

# FARM BILL PASSED TO GOVERNOR

### Agricultural Reorganization Measure Voted By House—Funds for Fight On Alfalfa Weevil Saved From Blockade Attempt.

SALEM, Ore., Feb. 27.—(AP)—With the signature of Governor Julius L. Meier on the agriculture department bill, which is expected, Oregon will reorganize its farming administration by consolidating some 14 departments under a director of agriculture. The bill passed the house yesterday by a 53 to 7 vote, after passing the senate earlier in the week by a 21 to 9 vote. It is now on its way to the governor's office.

The measure creates a state department of agriculture under the control of a director, appointed by the governor, who is to organize the work of the department under five divisions, administration, plant industry, animal industry, foods and dairies and markets, grades and standards, each in charge of a division chief, appointed by the director and with the consent of the governor.

SALEM, Feb. 27.—(AP)—Senators E. W. Miller of Josephine county and Jay Upton of Deschutes county blocked an attempt by Senators C. K. Spaulding of Marion and Charles Hall of Coos and Curry today to defeat a \$10,000 appropriation for combating alfalfa weevil.

The appropriation was included in the forestry and board of horticulture appropriation bills, and senators opposing the weevil appropriation were unable to vote against it without voting against the other two. Hall demanded that the bill be re-referred and split up into separate bills, but it was voted instead to go into committee of the whole to throw the matter out.

In the argument it developed that Spaulding had requested Hall to attack the bill. Senators Kuck of Hood River and Dunn of Jackson added their support to the bill. The committee of the whole did not eliminate the appropriation.

SALEM, Feb. 27.—(AP)—The battleship Oregon will receive the same sum provided for by the 1929 legislature, the house decreed today when it defeated the ways and means bill to reduce the appropriation from \$12,000 a year to \$12,500.

The two houses made progress during the forenoon on the more than 100 measures before it, on the 47th day of the session. Appropriation measures and tax bills in both houses featured the day's business while the uniform traffic code was scheduled for consideration in the senate late in the day.

Use of the house of representatives for public meetings and conventions will no longer be permitted without charge if a bill introduced in the house should become a law.

The house also approved a resolution which provides for an interim committee to work out some system of uniform warehouse laws for Oregon, Washington, Idaho and Montana. The committee would consist of two representatives and one senator directed to report to the 27th legislative assembly.

## STORY 2 (Continued from Page 1)

court room heavily guarded and unobserved on the three days of the hearing. He talked with newspaper men during the trial but today refused to answer a telephone call from London, saying he knew no one there. During the last hours of argument he was told his chief lieutenant, Tony Vulpis, had been ordered deported.
