### NOW, WIFE ENJOYS FOODS THAT USED TO MAKE HER ILL

"For over five years it seemed like everything my wife enjoyed eating would disagree with her," says E. Murray, 706 State Ave., Kansas City, Kansas. "She would suffer from indigestion until the gas would crowd her heart."

"We tried a lot of things for her trouble, some of which relieved the gas temporarily but upset her stomach. She did not get any real help until a friend persuaded me to get her some Pape's Diapepsin. Now she eats anything—fried things, onions, pastry, foods that used to make her ill. If she feels the least discomfort a tablet or two of Pape's Diapepsin makes her comfortable in a minute."

"When thousands like Mr. Murray are coming right out in public to praise Pape's Diapepsin, there seems no reason to doubt that it does what is claimed for it to help people who suffer from acid-dyspepsia, and the heartburn, gas, nausea, belching, headaches, dizziness, etc., caused by this common ailment. But those who wish further proof before buying may easily have it. The makers agree to send anyone a trial package absolutely FREE. Just write 'Pape's Diapepsin,' Wheeling, W. Va."

WASHINGTON, Feb. 11.—(AP)—Ossie Blough, third baseman of the Washington American league team, doesn't mind noise in the stands back of him, but when it comes to his own home, that's another matter.

He has brought suit against the District of Columbia to prevent erection of a school across the way. The noise, would ruin his home life, says Blough.

### SOCIETY SIPS TEA AS FIGHTERS SOCK IN MIAMI SOIREE

MIAMI, Fla., Feb. 11.—(AP)—What would John L. Sullivan, whose speech was as ferocious as his looks and who pounded his way to pugilistic glory with bare fists in mid-west corn fields in defiance of law and order, say to this?

The metamorphosis of cauliflower into wall flowers has been completed here. A boxing bout was staged last night in an open air patio exclusive to millionaires, their debutante daughters and grand dame aunts.

It was the first fight ever put on by a society club in this many playground and members and guests from points along Florida's golf coast sat at tables trying to defeat Johnny Nebo of Key West, watch Ice Merritt of Lake Worth, in ten rounds.

An orchestra played between stanzas by the accompaniment of stirring tea. "Hot dogs" were served.

### FOUL BY FREBERG COSTS VICTORY IN SPOKANE GRAPPLE

SPOKANE, Wash., Feb. 11.—(AP)—Charlie Hansen, Seattle, lying flat on his back, was declared winner on a foul from John Freberg, Chicago, in the sixth round of their wrestling match here last night. Hansen weighed 198 and Freberg 232.

After winning the first fall by an airplane spin the fourth round, Freberg was well on his way to a second in the sixth. He rammed Hansen, head-on, sending the latter sprawling outside the ropes. Hansen apparently was in agony, and Referee Al Warsnaski waved Freberg aside.

Instead, Freberg waited until Hansen was helped back into the ring, pushed Warsnaski aside and pounced upon the prostrate man. He swung Hansen high over his head and threw him across the ring. Hansen did not move before the referee raised his hand in victory. The decision apparently pleased the crowd, who had booed Freberg lustily.

### BASEBALL PLAYER WANTS HIS REST

WASHINGTON, Feb. 11.—(AP)—Ossie Blough, third baseman of the Washington American league team, doesn't mind noise in the stands back of him, but when it comes to his own home, that's another matter.

PULLMAN, Wash., Oct. 11.—(AP)—In another sensational hard fought battle, Washington State again came out on the long end of a 35 to 32 score over Oregon here last night in the final game of their basketball season.

The first half was tight with the Cougars leading 11 to 10. Oregon was determined in the second half and quickly jumped into a good lead, running up a 39 to 18 advantage at the end of the third quarter. The Staters then broke loose with a brilliant scoring rally by McLarny, Peseo and Holsten. Gordon, King, the score 39 to 30 with but two minutes to go. While for the Cougars sank a field goal and followed with a free throw. Keenan, Oregon sub, rushed in and tossed a long shot that brought his team within a point of their opponents. ### LOMSKI IN DRAW WITH RANGY BOY FROM COLORADO

PORTLAND, Ore., Feb. 11.—(AP)—Portland's municipal auditorium was filled to capacity last night to see Leo Lomski, Aberdeen, Wash., light heavyweight, and George Manley, former Denver locomotive engineer, put on one of the best exhibitions of fistfights seen here. It was declared a draw, because the judges and referee could not agree. One decision was for Manley, one for Lomski and one a draw.

Lomski, working under a big handicap against Manley's long reach, never faltered, although Manley took the play from him in the early rounds.

From the sixth round on, it was pretty even. Lomski's right hand body blows told on Manley. It was a great fight between two of the best light heavyweights in the business, and the decision hurt nobody. Lomski outwitted Manley 130 to 174, but Manley had a decided advantage in height and reach.

Friezo McGale, Seattle middleweight, took a six-round decision from Swedish Nelson, Vermonia, in the semi-windup. Art Mayer, Portland heavyweight, won over Harry Nathan, Portland, in another six-round affair.

Al Strain, Portland middleweight, it knocked out Lee York, Oregon City, in the second round of a four-round affair. Roy Ockley, Butte lightweight, gained a decision over Pat O'Day, Portland, after four fast rounds.

The house drew an even \$1000 gate.

Astoria—Construction will start at once on main mill of St. Mary's hospital, at cost of \$250,000.

# TOBACCO CAPITAL VOTES OLD GOLD BEST

**RIPLEY** CREATORS OF "BELIEVE IT OR NOT" PROVES IT

**RICHMOND AWARDS O.G. BIG VICTORY OVER RIVAL BRANDS**

I went down to Richmond, Virginia, the other day. Richmond, one of the nation's capitals in tobacco products, where they know tobacco like Detroit knows motor cars.

I gave 904 Richmond smokers one each of the four leading cigarettes . . . with the names hidden by a black mask.

"Don't try to guess 'em, Richmond!" I said. "Just smoke 'em . . . and pick out the cigarette that tastes best."

It was the same old story. Again, O. G. rolled up a decisive majority vote. Chosen by the world's foremost tobacco town for its superior throat-ease and smoothness.

If that isn't a Supreme Court decision . . . what is?

The chief factor in the success of this process is the perfect control of the flow of coffee and of the heat. This insures an even roast such as the bulk method can never equal. The ultimate result is a matchless, uniform flavor in every pound.

In order to keep their delicious coffee fresh, Hills Bros. pack it in vacuum. Air, which destroys the flavor of coffee, is completely extracted from the can, and kept out by this process. Ordinary cans, even if air-tight, do not keep coffee fresh. Ask for Hills Bros. Coffee by name and look for the Araba—the trade-mark—on the can. Sold everywhere by grocers.
