

BUTTER AND EGGS GATHER STRENGTH PORTLAND MARKET

PORTLAND, Ore., June 17.—(AP) Generally strong trade situation is reflected in the market for butter with prices well sustained at practically all leading points. Make continues to decrease with some gain in the call.

There continues a big spread in the price being paid for butterfat at Portland as well as at country stations.

Almost general strength is showing for eggs locally with well sustained prices generally through the country. Local receipts are limited and are just about taking care of current needs. Some storage withdrawals.

There is a real shortage in heavy hens with prices strongest in that line. However all sorts are meeting with favor.

Strong demand and prices are shown for country killed calves and lambs. Best calves are selling well up to 14c lb. with top lambs around 11c. Hogs mostly 12c for top blockers.

First hop crop sweet potatoes from the Turlock, Cal. section, are reported. The stock quickly sold 12 1/2c lb.

Apricot prices are up 1c with growers receiving around \$50 ton. Good peaches are finding only a fair call on account of the big supply of immature stuff.

New potatoes are considered steady at late prices.

Wall Street Report
NEW YORK, July 17.—(AP) Movements in Wall Street financial markets today reflected little save a disposition to temporize pending more decisive developments in the European financial crisis.

Stocks on the whole, worked rather in listless trading, with rallies leading the advance. The movement, however, was halting and uncertain. Leading industrial such as U. S. Steel and American Can got up about \$2 at times, but were unable to retain their gains. Gains of \$2 to \$5 in the rails were common with Union Pacific ceiling up \$5.50.

that which is in him. Stuffing him with ready made information does little good.

Something new in New York's Tammany Hall will interest friends across the ocean. Albert Martinelli, an Italian, first of his race to lead a great Tammany Hall district, takes the place once held by "Big Tim" Sullivan.

A grand parade, with red fire, was arranged for the second assembly district last night, with pictures of George Washington, Mayor Walker, John F. Curry, Tammany chief, a large and convincing yellow tiger to represent Tammany, and a picture of Big Tim himself.

Big Tim, a powerful leader before his mind gave way, and a train killed him, would be amazed if he could see an Italian in his place. His cousin, "Little Tim" Sullivan, would be less surprised. He said to this writer, long ago: "You can't hold your place in Tammany now unless you can climb a pole and fix a clothes line for an Italian or a Jewish woman."

In Buckingham Palace, Good Queen Mary had a grand ball last night, first in that palace since 1924.

Two young men "that have not had much amusement lately" went to the party.

The music, chosen by Queen Mary, with some advice from her son, the Prince of Wales, had a United States flavor. Titles of the dance music include "I'm Alone Because I Love You," "Girl of a Million Dreams," "Hawaiian Stars Are Gleaming" and "Peanut Vendor, all a long way from 'The Blue Danube'."

In Russia, as elsewhere, the boss, when he amounts to anything, usually works longer hours than his subordinates. Stalin, absolute ruler, has established a new kind of week with a day of rest every five days, for laborers and mechanics working only about six hours in 24. Stalin himself works 18 hours, beginning early in the day, finishing after midnight.

Nevertheless, he finds time for chess, and always plays with the black chessmen.

Another, Genghis Khan, who ruled the Mongols and many other nations, 700 years ago, also played chess, working out his plans of battle and conquest as he played.

There is some labor unrest in New York, with shooting in the suburbs, police and federal agents, hunting out immigrants, in this country, illegally, to deport them.

Men from our outlying regions, Porto Rico on the west, the Philippines on east, apparently dislike each other. They started fighting while Filipinos were holding wrestling matches. One killed, several stabbed.

WAGNER CREEK, Ore., July 17.—(Special)—Frank Beonki and Mrs. Ella Abbott and daughter, Edell, enjoyed a picnic on Butte creek Sunday.

H. H. Hodaard was in Talent Wednesday attending to business affairs.

BEAGLE

BEAGLE, Ore., July 17.—(Special)—Mr. Sollee of the Meadows has been under the care of a doctor for the last few days. He was hauling hay and slipped off the wagon, falling to the ground and running two splinters of wood through the muscles of his arm.

The infant son of Mr. and Mrs. Sakrada has been real sick and was taken to Medford for medical aid.

The county road crew is widening the grade on the Meadows road between the Ellis and Lucas ranches.

Young folks enjoyed Saturday evening at the home of Mr. and Mrs. Sanderson.

Grandma Parks was the leader of the Friendly Neighbors Sunday evening. The subject was "Righteousness." Two songs were rendered, one by the junior boys and girls and the other by Mrs. Grant and Mrs. Collier. Grandma Parks also brought in a thought from the different books of the New Testament and told the children stories of pioneer days. Mr. Grant gave an interesting talk on South America.

Mrs. Ellis and Mr. and Mrs. C. O. Mulhollen and family were among the Medford shoppers the first of the week.

Friends of Mrs. Paul are sorry to learn she is leaving to spend some time in the hospital and hope when she comes home she will be fully recovered.

Quite a number of the Grangers from here reported a pleasant evening at the Sama Valley Grange last Saturday.

The wages of Ohio farm labor were approximately 20 per cent less in January, 1931, than in January of 1930.

Edward Dicks of Ashland called at the Sommers home Monday.

A large number of residents from this creek attended the dance at Jacksonville Saturday.

graceful fact that its prisons are not made for VERY RICH Men.

Dean Hanford, of Harvard University, says students are "not spoon fed." They are expected to be responsible for their own education, and, to a great degree, educate themselves. Truly, Dean Hanford says: "The most important type of education is self education. The student grasps, retains and masters what he works out for himself."

To educate means "to lead out, to lead out, and to lead out." It is not to lead out of him, to lead out.
