GREAT BANKS MOVE TO AID GERMANY

STABILITY OF EUROPE IN BALANCE

Reichsbank President Flies To Basel To Plead For Country's Salvation—Banks Collapse As Cabinet Continues Session.

LONDON, July 13.—(AP)—Reports were persistent in financial circles here today that a credit of 60,000,000 pounds (about \$300,000,000) had been arranged for Germany by a combination of banks including American and British. The reports could not be confirmed.

BASEL, July 13.—(AP)—A dramatic battle for Germany's economic salvation developed in the directors' room of the bank for international settlements this afternoon with Dr. Hans Luther, president of the Reichsbank, who brought the authoritative and latest word from the Berlin government on the financial crisis.

Landing here after a hasty flight from his distressed capital city, the Reichsbank president was ushered into the presence of other chiefs of central banks and American executives, who awaited his declaration with un- concealed anxiety.

The fast-traveling, rotund German at once began to reveal to his colleagues what the Berlin government requires or wishes in order to save Germany's financial structure from complete chaos.

Germany's financial distress resulted in collapse of the \$30,000,000 Darmstaedter and National bank and the government has taken over guarantees in connection with the suspension of payments.

The cabinet is in almost constant session. Hans Luther, head of the Reichsbank, left the meeting today to fly to Basel where the world bank directors will consider Germany's plight and measures to relieve it.

Secretary Stimson at Rome is taking no direct hand in the developments and Secretary Mellon at Cap Ferrat is making no comment.

The stock markets in all the capitals were weak on the uncertain situation in Germany.

By John L. Cooley (Associated Press Financial Writer)

NEW YORK, July 13.—(AP)—Now it's the watch on the Reichsbank.

Germany's strong central bank, fighting what has been a losing battle against intangible forces of enormous power, symbolizes the economic struggle that has threatened her with financial ruin, a battle, which, if completely lost, would have far-reaching effects throughout the rest of the world.

The immediate cause of the crisis is the withdrawal of huge volume of foreign funds from the Reich. In the background looms the reparations question, with its political uncertainties and

HUNGARIAN HOP SCHEDULED FOR EARLY TUESDAY

ROOSEVELT FIELD, N. Y., July 13.—(AP)—After waiting almost two years for just the right combination of conditions, atmospheric and mechanical, Alexander Mazyard and George Endres took off today on the first leg of a flight to Hungary.

They expected to reach Harbor Grace, N. F., before dark and after replenishing their fuel supply begin the Atlantic hop in the morning. They hope to fly non-stop from Newfoundland to Budapest.

The decision to start was reached so suddenly that no one was present to watch the take-off except field employees and a few surprised visitors.

State Sanitary Engineer Points Need For Immediate Construction Adequate Disposal System.

Endorsement of the city council's plan for construction of a new sewage system in Medford, for which a \$235,000 bond issue will be voted on Wednesday, was passed today by the local Kiwanis club at the regular luncheon at the Hotel Medford.

Immediate need for construction of an adequate sewage disposal system, which will eliminate a "nuisance and public health menace, both to the people of Medford and those of Grants Pass and Gold Hill, as well as the many families living within the region of Bear creek," was emphasized by C. E. Green, state sanitary engineer, and members of the health committee of the city council.

WIND DESTROYS GOODYEAR BLIMP

KANSAS CITY, Mo., July 13.—(AP) A sudden storm swept the \$60,000 Goodyear dirigible Mayflower to destruction against high tension wires near the municipal airport here last night.

Capt. Chas. E. Brannigan, 35, the pilot, was burned dangerously in attempt to weather along a high wind that jerked the 140-foot craft from its mooring mast and a ground.

Gasoline spilling from tanks ruptured by a crash against the roof of an army hangar was ignited as the Mayflower hurtled against a transformer. The bag was filled with helium gas, which is non-inflammable, but flames poured over the gondola.

SALEM, Ore., July 13.—(AP)—Frank Wyatt, 21, who had but eight months yet to serve on his five year sentence to the state prison, escaped from a gang engaged in thrashing on the Wilson farm, east of the penitentiary, this morning.

Watt just walked away from the gang of 12 convicts without being noticed by James Dorman, run guard in charge of the gang.

Watt was received at the prison to serve five years for forgery from Umatilla county on December 27, 1929.

He is described as being 5 feet, 9 1/2 inches tall, weight 146 pounds, slender and has dark complexion and dark brown eyes.

POSTPONE ACTION ON FALL UNTIL TUESDAY

WASHINGTON, July 13.—(AP)—After a lengthy conference with attorneys, Justice Bailey in the District of Columbia supreme court today postponed action in the case of Albert B. Fall until tomorrow.

Fall Must Go To Prison

Convinced that Albert B. Fall of El Paso, Tex., former secretary of the Interior, is physically fit to serve a year prison term, government counsel sought his removal to the Washington jail. Fall, shown here in two poses, was convicted of bribery in connection with naval oil land leases. He recently was examined by army physicians, after it had been asserted he was too ill to serve his term.

FREE PANTAGES FOREIGN TRADE AND FRIENDS IN FACTS JUGGLED SAN DIEGO CASE CLAIMS EXPERT

Retrial Of "Girl Market" Charges Given Up As Result Exposure Past Life Of Young Witness.

SAN DIEGO, Cal., July 13.—(AP) Alexander Pantages, multi-millionaire showman, and his three co-defendants in the "girl market" case, were freed of conspiracy and morals charges today by Superior Judge L. N. Turrentine on motion of District Attorney Tom Whelan.

Whelan informed the court when the sensational case was called for retrial that he did not believe "a jury from the body of the county" would bring in a verdict of guilty as a result of the showing made at the trial as to the past life of Lydia Nitto, youthful complaining witness.

Pantages was accused of conspiring with Jesse H. Shreve, prominent San Diego business man and Olive Clark Day and William Pohlmann, alleged operators of a Hollywood "girl mart" to bring Miss Nitto here to a hotel party for immoral purposes. The jurors at the first trial disagreed, nine of the twelve favoring acquittal.

After Whelan had made his motion on the case set today for retrial, he also moved for the dismissal of similar charges against Shreve, Mrs. Day and Jobelmann who were accused in a separate complaint of bringing Helen Livingston, another girl, from Hollywood to the party last October 20. Judge Turrentine granted the dismissal motions without comment.

Geo. Baker Next to Lindy As Goodwill Ambassador He's Told at Homecoming

PORTLAND, Ore., July 13.—(AP)—Arriving home today from a European tour during which there was widely discussed speech-making and celebrating, Mayor and Mrs. George L. Baker found more speech-making and celebrating awaiting them.

Planes met the Bakers' train in the Columbia George; factory whistles blew as they entered town and at the depot bands, lodge marching bodies, a National Guard detachment and veterans' organizations besides the official welcoming committee and private citizens greeted the executive and his wife.

Baker was one of the mayors who toured France as guests of the republic.

For a time he acted as chairman of the group. His address before the tomb of the unknown

Ousted Economist Says Figures In International Payments Falsified—Dry Law Effect Hushed.

WASHINGTON, July 13.—(AP) Secretary Lamont today called on the bureau of foreign and domestic commerce for a full statement on the controversy which resulted in the discharge of Dr. Ray O. Hall, former economist of the department.

Hall, in a letter to the secretary made public last night, charged the division of finance and investment had suppressed facts and falsified figures used in computing the balance of international payments, a study issued annually by the department carrying estimates of all items that make up the country's foreign trade.

Dry Law Effect Hushed. Hall claimed the estimate of \$733,000,000 for net exports of capital during 1929 was "greatly exaggerated" and that statements as to prohibition's effect on tourist travel to Canada and the influence of the Smoot-Hawley tariff on merchandise imports were suppressed.

He also charged the United States had been alternately inflating and deflating the totals of the world and that statements from 20 leading economists bearing out this fact had been deleted from the study.

By Frank G. Gorrie (Associated Press Sports Writer)

PORTLAND GOLF CLUB, Portland, Ore., July 13.—(AP)—Collecting three birdies and paring all the rest of the holes, Eddie Hogan of Portland appeared to be the medalist of today's 18-holes of the 36-holes qualifying round of the Western Amateur Golf association tournament. Jack Gaines of Glendale was the second golfer to finish under par when he turned in a 71. He made even par on the way out and finished one under on the home nine in spite of a 6 on the par 4 13th. He birdied the 14th, 15th, 16th and 17th hole to do the trick.

Jobless, Hungry Lurker Nabbed Here By Police

Frank D. Walker, 29, who gave his home town as Spokane, Wash., was arrested on South Holly last night by Policemen Peck and Liggett. He had a 10-inch monkey wrench which could be used as a weapon, as it resembled a pistol in the dark. He was found lurking in the shadows. "I'm not going to beg, and I won't starve," the sheriff said. Walker stated after his arrest. He said he had been out of work for several weeks, and was hungry. Walker is held in the county jail pending an investigation of his case.

ELEVEN KILLED IN AIR CRASHES OVER WEEK-END

Chester Bales, 32, Kansas City, and William Warren, 22, San Antonio, Texas, burned to death in a crash at the Chicago municipal airport. Witnesses said the plane had risen to approximately 700 feet when the motor quit.

Miss Elizabeth Osborn, 16, and Miss Ruby Hinson, 18, both of Jonesboro, Ark., were killed when the plane in which they were riding with H. E. Lawhead, pilot, fell to the earth near Jonesboro. Lawhead was dangerously injured.

Flames Follow Crash. At Harrisonville, Mo., an airplane piloted by Irwin Vrooman, Kansas City, became entangled in a tree and crashed in flames, burning to death George Colburn, 17, Manhattan, Kas., and Ershul Thomas, 24, Harrison.

Art Biehly, pilot, and William Bramphill, passenger, both of Lloydminster, Sask., were killed Saturday night at Lloydminster. Their plane fell from a height of 1200 feet.

MASS MEET TO DISCUSS BOND ISSUE

Mayor Wilson Calls Meeting For 8 O'clock Tonight—Band Concert Will Be Feature—Note Increased Sentiment For Passage.

As the time for the sewage disposal bond issue election on Wednesday afternoon grows nearer, interest in the election increases. The election booths in the various election wards, named below, will be open from 1 p. m. to 8 p. m. All regularly registered citizens can vote.

The voting places are as follows: First Ward: Public market building on South Riverside avenue. Second Ward: Public library on West Main street. Third Ward: Fichtner's garage, corner Fir and Sixth streets. Fourth Ward: Upstairs city hall, corner Front and Sixth streets.

Tonight's mass meeting at the city park, called by Mayor E. M. Wilson for the purpose of several city officials explaining the issues connected with the bond election, will be featured with a concert with the Elks band, beginning at 8 o'clock. The talks will not be long ones.

Within the past two days a noticeable increased sentiment in favor of passage of the bond issue has been noted, as the issues involved become better understood. Then, too, another factor for this change, at least in certain quarters, is that all registered voters can vote, irrespective of whether they own property. A number of opponents of the passage of the bond measure seemed to have had the impression until late last week that only property owners could vote.

A well known opponent of the bond measure in conversation with a Mail Tribune reporter late Saturday remarked that he had felt sure up until that day that the bond would be defeated, but on learning that all registered citizens could vote was not feeling so sure.

ARREST KIDNAPPER VANCOUVER BABY

VANCOUVER, Wash., July 13.—Ed Chalk, 27, was arrested here today for Portland police who had sought him since Saturday as the kidnaper of Betty Jean Fozlund, one year old, from the child's foster parents in Portland. The baby was unharmed and apparently contented and well cared for.

"It's my baby and they weren't taking the right kind of care of her, so I went and got her because I loved her," Chalk told Vancouver police.

He was taken to the police station where he fed the baby after preparing the milk and bottle himself.

WILL ROGERS SAYS:

SANTA BARBARA, July 13.—Germany's got her problem, Mr. Hoover has farm board, England her "dole," but Santa Barbara has got real trouble.

The "Crusader," anti-prohibition float, won the prize in the parade. The dries claim it was all right to enter it provided it didn't win anything. Now they are going to have the parade held over again with different judges. If the dries win the next one the finals will be held in neutral territory, perhaps Canada.

Mr. Hoover and Vice-President Curtis are together on the Rapidan rehearsing signals for the big game next November.
