

# PERU PEACE GESTURE BY PRESIDENT

## Cerro Renounces Candidacy for Constitutional Presidency—Cancels Elections—Rebels Successful Only in Arequipa.

LIMA, Peru, Feb. 24.—(AP)—The Peruvian cruiser Bolognesi has sailed for Molendo to enforce the closing of that city which is the port for Arequipa, now in the hands of army insurgents.

The vessel left last night under orders from the ministry of the navy.

The newspaper La Prensa announced today that more than 400 former service men reported for army duty in Lima. The reserves were called out because of the revolt in southern Peru.

### Offers Olive Branch

Lieutenant Colonel Lodis M. Sanchez Cerro, provisional president, today tendered an olive branch to the insurgents who have occupied Arequipa, second city of the republic.

In a manifesto to the army he renounced his candidacy for the constitutional presidency of the country and then issued a decree cancelling the scheduled general elections and providing for election of members of a projected constituent assembly.

In the manifesto he asked the soldiers not to be received by "those who made commerce of politics."

### To Follow Promise

He promised that the principles outlined last summer when a revolution placed him in power would be carried out.

Meanwhile the provisional government is continuing enlistment of reserves for service in restoring order in southern Peru. Strict censorship is in force. Official announcements claim that only Arequipa had been affected by the military movement and that the attitude of civilians has forced the rebel armies to camp outside the bounds of the city.

# OKLAHOMA PLANS BIG QUILTING BEE

OKLAHOMA CITY.—(U.P.)—The "Quilt of Oklahoma" will be placed together at a quilting bee at the governor's mansion here next May.

Mrs. William H. Murray, wife of the governor, has announced plans to entertain at the bee, one woman, past 75 years old from each of Oklahoma's 77 counties.

It is planned that each woman shall make a quilt block. She will embroider her name, age and county on her block. In addition, she will write a brief history of her life on a sheet of paper. These sheets will be bound into a book to be known as the "Book of the Quilt." The book will be placed on a stand in front of the quilt which will be hung in the Oklahoma Historical building.

# LANGELL VALLEY AID SOUGHT IN MEMORIAL

SALEM, Feb. 24.—(AP)—Senator Jay U. Upton and Representatives Ralph Hamilton, Perry Delap and Arthur W. Schupp today introduced a senate memorial urging congress to take action to prevent the Langell valley irrigation district from becoming arid by drought conditions. Drought is said to threaten the area.

The district is part of a federal project.

### Bars "Dumping"

NANKING.—(AP)—Regulations against "dumping" of foreign goods in the China market as a means of protecting home industries have been drafted by the nationalist government. Goods shipped here to compete with articles made in China will have to pay a double duty.

# THOMPSON'S CIRCUS INVADES COUNCIL CHAMBERS

Scene in Chicago council chamber as team of cowpunchers entered to put on an exhibition for Mayor William H. Thompson and the aldermen. Note the mayor's expression of delight. Prior to Thompson's cavorty invasion of the council he was pelted with eggs at a campaign meeting by a heckler.

# LADY HERMIT OF COW CREEK GOES TO REST

ROSEBURG, Ore., Feb. 24.—(AP)—A cluster of withering daffodils and a fresh mound, otherwise unmarked, today denoted the passing of "the lady hermit of Cow Creek canyon." She was buried yesterday, without services. A woman of Glendale who knew the occupant of the grave by name only, marked the mound.

For more than 50 years Miss Edith M. Fuller, 74, lived a hermit's life in a lonely little cabin in an isolated section of Cow Creek canyon. In 30 years she made no more than five trips to Glendale, the nearest town, and in that time her other departures from her mountain home were for occasional visits to Roseburg or to Portland.

A daughter of pioneer parents, Jerry and Miriam Fuller, she was born in Corvallis in 1857. The family was among the first in Cow Creek valley, where they took up a mining claim near tunnel six.

# BOYS BATTLE SEA FOR THREE HOURS

SEATTLE, Wash., Feb. 24.—(AP)—Although suffering from shock and exhaustion, five Seattle boys who battled for three hours in Elliott bay after their skiff capsized, were at their homes today with no serious after effects from the experience.

The boys, George Jones, 17; Richard Henry, 16; William O'Neill, 15; Robert Michelberry, 15; and Earl Smith, 16, started out yesterday in a skiff. Waves overturned the craft. They had been in the water three hours when a tug found them clinging feebly to the overturned boat.

free from ambiguity, and that there was no room for the construction adopted by Judge Clark.

### Unanimous Ruling

It insisted that no limitation had been placed on the discretion of congress in deciding which mode of ratification should be adopted. The court's decision was unanimous.

The decision was delivered by Justice Roberts before a crowded court room. He stated congress was granted complete jurisdiction to decide the mode of ratification and that it had the right to refer the amendment to legislatures for ratification.

Roberts said contention had been made by attorneys upholding the Clark decision that the 18th amendment took power from the people which no other amendment did. He said that in the opinion of the court there were a number of amendments similar in connection with which the same point could be raised. Among them he named the 13th, 14th and the 19th.

SAN FRANCISCO, Feb. 24.—(AP)—The United States circuit court of appeals today reversed the federal court conviction of E. E. Wenger, former sheriff of Shoshone county, Idaho, and Charles Blum, his deputy, who had been convicted of conspiracy to violate the national prohibition act.

The court said the evidence showed only that the sheriff and his deputy felt no interest in enforcement of the national prohibition act.

"The evidence in our opinion, falls short of showing that the particular conspiracy which was organized by city officials of the village of Stillman was joined in by these applicants," the opinion said.

# NO SOVIET DUMPING OF MANGANESE ORE

WASHINGTON, Feb. 24.—(AP)—The treasury today ruled there was no dumping of manganese ore from Soviet Russia into the United States and announced it would decline to issue an anti-dumping order.

# WOMAN STRIKER KILLED IN MELEE

STROUDSBURG, Pa., Feb. 24.—(AP)—Miss Alberta Bachman, 29, a member of the striking employees of the Mammoth hokey mill here, died today from a gunshot wound received last night during a strike disturbance.

Two others, members of the United Textile Workers of America, an organization said by police to be in sympathy with the strikers, were wounded. They are: Mrs. Elsie Bachman, sister-in-law of the dead girl, bullet wound in the right ankle, and Russell Hasti, shot in the hip.

The strike began three weeks ago because of a wage disagreement.

# MELBA'S HUSBAND LIVED NEAR K. F.

KLAMATH FALLS, Feb. 24.—(AP)—The death of Dame Melba, the Australian nightingale, recalls that her husband and a son lived in Klamath county for a number of years. Captain Charles N. E. Armstrong, her husband, was a partner of Rex Ford, prominent sheepman. The son was George Nesbit Armstrong.

The boy, as the story goes, did not know the famous singer was his mother, although his father's room was literally lined with her pictures. But one season Melba sang in San Francisco and there she was told her son was living in Klamath county, she promptly sent for him and a reconciliation was effected.

# GOVERNOR'S VETO HITS TWO BILLS

SALEM, Feb. 24.—(AP)—Governor Meier exercised his veto power for the first time yesterday afternoon when he returned two bills to the house with his disapproval.

House bill No. 191, by Hamilton, Schupp and Delap, fell before the executive axis. It would have increased the salary of the county judge of Deschutes county from \$1200 to \$1800 a year.

House bill No. 147, permitting laborers to recover attorney's fees where appeals on state compensation claims are sustained, was also killed.

# MOTHER OF DAUGHTERY PASSES IN OHIO HOME

WASHINGTON COURTHOUSE, O., Feb. 24.—(AP)—Jane Daugherty, 95, widowed mother of former Attorney-General Harry M. Daugherty and Mat S. Daugherty, who is on trial here for alleged misappropriation of funds while president of the closed Ohio State bank, died at her home early today.

# When Food SOURS

About two hours after eating many people suffer from sour stomachs. They call it indigestion. It means that the stomach nerves have been over-stimulated. There is excess acid. The way to correct it is with an alkali, which neutralizes many times its volume in acid.

The right way is Phillips' Milk of Magnesia—just a tasteless liquid, potent, efficient and harmless. It kills excess acids. It has stood the standard with physicians for more than 50 years.

It is the quick method. Results come almost instantly. It is the approved method. You will never use another when you know.

Be sure to get genuine Phillips' Milk of Magnesia prescribed by physicians for over fifty years in correcting excess acids. 25c and 50c bottles—any drugstore. The genuine is always a liquid—never made in tablet form. Look for the woman Phillips on wrapper.

# BOWLES FILES APPEAL BASIS IN DEATH CASE

PORTLAND, Ore., Feb. 24.—(AP)—Circuit Judge Elwell today signed the bill of exceptions filed by defense attorneys in the Bowles murder case as an appeal to the ruling against the motion to quash the first degree murder indictments against Nelson C. Bowles and Irma Loucks.

The documents will be sent to Hillsboro where the two will go on trial March 2, charged with killing Mrs. Leone Bowles.

Although it has no effect on the trial, the filing of the bill of exceptions perfects a possible appeal in event Bowles and Mrs. Loucks are convicted.

The state is awaiting the decision of defense attorneys as to whether a joint or separate trial of the defendants will be asked.

# HARVESTER PLANT IS BOMB TARGET

CHICAGO, Feb. 24.—(AP)—Two black powder bombs were set off early today, doing a total damage of \$2,200.

One shattered practically every window in the five-story twin mill of the giant International Harvester company works on the west side. The other wrecked the front of a small bakery on the south side belonging to Joseph Wukins.

While labor trouble is believed responsible by investigators for the International bombing, the bakery was believed damaged because Wukins has been cutting prices.

would wipe out the state deficit in 24 hours.

Senator J. E. Bennett made a fight against the ways and means committee's adverse report on the titling bill, which would compel all self-sustaining activities to pay to the general fund 5 per cent of their annual receipts, amounting, Bennett said, to \$750,000 a year, but the report was adopted and the bill killed by indefinite postponement.

Voting against adoption of the report were Bennett, Booth, Burke, Carsner, Crawford, Eddy, Fisher, Staples, Wheeler and Marks.

### Urge Air Lines

Air mail feeder lines to accommodate the Oregon interior, Willamette valley and coast points are urged upon the postoffice department in a senate concurrent resolution introduced by Senator Jay Upton and Charles Hall. It requests that feeder lines connected with various Oregon cities connect with the main air route at Portland and Medford.

# ALL JOKES ASIDE WHEN PRANKSTER SEEKS MARRIAGE

LONDON.—(AP)—William Horace de Vere Cole, king of England's practical jokers, is going to be married, seriously.

Cole is 48, if it isn't a hoax, and his fiancée, Mavis Winifred Mary Wright, is 22.

A well set up man with gray hair and a mustache, Cole looks not unlike Prime Minister MacDonald and once gave a "red hot tony speech" to a group of workmen who mistook him for the leader of the labor party.

But that was only one of the minor incidents among his 95 practical jokes.

His most spectacular hoax was to review the royal navy as a prince of Abyssinia, when he was accorded all the salutes laid down in the regulations for such an important visitor.

Again he was shown over Cambridge by authorities who thought he was the sultan of Zanzibar.

Another time, disguised as a laborer, he roped off a patch of Piccadilly Circus, London's business center, and then proceeded to dig a hole, as workmen do the world over. Then he walked away, leaving authorities to puzzle out the mystery.

But his wedding will be serious, he insists.

### Oregon Weather

Generally cloudy tonight and Wednesday, probably rains in the west portion and snows in the mountains; warmer in the west portion tonight. Fresh southerly winds offshore.

# What puts the fluff in fluffy muffins

It's the millions of tiny bubbles in the batter, released by the cream of tartar in your Baking Powder. Unfortunately, there are cheap substitutes for cream of tartar. They make bubbles too, but not the tiny, fluffy kind. Ask any domestic science teacher or any dietitian. Not every baking powder contains cream of tartar, for the substitutes cost a lot less. Look on your baking powder tin. See if you see the words "cream of tartar" anywhere. It's important!
