

Local and Personal

The indications early this after-

noon were that quite a large number of Medford and valley residents would depart in this evening's train for Portland to spend the week end in Portland. The story not only being the low round trip fare, but the fact that Sunday and Monday are holidays. Quite a number took advantage of the low excursion rate by leaving on the Shasta this forenoon for the state metropolis.

Will Visit Parents Here

Baljit J. Balley will spend the week end visiting his parents, Mr. and Mrs. W. H. Balley, and grandmother, Mrs. Elizabeth Gravatte. This is his first trip home since leaving for Portland shortly after graduating from Oregon state college last June.

To Attend Klamath Game

Among the high school students who were excused today to attend the basketball game this evening in Klamath Falls were Orville Wilson, Adria Edwards, Pearl Edwards, Bill Chrysler, May Green, John Morris and Dorothy Paley.

Don't Miss these Double Specials

Tomorrow we will offer two values which will be of interest to every discriminating and economical housewife.

The father of our country, George Washington, whose birthday will be celebrated this week end, has been the inspiration for both of these items.

First we will offer a cookie which has long been a favorite of his native state and which you know you will like. The price on this item is also very attractive. Don't overlook them.

Virginia Nut Cookies

Spring Fever and Fresh Vegetables

And now comes spring, with Old Man Lethargy—otherwise known as spring fever. Troublesome fellow, this chap saps your vitality, kills ambition, plays hob in general unless you anticipate him with his worst enemy—fresh vegetables. And that's why we have anticipated him with the first full showing of fresh spring vegetables from every market. We want to head him off before that garden you planted needs hoeing and weeding. You know how it is—we plant with enthusiasm and take care of the garden with spring fever and a fish pole.

That's the best way we can illustrate spring fever—the best reason we can give for eating lots of vegetables and avoiding it.

Come in tomorrow—and build for health by starting the spring diet. Here is what you will find—
