouts in the area.

W. F. Lamm, president of the Lamm Lumber Co. of Klamath county, has been elected president of the new organization, while the following additional officers have been chosen:

First vice president, LARRY SCHADE, Medford; Second vice president, J. H. HARKER, Ashland; Third vice president, JAMES M. THURTELL, Grants Pass; Scout executive, O. E. HOOPER, Klamath Falls; Scout commissioner, WALTER JONES, Medford; Chairman of the court of honor, R. C. GROESBECK, Klamath Falls; Finance officer, HAMILTON PATTON, Medford; Chairman of the camping committee, G. A. KRANSE, Klamath Falls.

Headquarters for the organization will be at Medford with an office conducted by a part time secretary in Klamath Falls. The executive will spend a portion of his time each month in Klamath county.

Under the new plan, Scout Executive Hoover of Klamath Falls will make his home in Medford and Wm. Leo Harker, present Crater Lake council executive who has been in charge here for considerable time, will assume other duties, announcement of which will be made Feb. 16.

GAME COMMISSION REVAMPS CLOSING RULES ON FISHING

PORTLAND, Feb. 10.—(AP)—Wiping the slate clean of all previous closing orders, the state game commission today set about to reorganize its records and clear up a jumble of orders closing and opening streams and lakes in the state to fishing.

But no sooner had the ban been lifted than new ones were imposed. These included closing of Black lake and Van Patton lake in Baker county to angling between Oct. 12 and April 15; closing of East lake, Paulina lake, Lava lake, Little Lava lake and Sparks lake from Sept. 20 to April 12; and closing the bass fishing season from April 15 to July 1 in Tahlequith, Siltcoos, Washink and Collard lakes.

BON MUIR TAKES TWO FALLS FROM DONOVAN

LA GRANDE, Feb. 10.—(AP)—Bon Muir, a 211 lb heavyweight wrestler, defeated Wild Bill Donovan of Los Angeles in two out of three falls here last night. Muir took the falls on a flying headlock and a flying tackle. The match was one of the roughest this season.

LOMSKI AND MANLEY GO CALLED 'NATURAL'

PORTLAND, Ore., Feb. 10.—(AP) Whatistic fans believe to be a "natural" will be seen here tonight when Leo Lomski, Aberdeen light heavyweight, and George Manley, former Denver locomotive engineer, meet in a 15-round main event. Seldom has a boxing match promised more thrills. In Manley, Lomski will meet a combination of both clever boxer and puncher. In his only start here, Manley lost a very close decision to Charley Belanger, Winnipeg.

To Improve Airport
DENVER.—Contemplated improvements at the local airport include a hangar, "dope" shop, machine shop and garage. The field has been in use only a year, but increased commercial aviation activities necessitate the additions.

10:30 to 10:45—Dancing Strings; Land of Dreams, UBC.

WOMAN SLAIN BY CHICAGO HOLDUPS

ST. LOUIS, Feb. 10.—(AP)—Two women were shot to death early today as three gunmen shot up a North Taylor avenue saloon. The dead were identified as Bessie Lyman, 30, and Dorothy Evans, 37. William Goebel, said by police to be a brother of the late Dewey Goebel, notorious gangster who was slain several months ago, was wounded critically and was expected to die.

Police immediately started a roundup of suspects, and within a few minutes four were in jail for questioning.

GRANTS PASS BOY DIES IN PORTLAND

PORTLAND, Ore., Feb. 10.—(AP)—Jack M. Blanchard, 20, Grants Pass, Ore., died at a hospital here Sunday after a week's illness. He was a student at the University of Oregon. His parents, Mr. and Mrs. O. S. Blanchard, Grants Pass, and a sister, Mrs. Elizabeth Mearns, Santa Rosa, Cal., survive. The body will be sent to Grants Pass for burial.

DEFECTS SEEN IN SCHEME FOR CONSTABULARY

Traffic Officers Say Efficiency of Department Endangered by Governor Meier's Plan.

The bill introduced in the state senate, providing for establishment of a state constabulary and eliminating the present traffic, game, fire marshal's and prohibition offices, is not meeting with general approval in southern Oregon, local state officers report.

Traffic officers say the efficiency of every department would be damaged by the establishment of such organization. Under the present system, officers are specialized in their different lines, but in the event of the state police, each officer would have to be a "jack of all trades and master of none," they point out. In case of an auto wreck a state policeman might arrive who never had any traffic experience and might have had experience only as a prohibition agent. Opponents of the measure point out this would not add to the efficiency of the state police organization.

Meier Would Be "King."
It is also claimed the proposed organization would result in the governor of the state becoming "king of all the surveys." No state officer could make a move without his approval and the constabulary would be mired in politics. The superintendent of police, an appointive office, would be a political plum held out to zealous office-seekers of political aid to the state executive, the opponents of the bill further claim.

Regulations for accepting members of the proposed state police force are said to be harsh and would work a hardship on many of the present officers on duty in their different departments.

Present Men Efficient.
In the case of the traffic department, there are officers who have been on duty for sometime and are regarded as efficient in every detail. Quite a number of them are ex-service men and some suffered partial disability in the World war. While they are physically able to fulfill their duties under the present system, the state police plan would exclude these men, because of such disabilities, opponents of the move say.

The game department would also suffer and the entire state law enforcement organization would not recover from the change for years, according to local officers who have given the matter careful study. They urge southern Oregon residents to write local and state legislators to take definite action against the move.

JACKSONVILLE CLUB ADDS NEW MEMBERS

JACKSONVILLE, Ore., Feb. 10.—(SPL.)—Jacksonville Gun club held regular shooting contest Sunday morning at 10:30 on the Vivian Park property.

Fifteen members were out to enjoy the sport. This is proving a favorite pastime and at each match new members are added. W. H. Clark and Dan Shuss made the best scores Sunday.

POLICE CHIEF OF CORVALLIS UNDER CLOUD

Indictment Charges Malfeasance and Negligence As Result Probe of Crime Conditions.

CORVALLIS, Ore., Feb. 10.—(AP)—Henry N. Robinson, chief of police of Corvallis, was under indictment today for alleged malfeasance and negligence in office. A county grand jury found what it termed a "deplorable" lack of cooperation in the police department and the county sheriff's office and returned the indictment late yesterday.

Robinson, at liberty on his own recognizance, was instructed to appear in court Feb. 21 to plead to the charges.

The special grand jury investigation of conditions in Benton county was ordered following the William Henderson murder trial here last month.

Election Blamed
Election of the chief of police, the grand jury report said, probably is the cause of objectionable conditions in Corvallis. The report recommended the chief be appointed by the mayor, approved by the council, and held responsible to the mayor and council.

A paragraph from the report said: "Our investigation has impelled us to the conviction that the present chief of police, due primarily perhaps to a desire to retaliate favor, has overlooked, if not directly connived at, violations of liquor and gambling laws. As a result the local officers deemed it inadvisable to confide in this officer in respect to suspected violations of laws and consequently raids were made without his cooperation and whenever possible without his knowledge."

JEWELERS SHOW LARGEST STRAP WATCHES HERE

The largest strap watch in the world, now being shown in the window of Brophy's and Larry Schade's is a most unusual display. It is a replica, many times enlarged, of the Illinois "Beau Brummel" strap watch.

The Statue of Liberty would find it quite a comfortable fit—and an accurate timekeeper also, for one of the amazing features about this large watch is that it keeps accurate time.

It is driven by an electric clock movement, whose tiny motor regularly winds the spring to a constant tension. The Illinois escapement provides the accurate time keeping mechanism which gives the big "Beau Brummel" the precision of a chronometer.

Besides being a very unique window display, this large Illinois watch model is an example of the perfection to which modern watchmaking has attained.

HEAD OF LEGION IRKS OKLAHOMAN

OKLAHOMA CITY, Feb. 10.—(AP)—Moody Nicholson, commander of the Oklahoma American Legion, said today he had telegraphed Ralph T. O'Neil, legion national commander, asking that he resign if legion officials speaking at Boston represented him correctly in stating payment of adjusted compensation certificates was not part of the legion program.

The telegram also was signed by Raymond Fields, national executive committee man.

WHITE LABORERS STONE FILIPINO PEAR PICKERS

INDO, Cal., Feb. 10.—(AP)—A crowd of white laborers, angered at the importation of 15 Filipino harvesters yesterday and drove them from the city with rocks and sticks. Officers said they did not know where the Filipinos went but said none was hurt.

"I wish they were all like you!" says the school doctor. What he really means is, "I wish all boys had mothers like yours!" Stout heart, lusty lungs and sturdy frame all spring from a single source: food! And that, of course, is Mother's job. Wise, indeed, is the mother who has learned there is more to keeping children fit than keeping them "filled." For, says Science, it is essential not only to have foods that nourish but foods that *protect*. For instance—Carnation Wheat! Here is food-protection in creamy, flaky form! Delicious whole wheat hearts that not only yield quick energy for study and play but are rich in priceless vitamins... The Vitalizing Cereal!

The Vitalizing Cereal... hot

Plump, golden, sun-filled grains... steamed and rolled into creamy, wafer-thin flakes... Carnation Wheat brings to your breakfast bowl all the health-heart of the wheat with its precious vitamins; bran, the regulator; carbohydrates and fats for quick-to-use energy; proteins for bone and muscle; minerals for rosy cheeks and robust bodies!

Whole wheat hearts, Science now tells us, are the richest known source of Vitamins B and E and the best cereal source of Vitamin A. Mysterious, priceless, life-giving vitamins... always essential to good growth, good appetite, good health... doubly essential in winter when Nature calls for added food-protection. Your grocer has it!

ONE OF THE Carnation-Albers PRODUCTS

Others are: CARNATION MILK - CARNATION OATS (quick and regular) - ALBERS FLAPJACK - PEACOCK BUCKWHEAT - PEARLS OF WHEAT - INSTANT TAPIOCA - ALBERS CORNMEAL

CHICAGO PRINTERY IS TARGET OF BOMBERS

CHICAGO, Feb. 10.—(AP)—A dynamite bomb, exploding with terrific force, ripped a large hole in the foundation of the south side eight-story printing plant of the R. R. Donnelley & Sons last night, throwing 400 employees into a panic.

Leo Poppel, superintendent, estimated the damage at \$5,000. Windows from the first to the seventh floor, and in rooming houses on the opposite side of the street, were shattered. One employee was injured by broken glass.

AC Portland Developed
NEW YORK.—(AP) A portable receiver designed for use with AC current has been designed by New York engineers. It uses only two tubes, one a detector and the other the power supply. It weighs ten pounds. It is intended for head-phone reception, the only connection necessary being a plug to put into a light circuit.

U.S. Navy applies new Service Cost Test in choosing motor oil

Bans guesswork Awards CYCOL million-gallon contract

WHEN the Navy selected Cycol for its Pacific Fleet lubrication requirements, it banished guesswork buying for all time. Read how Cycol won a million gallon contract on its ability to deliver maximum lubrication at lowest service cost.

Smart buyers, the Navy. Smart buyers, too, are western motorists who are turning in increasing numbers to this motor oil that "protects the fleet that guards the Pacific."

They know that price alone means nothing. Only price, combined with the work an oil will do, can measure its value. Endurance, stamina, resistance to heat, lowest carbon, minimum maintenance cost—in these vital factors Cycol proves its superiority.

Yet Cycol's price is only 25c a quart. Stop at the red, green and cream station or garage for Cycol. Settle this motor oil question for all time.

Proved by Test for Service Cost
The world's finest motor oils were put through measured heat, friction and pressure tests for 100 hours on a specially-designed Navy bearing. Findings, when compared with prices quoted, gave Service Cost, and Cycol easily triumphed.

Here are results from tests at Avon refineries, following strictest U. S. Navy standards, proving Cycol's unquestioned supremacy.

U. S. Navy buys Cycol
World's finest motor oil purchased for Navy's Pacific fleet requirements on sea and land and in the air.
Marine Turbines, Motors and Dynamos, Rotary pumps, Diesel engines, Reduction gear turbines, Farm lighting outfits, Motor cars, trucks and launches, Air Compressors, Aircraft engines, High compression motor boat engines, Motorcycles, Tractors.

	1	2	3	1. Work Factor
Cycol	.89	\$1.00	\$1.12	1.12
Pennsylvania No. 1	.87	1.48	1.61	1.61
Pennsylvania No. 2	.85	1.40	1.65	1.65
Western No. 1	.80	1.00	1.25	1.25
Western No. 2	.79	1.00	1.27	1.27
Western No. 3	.62	1.00	1.61	1.61
Western No. 1	.50	.60	1.20	1.20
(No brand)	.50	.80	1.60	1.60

2. Price You Pay Per Gallon
3. Service Cost Per Gallon
Work factor is the quality rating assigned to the oil after 100-hour test.
