

PROGRAMS TO AID GRANGES PLANNED IN CENTRAL POINT

Three programs suitable for use of Granges, women's club extensions and other organizations will be given at the Central Point Grange hall Wednesday between 10 a. m. and 3:30 p. m. by Mabel C. Mack, home demonstration agent, assisted by Zelta Felke Rodenwald, home management specialist of Oregon State college.

"Use Butter" and "Use Cheese" will be the subjects of the material to be presented by Mrs. Mack at the morning session. Roll call material will include 25 facts on butter and cheese.

A reading, "The King's Breakfast" is well suited to a program emphasizing the use of butter. A dialogue, "The Food Value of Dairy Products" presents sound information in an amusing way.

At the afternoon session, Mrs. Rodenwald will present a "Come Into the Kitchen" program. After a "Do You Know?" and "We Have Observed" roll call, the secret of the great arch will be presented by two women.

Musical selections will be presented at various times during the program by the "Kitchen Klangers." A kitchen band to be organized during the noon session.

A ten minute talk, "Does Your Kitchen Know the 4 C's?" (cleanliness, convenience, comfort and cheer) will be followed by a question box. The Kitchen Klangers and group singing will conclude the program.

The menu for the noon luncheon is as follows: Tamale pie, cabbage salad, bread and butter sandwiches, baked apple, whipped cream and milk. Each person attending is asked to bring one of the suggested dishes for the luncheon.

The general public is invited and each woman's organization of the county should be represented. Mrs. Mack stated this morning as matters of special importance to them will be brought up.

Lupe Velez Here

Lupe Velez

A superb drama of human souls lost in passion and redeemed in love—that is "Resurrection," presented last night at the Fox-Centurian theatre.

"Resurrection" which features John Bole and Lupe Velez, is a triumph in screen technique. Its dialogue and musical effects are vibrant with dramatic intensity; its photography is glamorous, photogenic; the adaptation is brilliant with romantic charm and poignant tragedy.

In "Going Wild"

Joe E. Brown in "Going Wild"

A new method of learning to fly has been discovered by Joe E. Brown, and you can see it demonstrated at the Holly theatre when Joe's picture, "Going Wild," opens tomorrow for a run of three days.

In one sequence of the picture Joe is a newspaper man who is mistaken for a famous author of an aeronautical story. He is practically forced by his deception into flying a plane in an air race. Of course he never had flown before, but it is up to him to pretend that he is a second Lindbergh, so he sets out to learn what he can about the controls.

He rises up a Murphy bed with

ropes in such a manner that he can sit at the foot with the handle of a vacuum cleaner as the "Joyce Stick," and an aviation book as his guide. He swings himself around into all of the necessary positions called for by stunt pilots. This is one of the many hilarity-provoking moments in "Going Wild."

Also on the program will be shown a fine selection of short subjects.

Talkie Hit Returns For Rialto Showing

One of the biggest hits of the past season, "The Gold Diggers of Broadway," returns to Medford and will be shown at the Fox Rialto theatre for three days, starting tomorrow.

Winnie Lightner enacts a tomboy role as one of the ancient adoring chorus girls, and Nick Lucas the "Crowning Troubadour." Peppy Ann Pennington, Conway Tearle and Lilyan Tashman are also featured.

"As 'The Gold Diggers' in its stage presentation, it scored one of the biggest hits in David Belasco's long life as a theatrical producer.

Constance Bennett Wins Holly Crowd

Achieving a personal and artistic triumph, Constance Bennett in "Sin Takes a Holiday," scored heavily on its first showing here at the Holly theatre yesterday. The unusual story and smashing climax, the massiveness of the production, beautiful and charming as it is, the artistry of the players, the wonderful displays of fashionable Parisian gowns, its drama and appeal, all serve to make this one of the finest talkies presented on the local screen lately.

This pleasing picture closes at the Holly with the last performance tonight. Also on the closing program is another of the multi-color reels of novelties of the world "Strange As It Seems," a Pathe news reel, and a Looney tune called "Box Car Blues."

Adolescent Child Subject, Meeting

The Berrydale Child Study club met at the Community house on North Riverside on Friday afternoon, February 13th. The topic for discussion was "As the Adolescent Sees It," based on the article in the February issue of "The Parent's Magazine."

Since our own youth great changes have taken place in our mode of living. We have now the automobile, radio and talkies. Therefore, the freedom of the past generation seems inadequate for the adolescents of today and they resent our trying to keep them to the former standards of living. The automobile has enlarged the social life of the younger generation and they do not feel bound by what their own community thinks of their actions.

The cost of higher education has risen in accordance with other things; hence the young folks feel the need of part time work to help with their expenses and some give up their education entirely for the sake of a steady income and more independence.

In spite of their seeming independence they really need sympathy and help in adjusting themselves to life, and their parents should make every effort to aid them, and try to get their viewpoint. There should be more personal confidences, family councils and family social life. Instead of antagonizing them by forbidding them their social pleasures, they should help them to choose their companions and their entertainment wisely.

It was decided to make a circulating library of those magazines on hand, so when anyone has finished reading the magazines, they will kindly bring them in and place them in the library so someone else can have the use of them.

The next meeting will be held on Friday, February 27, at 1:30 p. m. to give more time for sewing. So all come supplied with thimble and needle and spend a useful and interesting afternoon. Mrs. Staeg will give a report on the article, "The Overfed Parent," and Mrs. Kent on "The Social Life of the Baby."

Anyone interested is welcome to attend.

The concluding numbers will be selections by the boys' coterie of the Medford high school, directed by Miss Harriet Babbitt. Rev. Alexander George Bennett will read the benediction.

Tickets for the banquet may be purchased from any of the league members or from Mrs. W. W. Walker and Mrs. H. L. Van Der Mark. The proceeds will be used in entertaining the various societies in Oregon leagues when they meet here this spring for their annual convention.

USUAL METHOD OF ROASTING COFFEE MAKES FLAVOR VARY

But Controlled Roasting, Patented by Hills Bros., Prevents Variation

The elusive flavor of coffee is completely captured by a roasting process invented and used exclusively by Hills Bros.

This process roasts a few pounds at a time instead of in bulk. A constant stream of expertly blended coffees is introduced into the roaster in automatically measured lots, and passes through in a steady flow, roasting a little at a time. The speed of operation and temperature remain the same with the result that Hills Bros. Coffee is always uniform.

The common bulk method of roasting cannot develop the uniform flavor that Hills Bros.' patented, continuous process develops. For this reason, no other coffee has the same wonderful flavor of Hills Bros. Coffee.

Grocers everywhere sell Hills Bros. Coffee in the vacuum can which keeps it fresh always. Air, which destroys the flavor of coffee, is taken from this can and kept out. Coffee packed in ordinary cans, even if air-tight, does not stay fresh. Ask for Hills Bros. Coffee by name and look for the Arab—the trade-mark—on the can.

Hills Bros. Coffee, Inc., San Francisco, California.

G. Harding, regent of Crater Lake chapter welcomed the members of the other two chapters and introduced Mrs. D. V. Kuykendall, regent of Eulalia chapter, who responded. Mrs. Emil Piel regent of Mt. Ashland chapter was introduced next and made a short address. Mrs. Harding then introduced Mrs. Gordon McCracken, past state regent, who gave some interesting facts in regard to the memorial to pioneer mothers which the Oregon chapters are soon to dedicate at Champeeg.

At the close of the luncheon the usual opening exercises were led by Mrs. Harding, after which the meeting was turned over to Mrs. Piel.

Mrs. Bert Thomas of Klamath Falls accompanied by Miss Dillingham sang two solos and then Mrs. Piel introduced the speaker of the day, Irving Vining of Ashland. Mr. Vining congratulated the daughters of the American Revolution and especially those of Southern Oregon, reviewed the history of our United States, spoke of the Father of our country as still staunch, calm and majestic after all these years and urged all to show their respect by service to the state.

He outlined life as first a struggle for existence, then a struggle for a home, third, a struggle for abundance, fourth, a struggle for intelligence to appreciate this abundance and lastly a struggle to live this life so that we can satisfactorily face the next world.

Mrs. Bert Thomas then closed the program by singing two charming Scotch songs in costume.

Crater Lake chapter held a short business meeting later and voted Mrs. Van Valza into membership.

The date of the state meeting at Newburg in March conflicts with the regular date of the next meeting of Crater Lake chapter so the chapter voted to hold the March meeting on the 25th instead of the 21st.
