Just Stimulate Bowels

Whenever the end of the day finds you out-of-sorts; food doesn't tempt you and won't digest; breath is foul; tongue coated; just chew a candy tablet before bedtime. Tomorrow you'll be a new person!

A candy Casaret clears up a bilious, gassy, headachy condition every time! Puts appetite on edge. Helps digestion! Artifacts bowels.

Casarets are made from cascars, which authorities say actually strengthen bowel muscles. So, take these delightful tablets as often as your pleasure or give them freely to children. All drug stores sell Casarets for a dime, and no dollar preparation could do better work.

## FORD COMFORT

**Every new Ford is equipped with four Houdaille double-acting hydraulic shock absorbers**

ONE of the fine things about driving the new Ford is the way it takes you over the miles without strain or fatigue. No matter how long the trip, you know it will bring you safely, quickly, comfortably to the journey's end.

The seats are generously wide, deeply cushioned and carefully designed to conform to the curves of the body. Every new Ford has specially designed springs and four Houdaille double-acting hydraulic shock absorbers. These work both ways — up and down. They absorb the force of road shocks and also provide a cushion against the rebound of the springs.

Other features that make the new Ford a value far above the price are the Triplex shatter-proof glass windshield, silent, fully enclosed four-wheel brakes, more than twenty ball and roller bearings, extensive use of fine steel forgings, aluminum pistons, chrome silicon alloy valves, torque-tube drive, Rustless Steel and unusual accuracy in manufacturing.

In addition, you save many dollars because of the low first cost of the new Ford, low cost of operation and up-keep, and low yearly depreciation.

**LOW PRICES OF FORD CARS \$430 to \$630**

F. O. E. Detroit, plus freight and delivery. Dampers and spare tire extra at small cost. You can have a Ford for a small down payment on a convenient financing plan. See your Ford dealer for details.
