

# Victory Prospects Over Ashland Brighten for Local Quint

## INJURED STAR MAY BE ABLE ENTER BATTLE

### Clay's Bad Leg Responding to Treatment - First String Will Set Hot Pace - Good Preliminary.

There is a possibility that Charles (Chuck) Clay, scoring flash of the Medford high school basketball team will get into the game Friday night at the Armory against the Ashland high school. His injured leg is responding to treatment and he may be able to play. However, Coach Burgher does not want to use him as long as George Harrington, second string forward, is going good.

Harrington will probably be started at forward, with Odd Hughes. If Harrington plays as he did in the Klamath Falls and Chillicothe games he will not be removed. If he fails to click with the rest of the team, Clay will go into action. Harrington has come down in the last three starts, and has been looping in the baskets from all angles.

### To Set Hot Pace.

Coach Burgher will start his first string, with instructions to set a fast pace from the opening gun. The Ashland team in its Klamath Falls and Grants Pass games, tired rapidly, particularly Howell, their large center and chief point maker. Like most big boys, Howell does not like the fast stepping. He will be opposed by Caldwell.

Odd Hughes will be started at forward with Harrington, and White and Thomas as guards. Joe Patton, long shot of the local squad, will be in reserve, along with Dietrich and Hammack.

### Final Practice Today.

The Medford team will hold its final practice this evening and the present combination has been functioning well for the past two days.

Tonight a basketball broadcast will be staged over KMEB, with talks by the rival coaches, and tomorrow afternoon students of both schools will stage their final assemblies and rallies.

The game will be refereed by Ralph Coleman, Oregon State college, with L. L. Deal of Grants Pass, holding the watch and keeping an eye on the plays. This is insurance that the game will not degenerate into mild football.

The preliminary game between the Junior high and St. Mary's academy will start at 7 o'clock, and the main game immediately after its close.

A record crowd will see the battle.

## GOSLIN CAPTURES COAST CUE TITLE

PORTLAND, Ore., Feb. 25.—(AP) For the second time in his career Dale Hubert Goslin, Los Angeles, today held the Pacific coast amateur 13.2 balkline billiard championship.

Goslin defeated Cecil G. Olaguer, northwest champion, 500 to 435, here last night. The match started Monday night and was played in three blocks of 300 points each.

Goslin not only won the championship but he established what was said to be a record high run in Pacific coast amateur circles. He clocked off 125 in the 87th inning.

## Chores On 1,600-Acre Farm Training Young Stribling For Schmeling Fight

MACON, Ga., Feb. 25.—(AP) "Ah reckon," says W. L. "Young" Stribling, "that I won't need much extra training for this fight," referring to his world championship bout next June with Max Schmeling.

This does not mean that the Georgia pride is not taking his little chance seriously. But it is the theory of his manager, "Pa," that "Young" Stribling always is in good physical trim and does not need as much training camp routine as the average fighter.

Stribling's training camp for the Tuffy Griffith bout was of brief enough duration, but even that left the fighter over-trained, in the opinion of "Pa." Consequently it is not likely that many weeks will be spent in camp knocking sparring partners around the ring.

Wood chopping, plowing, long training through the fields and woods on hunting expeditions and other outdoor exercise keep the challenger keen.

The Stribling farm at Ochlocknee consists of 1,600 acres and there are a lot of chores for an able-bodied chap on a farm of that size. Stribling gets his share of them.

He has an outdoor ring there where he keeps in practice with the gloves and a tennis court. The elder Stribling plans a trip to Chicago in February, when he probably will arrange for a training camp somewhere in the vicinity. Outdoor quarters probably will be chosen.

In about two months the Stribling probably will repair to Warm Springs, Ga., resort founded by Gov. Franklin D. Roosevelt of New York. This will be the beginning of the training program.

But there will be no sparring partners or that sort of thing just yet. There will be warm baths to melt out the rest of the neuritic effects of which have annoyed the fighter at different times, swimming and road work.

A "farm-trained" battler will attempt to wrest the world's heavyweight championship from Max Schmeling next June. Carrying wood for "Ma" and ploughing on a 1,600-acre Georgia farm are two of the training chores of W. L. "Young" Stribling, American challenger.

## GOLD HILL MAIDS PLAY CENTRAL PT. IN CRUCIAL GAME

Central Point and Gold Hill high school basketball teams will play at Central Point Friday night in the final conference games for both teams. The county championship in basketball is at stake in the girls' game. The winner of this game will have the division championship and the right to play in the finals for the county championship.

The boys' game will have no bearing on the division championship, as both teams have been definitely eliminated. By virtue of its win over Phoenix Tuesday night, Rogue River has tied up division honors. Talent is the third contender.

These three teams will play off the tie this week and the winner will play Sams Valley for the county championship. The county championship will be played in Klamath county next week and play Chillicothe for the right to challenge the winner among the larger schools.

The final game to decide the district championship will be played between the winners of the A conference and B conference the week before the state tournament.

## SUMMA SIGNS WITH PORTLAND BEAVERS

PORTLAND, Ore., Feb. 24.—(AP) Homer Summa, big outfielder, has signed his 1931 contract with the Portland Beavers of the Pacific Coast baseball league. Thomas L. Turner, president of the club, announced today.

## CHIEF BENDER FINDS INDIANS IN AUDIENCE

SAN ANTONIO, Tex., Feb. 24.—(AP) Chief Bender, famous Indian pitcher, who is coaching the New York Giants, has found a lot of company here. Representatives of three Indian tribes—Osage, Creek and Cherokee—were in the audience at yesterday's drill. Francis Healy from Holyoke, Mass., was a bit doubtful about their being Indians. "Why, those fellows haven't even got a tomahawk," he said.

## NEW CHAMPS MICKEY HANDS ASCEND INDOOR RISKO PASTING TRACK THRONES IN SIX FRAMES

Beard Clips Fifth of Second From 70-Yard Hurdle Mark—Penn Relay Team Wins Medley.

By Orlo Robertson. NEW YORK, Feb. 25.—(AP) Two new world records were on the books, eight of the 1000's best wore their first national A. U. championship medals, while six others were in possession of their second successive title today as the result of indoor track and field championships held in Madison Square Garden last night.

Percy Beard, a long striding youngster from Alabama Poly, clipped one fifth of a second off the existing world's record for the one and seven-eighths mile relay time to defeat Bates college in 7:50.2-10.

The University of Pennsylvania medley relay team, with the diminutive Carl Coan running the anchor lap, smashed 51.3 seconds off the eight year old record in France, to keep his 600-yard relay time to defeat Bates college in 7:50.2-10.

Conquer Winner. The two new world records were made in a program that saw Ray Conger take the 1000-yard championship with his famous belt lap kick; Leo Lermond gave a flash of his old time speed to win the two-mile title and Fred Sturdy leaped 13 feet, 11 inches to retain his pole vault crown.

Phil Edwards and Hans Assert, of New York City, were the only champions to repeat on the track. Edwards conquered Sam Martin, world's 800-meter champion for the one and seven-eighths mile while Assert led a large pack over the two-mile steeplechase.

The 1930 champions swept through the field events. Harold Osborn repeated in the standing high jump. Anton Burg turned back Osborn and a classy field of youngsters in the running high jump. William Weitzer took the standing broad jump.

## PORTILLO TOUGH FOR IDAHO NEGRO

SEATTLE, Feb. 25.—(AP) Tony "The Tester" Portillo, Seattle welterweight, proved too tough a hurdle for Buddy Washington, Pocatello, Idaho, negro, in the six round main event here last night. Portillo won a technical knockout in the second round. Joe Calder, Seattle, ended a string of eight consecutive victories in the six round semi-final who he lost to... ## COLLEGE SPORT IS DEFENDED BY COACH ZUPPKE

### Illinois Mentor Says Enemies Overlook Good Points of Activities in Search for Evils.

DETROIT, Feb. 25.—(AP) A spirited defense of intercollegiate and interscholastic athletics and their results was given before school superintendents from all parts of the country today by Robert C. Zuppke, head football coach at the University of Illinois.

Zuppke, addressing the department of superintendence of the National Education association, declared that the enemies of intercollegiate sport in their search for evils, such as prowl-biting, "campus hysteria," commercialism and over-emphasis, overlook "good points from the activity."

### Grew Like Topps.

"This whole structure built about athletic games came at first from nowhere," he said, "and grew like topsy. At the beginning the students managed these activities themselves, but unfortunately that the faculty of the majority of the institutions decided to take control. In the meanwhile the half back, the quarter miler, the star basketball shot, and the hard hitting baseball player became heroes of the boy world and supported Diamond Dick, the James Brothers, Old Steuth and Nick Carter."

### Gym Became Center.

"Competitive athletics became the basis of a virile literature which championed the preservation of biological urges. The gymnasium became a gathering place for the youth of the town to vie with objectionable rendezvous. Our young men learned to talk in terms of health, courage, clean bodies and wholesome diets. Provincialism... has, to a considerable extent, been destroyed by intercollegiate athletics. The students soon learned something of the inevitable alterations of life when they were forced to see their heroes in defeat as well as in victory. Football, especially, has made the nation college conscious and has helped to bring these institutions in direct contact with the outside world."

### Freberg Fouls Ted Thye with Biff to Button

PORTLAND, Ore., Feb. 25.—(AP) Despite efforts of the Portland boxing commission to alight the rough tactics characterizing wrestling matches here, Ted Thye, Portland heavyweight, was awarded last night's match on John Freberg, Minneapolis, on a foul. Freberg lost when he crashed his clinched fist against Thye's jaw, slammed his left to his stomach and aimed a kick at his head as he wrestled in 4 minutes 45 seconds. Freberg weighed 225 pounds, Thye 195.

### Sport Shorts

THE PAS, Manitoba—Mrs. E. P. Rieker of Poland Springs, Me., will race Miss Thula Geelan of McColl, Idaho, 25 miles shortly for the title of woman dog mashing champion and a side bet of \$1000.

BOSTON—Contestants of the will of Mrs. Mary A. Dolan, who rose from apprentice to a wealthy mediate under the name of Minnie Driscoll, are offering to prove she invested \$200,000 in the Boston Braves so she could boast she was an owner and have a front seat at the ball game.

NEW YORK—Bill Mehlhorn, back from Japan, has discovered the world's best putter. "It is me, Little William. I haven't missed a putt since November."

ALEXANDRIA, Italy—Four fellows who avoided the resorted for the sake of bliss have been fined \$12.50 each. They had evaded the bachelor tax.

## With Rod and Gun

It is a wise move the state game department is taking in connection with plans for planting Utah trout in the Rogue river above Prospect and in county streams. J. C. Carl, one of Medford's anglers, said today in commenting on the recent announcement that 500,000 trout eggs will be hatched locally and the fish released next summer.

"Fish of the trout variety are needed in the upper reaches of the river," said Mr. Carl, "and I feel that when it becomes well known that the trout resources of the streams are improved, we will have more attraction for local anglers, as well as the tourists. Fishing is one of our best recreations and no stone should be left unturned to bring about necessary improvements. It is interesting to note that the Utah trout have the reputation of staying around the places where they have been planted. This is a prime necessity, in view of past efforts of planting trout which resulted in all of the fish leaving the scene for the ocean shortly after they were planted."

This time next month, chinook salmon fishing is expected to be good in the Rogue river, according to reports that salmon are entering. So far none have reached this section and the earliest catch of a chinook on record was several years ago, when one was pulled to shore March 8. The river level has risen to some extent, but the water flow for this time of the year is below normal. However, the depth is expected to be somewhat increased by recent snowfalls and rain.

Figures from the state game commission show that the Oregon game department expended \$60,445.72 in activities during 1930. Of this amount, \$4775.16 was for the salary of the state game warden. Deputy game wardens were given salaries of \$114,672.40 for the year. Trout propagation took the biggest share of the expenditures with \$117,423. Hatchery expenses amounted to \$17,854.03 and expenses for state game farms in Eugene and Corvallis had a total of approximately \$40,000.

Among first signs of spring reported this year were the discovery of a rattlesnake three weeks ago in the Gold Hill section. (Followed by announcement that a Jacksonville man had seen an owl. Today credit went to Moore Hamilton, Central Point angler, for being the first person this year to see a snake, a low kick, inspired to its best by the mild weather of February. The insect was in his

## WAKE UP YOUR LIVER BILE— WITHOUT CALOMEL

And You'll Jump Out of Bed in the Morning! Wake up your liver bile without calomel. If you feel sour and sunk and the world looks punk, don't swallow a lot of salts, mineral water, oil, laxative candy or chewing gum and expect them to make you suddenly sweet and buoyant and full of sunshine. For they can't do it. They only move the bowels and a mere movement doesn't get at the cause. The reason for your down-and-out feeling is your liver. It should pour out two pounds of liquid bile into your bowels daily. If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas builds up your stomach. You have a thick, acid taste and your breath is foul, skin often breaks out in blemishes. Your head aches and you feel down and out. Your whole system is poisoned. It takes those good, old CARTER'S LITTLE LIVER PILLS to get those two pounds of bile flowing freely and make you feel "up and up." They contain wonderful, harmless, gentle vegetable extracts, amazing when it comes to making the bile flow freely. But don't take for liver pills. Ask for Carter's Little Liver Pills. Look for the name Carter's Little Liver Pills on the red label. Resist a substitute.

## HUSKIES CROWNED CAGE CHAMPIONS NORTHWEST LOOP

PULLMAN, Wash., Feb. 25.—(AP) Meet the basketball champions of the northern division of the Pacific coast conference—the Huskies of the University of Washington. They got that way by defeating Washington State college, 39 to 25 last night and by coming out on top in 11 other conference games. They dropped two games, one of which was to the Cougars Monday night.

The Huskies go to Moscow today to meet the Vasals in their wining two-game series of the northern division season tomorrow and

## PEPLESS DAYS Point to LAZY COLON!

Do you feel dull... listless... always tired? Have work and play, alike, lost their interest? Then look to your colon! A lazy colon—usually the result of constipation—permits poisonous waste matter to accumulate. These poisons are absorbed by the blood stream and spread to every organ of the body, causing auto-intoxication.

These poisons inflame the tender mucous membrane of the colon, causing colitis—a condition in the colon very similar to catarrh of the head. Colitis is a serious disease, which should not be neglected.

Laxatives cannot cure colitis—neither can they cure constipation. Rather they aggravate the condition by interfering with the normal elimination process.

Get at the cause of constipation by curing colitis and restoring the normal functioning of the bowel. Come to the Northwest Rectal and Colon Clinic and let Dr. Phillips, one of the nation's foremost specialists in a method of proctology—the non-surgical, painless and non-coercing treatment of rectal and colon ailments—restore your health and joy of living by relieving you of colitis and other intestinal ailments. Consultation free! Call or write for free diagnosis blank and book describing Dr. Phillips' method of correcting functional ailments.
