

"LES" CRIES MUSSOLINI TO PONTIFF

Bitter Denunciation of Recent Encyclical Issued—Fascist Heads Charge Vatican and Masonry in Combine for Defamation

ROME, July 15.—(AP)—Premier Mussolini and the fascist directorate today denounced the Pope's recent encyclical on young fascism as a collection of "lies."

The Vatican and Masonry have combined in "common hostility toward the fascist state," they charged, and to "defame" Ballila, a fascist organization of boys.

In a statement the directorate announced that the membership of the fascist party, 873,000 adults and 642,000 youths, would mobilize shortly on the Pieve battlefields of northern Italy to demonstrate that fascism is a military unit "that has achieved a revolution and has the imperative duty of defending it against whomever."

"The directorate of the party protests against the lies," the statement said, "and denounces the affirmations in the foreign note of Vatican origin against Ballila, the strong pride and future of the fascist regime. It declares that no one should be allowed to defame the great organization."

The Pope's criticism of the fascist oath came in for strong objection.

"Black shirts have demonstrated that they know how to renounce bread, career and even life," said the statement, "when it is necessary for the country and for fascist revolution. The fascist party spurns, therefore, the grave attempts by which it is sought to depreciate its faith, already proved by sacrifices."

Warn of Vigilance.

"The directorate is vigilant to prevent any of the old remnants of the Masonic and liberal days from resuming any activities, even on the edges of the regime. But, this having been stated, the directorate calls attention to the unheard-of alliance between the Vatican and Masonry, which are bound together in a common hostility towards the fascist state."

Mobilization of the hundreds of thousands of fascist members on 48 hours' notice is regarded as a move to display the strength of the premier's cohorts, and the whole tone of the declaration by the party directorate is interpreted generally as an indication that the premier is ready to defend his regime.

Loyal to Fascism.

The declarations, drawn up in the "battle room" of the Venezia palace proclaim unwavering loyalty to fascism, charge the Vatican with anti-fascist activities, and pledge the party to dedicate the youth of Italy to continuance of the fascist regime.

Altogether the fascist forces are said to total about 3,000,000 half of them combat age, and the other half children who are being trained physically and mentally in the fascist school.

In addition to 14 congressmen and government officials in the party, Governor Julius Meier and United States Senator Charles McNary are expected to attend the dedication. Horace M. Albright, director of national parks, will be in the party, accompanied by F. J. Bailey of the park system budget bureau.

SALEM, July 15.—(AP)—Ballot title for the initiative bill repealing the county civil service law in counties of over 200,000 population, was issued today by I. H. VanWinkle, attorney-general. The law in Oregon affects Multnomah county only.

"Snip," the Buckee Veteran of Rodeo, Will Be Honored

SALINAS, Cal., July 15.—(AP)—A 23-year old horse, which in the past two decades has missed attendance at only one of the annual rodeos staged here, will be guest of honor next week at the 20th annual California rodeo.

The horse is "Snip," pride and joy of "Happy Jack" Hays of Fresno county.

Twenty years ago Snip attended his first rodeo here as a bucking bronco from the Nevada sage hills. And each succeeding year he has reared or his hind legs and snorted defiance at cowboys from every section of the western ranges.

PIGGLY WIGGLY AND PHARMACY ARE RANSACKED

Burglars last night entered the East Side Pharmacy and removed between \$75 and \$100 in checks and currency from the safe, it was discovered by Ernest J. Smith, manager, this morning. Fifty dollars in cash was also taken from the Piggly Wiggly grocery store on East Main street, near Bear creek bridge.

Although no clues were found this morning, police officers who investigated thought that the entry at the drug store had been made through the skylight. Entry had also been made at the Piggly Wiggly through the roof.

A large amount of the money taken from the drug store was in the form of checks, on which payment has been stopped. The money was in the safe, Mr. Smith said, with the safety lock on. The manager of the Piggly Wiggly this forenoon said that the \$50 had been taken from a safety deposit box, and that a larger sum had been overlooked.

PROTEST ALIEN LABOR ON OREGON ROAD JOB

SALEM, Ore., July 15.—(AP) A delegation of citizens from Detroit, starting off place of the new north Santiam highway over the mountains, accompanied by J. E. Hewitt, road patrolman of the Detroit district, appeared before the Marion county court today and filed a protest against employment of foreigners on the road work now going ahead on the highway. The road is being constructed under a contract let by the government.

ards of the country's interior courts, characterized as "conspicuously the least satisfactory part of our judicial system."

The commission said: "The bad physical surroundings, the confusion, the want of decorum, the undignified, offhand disposition of cases at high speed, the frequent suggestions of something working behind the scenes, involved in casual conferences of magistrates and politician lawyers, not audible to the public in attendance—in short, the atmosphere of the inferior criminal courts—create in the minds of observers a suspicion of the whole process of law enforcement."

Press Criticized.

The commission also criticized the press, asserting that the difficulty in obtaining impartial juries was enhanced by "what often amounts to trial in advance." It added that some newspapers have "assumed to set forth in advance the evidence to be adduced."

In his individual report, Lemann dissented from this statement as well as one that modern business life, coupled with frequent elections and numerous jury terms, "call for more than the citizens may reasonably be expected to do."

"Such statements may be well founded," Lemann said, "but no facts brought to my attention would permit me to join in their confident assertion."

SALEM, Ore., July 15.—(AP)—William H. Waste, chief justice of the California supreme court, commenting today on the Wickershams report regarding the Mooney-Billings case, said that for some time attacks had been made on the criminal court procedure that prevented granting new trials.

Justice Waste said he could not make a statement concerning the entire Wickershams report until he had read it.

James F. Brennan, who as aide to District Attorney Charles Fickert, prosecuted Warren K. Billings, said "there is merit in the report of the Wickershams committee. Long ago I recommended that both Billings, whom I prosecuted, and Thomas Mooney be pardoned."

WOES RECITED BY FARM WIFE BEFORE COURT

Husband Held in Jail Hospital Leaves Cows Unmilked, Oldest Daughter Gone—Chores Undone

A farm mother appeared before the county court this morning and asked that body to help adjust her troubles, which she listed as follows:

Her husband is detained in the hospital section of the county jail pending a medical examination, delayed by the absence of County Judge Sparrow. The husband is subject to violent headaches, due to being hit in the head by a rock several years ago. He fears that when under a severe mental strain, he will do some regrettable act.

The wife asked that the medical test be given speedily, so the father could either return to his farm, or take steps to secure medical treatment. The law vests all powers in such cases with the county judge, and he is away.

Daughter Disappears.

There are ten children in the family, and the oldest daughter, about 17 years old, disappeared yesterday. The mother did not worry much about that as the girl is of age and "has always come home in the past when she went away."

There are 12 cows, unmilked for two days, likewise the chores undone about the barn and the house. The corn also needs hoeing, and range cattle may wander into the garden.

The family lives nine miles from the nearest neighbor, who, at present is not at home, therefore, cannot be called upon for help.

The woman asked no financial aid—only that a medical examination to determine the health of her man be made at once.

"He does not like to stay in jail and I don't blame him," she said.

FORMER BOND CONCERN HEAD UNDER ARREST

Weber A. Hatterem Charged With Larceny By Embezzlement of \$15,000 From Portland Bond Company

PORTLAND, Ore., July 15.—(AP) Weber A. Hatterem, former president of the Municipal Reserve & Bond company, was under arrest here today, charged with larceny by embezzlement. Bail was set at \$15,000.

Hatterem was taken into custody yesterday while fishing on the Washougal river.

The warrant was based on a secret indictment returned last Friday by the Multnomah county grand jury, accusing Hatterem and William A. Tyler, president of the company, with embezzlement of more than \$95,000 of company funds.

Tyler a Salkide.

Tyler shot and killed himself Monday night on the Tualatin river. Representatives of the district attorney's office and the state corporation commissioner said today Tyler applied to the company for a loan of about \$100,000, which was approved by the company.

Some time later, Tyler turned over to the company real estate equities of allegedly inflated value in payment of the note.

Hatterem easily eliminated Lloyd Mead, Portland, 7 and 6. Egan gained four holes on the way out and picked up three more on the way home. He scored a par 35 out in spite of five strokes, two of them impossible to make.

Johnnie Shields, Seattle, de-

feated Tab Boyer, Portland, 2 and 1.

Rudie Wilhelm, Portland, defeated H. B. Westbrook, Pasadena 1 up.
