OREGON SCENERY DELIGHTS WOMEN FROM CALIFORNIA

A quartet of Martinez, Cal., women, who arrived in the city only last evening, spent the night and most of today here, and then continued on the trip home, expressed themselves as delighted with the Oregon scenery, Crater Lake, Medford and its superb drinking water. They left on the auto vacation trip from Martinez on July 8, went to Eugene, and then over the McKenzie pass route to Bend, and from that city over the Dalles-Columbia highway to Crater Lake, from where they arrived last evening.

En route to this city over the Crater Lake highway the ladies, were unable, much to their regret, to locate Mr. and Mrs. Fred K. Burnham of San Francisco, who have a summer cottage along the river between here and Trail and who are former well known residents of the Martinez district. In the party is Mrs. S. C. Pascoe, clerk in the postoffice at Martinez; Mrs. E. U. Arnold, business manager of the Martinez Gazette; Mrs. Alice Ormsby, librarian of Contra Costa county; and Mrs. Anne Lapham, manager of Lascille's department store in that city.

The ladies intended to continue on their homeward journey this morning, but finding they were delayed four or five hours until repairs could be completed on their car, Mrs. Pascoe naturally visited the local postoffice and visited with the staff and made a cursory inspection of it, while the other three spent the time strolling about the business section and taking in its sights.

RANCHER IS FINED FOR DITCH BATTLE

Because of a row between two neighboring ranchers over use of irrigation water on July 14th, Ray Kincheloe, on his plea of guilty this morning in Judge Taylor's court was fined \$10 and costs on an assault and battery charge, on complaint of L. H. Coghill. The ranches concerned are about three miles out between here and Jacksonville.

Each man owns a five-acre tract and there had been enough irrigation water for both. Coghill accused Kincheloe of "hogging" the water. Thereupon Kincheloe put Coghill on the spot, in fact two spots, for he blackened both his eyes, which act cost him a court later \$5 for each discolored optic.

PREPARING CASE FOR ARGUMENT ON HARBOR

Attorney William P. Ellis, who presented the economic report to the district engineer which resulted in approval by both the district and division engineers on Crescent City harbor, is preparing a case which the Northern California-Southern Oregon Development association will present at a hearing before the board of engineers for rivers and harbors in the near future.

Mr. Ellis reports that considerable progress is being made on the case which will be greatly strengthened when the harbor district in Del Norte county is formed. It is his opinion that an affirmative vote on the harbor district measure will constitute a vote of confidence in Crescent City harbor and its tributary resources.

LIONS TO SUPPORT FIGHT ON FREIGHT TARIFF INCREASES

The local Lions club today pledged its support and assistance to the organization, recently formed at Salem, under the leadership of the corporation commissioner, to forestall any increase in present freight rates on fruit, at the regular luncheon held at the Hotel Holland.

Resolutions prepared by the civic committee, composed of H. T. Hubbard, chairman, Chas. Campbell, E. R. White, George Prescott and Goodwin-Humphreys were presented the club by Mr. Hubbard.

The resolutions emphasize the need for lower freight rates to commensurate with the value of the products transported. Support of all organizations, including the one at Salem, working toward this end, was promised by the club. It was also resolved that the secretary be instructed to forward a copy of this resolution to each Lions club in the state of Oregon, with the request that the clubs take similar action.

The local club was entertained today with two lovely solos, "My Desire" and "A Garden in the Rain," sung by Mrs. R. C. Mulholland, accompanied at the piano by Miss Dorothy Reynolds.

Lion Cubs Foy and Young were initiated into the club by way of a beauty contest, sponsored by Lions Scott, Shangle, Brault, Reynolds and Capps.

Lion Steel of Yreka, a guest at the luncheon, gave a short talk, complimenting the local group upon the enthusiasm of the members, and inviting them to attend the bridge dedication at Yreka August 29.
