Sixty-Sixth Year

MEDFORD, OREGON, SATURDAY, JULY 11, 1931.

No. 109.

ALL MUST SERVE TIME JUDGE

... of One-Year Jail
... Denied—May Get
... Preference in Prisons—
... Condition Unchanged
... Conviction, Claim

... chief consideration is for
... he said. "I know that
... deepest concern likewise is

... former secretary of the
... in only a few more days
... Justice Halley in the
... of Columbia supreme court
... a chance to serve his sen-
... a western prison.

... Condition Unchanged
... has latent tuberculosis and
... has said the disease
... become active if he were
... to the humid climate of
... ston. Justice Halley said
... apparently Fall's condition
... is worse than in 1929, on
... returned in 1924. He
... that much of the danger to
... health by going to prison
... be removed if a drier cli-
... that of Washington were

... promised to get in touch
... all in El Paso, Texas, and
... he Halley know his decision
... today.

... Light Lose Citizenship
... question whether Fall would
... citizenship if the sentence
... modified arose after Judge
... suggestion. The jail sen-
... is under at present would
... affect his citizenship privi-
... A penitentiary sentence
... ordinarily, although it might
... the sentence were amended
... suggestion of the court and
... agreement of Fall.

MUST HALT REICHSBANK GOLD DRAIN

Refusal of France to Give Assistance May Force German Departure From Gold Standard, Place Exports Under Monopoly

BERLIN, Germany, July 11.—(AP)—Dr. Hans Luther, president of the reichsbank, returned by plane from Paris today without having obtained French assistance and with no hope of obtaining it under conditions acceptable to the German government.

He had sought French aid in extending credit to the reichsbank. The bank head went into conference with Chancellor Bruening immediately after his arrival at Tempelhof airport and thereafter the cabinet was called into session to consider the drastic measures of departing from the gold standard and putting all German exports under government monopoly.

Heavy Withdrawals
These developments came on the heels of the news that the reichsbank reached the record breaking total of 190,000,000 marks (about \$25,000,000) during the brief Saturday banking hours.

The reason why the cabinet feels obliged to consider such a sensational step as putting German currency and exports on what has been termed a soviet basis is that the reichsbank's gold reserve is so low now as to cause a fear Monday's demand for foreign currencies would sweep into session the few remaining gold millions of the bank's reserves in a few hours.

Going to Basel
Dr. Luther will stay here only over night and tomorrow will fly to Basel for a meeting with the world bank directors on Monday.

The conditions which Dr. Luther is reported to have laid before the cabinet are:

Suspension of the program for building vest pocket cruisers.

Abandonment of the proposed Austro-German customs union.

Further credit restrictions in Germany.

Inauguration of measures to prevent the flight of capital.

Creation of a "Locarno of the East" or, in other words, formal relinquishment for all time of any hope of regaining Danzig and the Danzig corridor.

Vagabond Lover No Longer

Associated Press telephoto of Rudy Vallee and his bride in their New York home, after their marriage in West Orange, N. J. Mrs. Vallee, the former Fay Webb, is the daughter of the Santa Monica, Cal., police chief.

PORTLAND MILK DEALERS AGREE TO RAISE PRICE

Dairymen Will Receive \$2.10 Hundred Pounds—Old Price \$1.90—Strike Ultimatum Brings Action

PORTLAND, Ore., July 11.—(AP)—Max Gehlhar, state director of agriculture, announced today that milk distributors of Portland have agreed to pay dairymen serving this market with fluid milk \$2.10 a hundred pounds.

The price now paid is \$1.90 a hundred pounds. Under the new arrangement the dairymen would be required to handle all surplus not paid for by the market.

Dairymen had notified the directors of their co-operative that they wanted action without further delay. They were said to have preferred a milk strike to continuance of the present situation under which they are paid about 3 cents a quart for milk that sells at from 8 to 12 cents.

WHEAT AND CORN CROPS TOP HEAVY

Yields Above Average Forecast by Present Condition—Moderate Production in Other Farm Lines Seen as Result of Drought

WASHINGTON, July 11.—(AP)—Agreement with President Hoover's arrangement of speculators who sell wheat short was expressed today by Dr. J. W. T. Duvel, head of the grain futures administration.

He joined in appreciating their activities when prices have tumbled almost to record lows as unjustifiable and reiterated his advocacy of a strict limitation by law on their operations.

July wheat on the Chicago exchange touched 52 1/2 today, but rallied.

WASHINGTON, July 11.—(AP)—The nation's corn and wheat bins will be filled to overflowing next fall—if the weather holds good.

The agriculture department yesterday forecast bumper yields of these crops, but saw a rather moderate production for other farm products. Drought, heat and slight acreage reductions are responsible.

The 1931 corn crop was estimated at 2,376,553,000 bushels as compared with 2,094,000,000 last year when the drought took heavy toll. The five-year average is 2,761,000,000 bushels.

Far Above Average.
Wheat farmers, already staggering under the burden of overproduction and low prices, will produce an estimated crop of 869,013,000 bushels. In 1931 the production was 863,430,000. The five-year average is 823,000,000 bushels.

Drought and heat have dried pastures, reduced milk production and cut into hay prospects. Spring wheat has been adversely affected by lack of moisture the second smallest production in 20 years is expected. On the other hand, winter wheat has been favored by excellent weather and corn prospered. Winter wheat production was forecast at 712,611,000 bushels; spring wheat at 156,402,000.

Fruit, Vegetables Prosper.
A generous supply of fruit and commercial truck crops was forecast.

Indicated production of important farm crops in the principal producing states, together with the average and condition as of July 1 were announced today by the department of agriculture.

Oregon winter wheat condition is 68 per cent of normal, with indicated production of 14,238,000 bushels. Spring wheat acreage is 107,000, with condition 92 per cent of normal and yield 1,712,000 bushels.

Oats estimated yield for the nation is 1,306,247,000 bushels against 1,358,000,000 in 1930; hay 71,100,000 tons against 77,800,000; beans (dry) 22,769,000 bushels against 21,900,000; apples 211,000,000 against 164,000,000; peaches 78,400,000 against 72,600,000; grapes 2,030,000 tons against 2,460,000; sweet 343,000,000; sugar beets 775,000 tons against 9,200,000 tons, and hops 23,500,000 pounds against 23,400,000.

Business Firms Move.
The Valley Cleaners and the Medford Mattress Co., have moved from 32 North Grape to 26 South Grape, where they have larger quarters.

WILL ROGERS says:
SANTA BARBARA, July 11.—Dude ranches were the economic salvation of the north-west. Wyoming may be king of the dude ranches, but Santa Barbara, Cal., is daddy of the rich "dudes" owning ranches and enjoying 'em and it's a great thing from every angle. They improve 'em, give lots of employment, raise the finest horses and keep themselves out of a lot of worse devils. So buy a ranch somewhere in the west. All your life every man has wanted to be a cowboy. Why play Wall Street and die young when you can play cowboy and never die?

NAVY OFFICER'S FIANCEE WAITS BEFORE ALTAR

SAN DIEGO, Cal., July 11.—(AP)—Plans for a brilliant wedding this afternoon at which Edwina Triplett Putman, daughter of Lieutenant Colonel and Mrs. Russell B. Putman of the marine base here, was to have become the bride of Lieutenant William V. Duetermann U. S. N., were shattered today by a telegram from the prospective bridegroom, who had been missing since yesterday.

The telegram to the Putman family said that there would be no wedding today. An hour later the Rev. M. L. Kain, who was to have read the ceremony, received a wire from Lieutenant Duetermann from Van Nuys, Cal., which said simply: "Your services will not be required this afternoon."

The tea dance, at which the young couple's engagement was announced last month, was one of the most brilliant affairs of the social season here.

**CENSUS CLERKS LOSE
JOBS OVER CIGARETTES**
WASHINGTON, July 11.—(AP)—Fourteen employees of the census bureau, including several young women, have been dismissed for leaving their desks to smoke outside the bureau building. Smoking in the office, one of the government's war time temporary structures, is forbidden.

VET ORGANIZATION ENDORSES EUGENE

ASTORIA, Ore., July 11.—(AP)—Endorsement of Eugene as the site of the proposed \$2,000,000 national soldiers' home for the Pacific northwest, was voted by the state convention of Veterans of Foreign Wars here late yesterday.

The resolution endorsing Eugene was introduced by Thomas R. Hamner, chairman of the resolutions committee, a former congressman from Idaho. A. C. Newgard of Portland seconded the motion.

**SUICIDE ROUTE FOR
OVERWORKED ARTIST**
NEW HOPE, Pa., July 11.—(AP)—Robert Spencer, 52, artist, shot himself in his home here today. Friends blamed overwork. He had won many prizes with his paintings both in America and abroad.

WEARY POLICE BUFFETED BY STRIKE MOBS

CENTRAL FALLS, R. I., July 11.—(AP)—Local and state police, weary and bruised after two serious encounters with rioting milk strikers and sympathizers, were on guard today against renewal of disorders which have kept the city in an uproar for two days.

The climax of two months of labor trouble was reached last night as a crowd of 3000 persons paraded the streets and stoned the mill of the General Fabrics corporation, shattering windows and damaging many of its looms. State police were called to aid local officers in restoring order.

The riot act was read by police who were attacked with bricks, tomatoes and eggs. Tear gas was used by the police. The disturbers marched about the streets continuing their rioting until midnight.

**OREGON CITY VET
NEW COMMANDER**
ASTORIA, Ore., July 11.—(AP)—Veterans of Foreign Wars, meeting here today in their annual Oregon convention, elected Glenn R. Jack of Oregon City as department commander.

Other officers are Lloyd F. Childers, Portland, senior vice commander, Howard P. Sweetland, Astoria, junior vice commander; Monte C. Walton, Portland, department quartermaster; Thomas R. Hamner, Portland, department judge advocate; Ben Jordan, Portland; department surgeon; Byron Conley, Salem, department chaplain.

RAIL VALUATION REVAMPED FOR RATE PURPOSES

WASHINGTON, July 11.—(AP)—The interstate commerce commission today changed the base upon which the railroad rate structure is based in preparation for its consideration of the appeal by the railroads for a fifteen per cent boost in freight rates.

The commission announced that at the end of 1930 the railroads had an estimated tentative value of \$21,691,000,000 for rate making purposes. This compared with a value of \$18,100,000,000 used by the commission in the 1929 rate case and a book value of \$20,940,572,611 claimed by the roads at that time.

The book value of railroad property at the end of 1930 without working capital was fixed at \$23,518,000,000 and with working capital at \$24,078,000,000.

The valuations are used as a basis for computing the rates necessary to give the railroads a "fair return" on their investment.

CHERBOURG, France, July 11
—(AP)—Otto Hillig and Holger Holtrik, trans-Atlantic airmen, landed here this afternoon from Le Bourget. They made the trip in a hired airplane and expected to sail this evening for the United States.

They came without proper departure papers and rushed to procure them at the last moment.

**NEED SPECULATION
IN GRAIN DEALING**

MINNEAPOLIS, July 11.—(AP)—Charles T. Stevenson, president of the Minneapolis chamber of commerce, today took exception to President Hoover's condemnation of short wheat sales by speculators.

He said, "the trouble today is not too much speculation but too little."

He said that the federal farm marketing act "has been successful in but one thing, and this is minimizing speculation—as a matter of fact, it has practically eliminated it."

**INJURED GIRL IS
FINALLY CLAIMED**

PORTLAND, Ore., July 11.—(AP)—Identified only after she had been unconscious in a hospital here for 36 hours, Eleanor Norene, 16, had a chance for recovery today.

The girl, who was seriously hurt Thursday when she rode her bicycle into a moving automobile, was finally identified by her foster parents, Mr. and Mrs. F. J. Norene. They had not been alarmed at her absence, she said, as they thought she was spending the night at the home of friends.

Physicians said she probably will recover.

**GOTHAM RACKETEER
MURDERED IN HOME**

NEW YORK, July 11.—(AP)—Irving Shapiro, 26 years old, was assassinated in the hallway of his home early today. He may have been killed in mistake for his brother, Meyer, police suggested.

Meyer, officers said, was a more important figure in the slot machine racket than Irving and had been considered a marked man.

**MYSTERIOUS BLIGHT
STRIKES NUT TREES**

PORTLAND, July 11.—(AP)—H. T. Bruce, orchardist at Reedville, reported today he has discovered a mysterious blight or disease in filbert orchards on his place, between Beaverton and Hillsboro, and that July 50 per cent of the filberts on his own and neighboring orchards have been destroyed.

AIR BOARD PAIR CONTINUE DUTY DESPITE MEIER

Smith, Eyerly Say Governor Imperturbed by Petty Dictators—Cannot be Ousted Without Sufficient Cause

SALEM, Ore., July 11.—(AP)—In a signed statement issued here today, B. B. Smith of Portland and Lee U. Eyerly, president and treasurer respectively of the state board of aeronautics, whom Governor Meier early in the week announced he had replaced with new appointees, declared that they had received no notification of their dismissal except through press reports, and said that they as members of the board "will continue to fulfill their offices as sincerely as they have in the past."

"The members of the board feel that the governor would not take such arbitrary action as would disrupt the whole aeronautics program of the state of Oregon by permitting petty dictation from persons known to be entirely unqualified to formulate safe and sane policies and program which must accompany the rapid development of an infant industry into a sound business structure," the statement asserts.

"The board believes further that the governor would not ignore the state law, which provides that members may be removed from office 'for inefficiency or neglect of duty,' which clearly does not apply in this case."

**PORTLAND C. OF C.
FAVORS ROSEBURG**

PORTLAND, July 11.—(AP)—A resolution urging the veterans' board to early action in settling the question of locating the national soldiers' home in Oregon and reiterating its position favoring the Roseburg site, was adopted at a meeting of the Portland chamber of commerce here yesterday.

The chamber placed itself on record as reserving the right to recommend another site, in event the federal bureau should not select Roseburg.

London Has Disc Guides.
LONDON.—(AP)—The Science museum, recently opened, dispensed with human guides, instead gramophones play records describing the appliances exhibited in the show cases.

**Baker Suspects Glad Hand
Extended by Cermack Aide
But Accepts Hospitality**

CHICAGO, Ill., July 11.—(AP)—City Greeter George Gaw had something to write in his diary today. It was about giving the glad hand to Mayor George Baker of Portland, Ore.

Immaculate Gaw met Benevolent Baker as the latter and his wife stepped off the New York Central train for a two-hour stopover on their way back to Portland from Europe, where Baker traveled with the American mayors as guests of France.

"I" said Gaw, "represent his honor, Mayor Cermack, who wanted to come himself, but was detained."

Mayor Baker looked puzzled.

"I just wanted to suggest," said Gaw, "that if you and Mrs. Baker

Martin's

Next War Armageddon With Civilization's Fall Is MacDonald Warning

LONDON, July 11.—(AP)—A dire picture of humanity's plight in the event of another war, was drawn by Prime Minister MacDonald at a peace meeting attended by 10,000 in Albert Hall today.

"The great armageddon struggle would come at last," said the prime minister, "and the end of it would not be defeat, but the uniformity of exhaustion. Mankind would be almost wiped out."

The prime minister spoke on a program which included David Lloyd George, the liberal leader, and Stanley Baldwin, conservative leader. Speeches were broadcast over an international hookup in the United States.

The early part of the meeting was interrupted by the bursting of several stench bombs thrown by a woman in the audience. As the prime minister shortly afterwards began speaking there was some heckling and attendants forcibly quieted one man who

**GASOLINE COWBOY BILL
IS PROVING EFFECTIVE**

SALEM, Ore., July 11.—(AP) Arrests under the "gasoline cowboy" act the past week indicate the effectiveness of the new changes made by the recent legislature in this law. Dr. W. H. Lytle, chief of the animal husbandry of the department of agriculture, announced today.

**KANSAS OIL OPERATORS
AGREE UPON SHUTDOWN**

WICHITA, Kans., July 11.—(AP) Without a dissenting vote, more than 300 independent oil operators meeting here today agreed to shut down immediately their 23,000 Kansas oil wells. Leaders of the industry estimated approximately 30,000 men will be thrown out of employment as a result of the action.

**FOG HANDICAPS FREEING
OF DOLLAR LINE VESSEL**

CHATHAM, Mass., July 11.—(AP) Efforts to refloat the Dollar liner President Hayes, which went aground on Shoovel Shoal yesterday, were handicapped today by a thick fog. Four coast guard vessels and a wrecking tug were engaged in the operations.

**EARTHQUAKE LEAVES
LAKE ON HILL SITE**

MEXICO CITY, July 11.—(AP)—An earthquake near the town of Santiago on June 15 swallowed a small hill and left a lake in its place. Word of the phenomenon was brought to the Oaxaca state authorities by runners today. There is no other means of communication with Santiago.

Lewis Paroled.
WASHINGTON, July 11.—(AP)—The federal parole board announced today that Edward G. Lewis, convicted in 1928 in the southern district of California for violating the postal laws, had been paroled, effective Sept. 1.
