## MINISTERS DRAFT GERMAN AID PLANS

### FAVORABLE RECEPTION PREDICTED

#### Finance Heads in Agreement On Four Resolutions for Seven-Power Consideration—World Bank Comm. to Consider Loans

WASHINGTON, July 22.—(AP)—Secretary Stimson of the state department telephoned to Washington officials today that the recommendations adopted by the finance ministers at the London conference today are satisfactory to the United States.

LONDON, July 22.—(AP)—The committee of finance ministers of the seven-power conference published a resolution tonight declaring it had reached an agreement on a report to be submitted to the plenary conference tomorrow.

Four resolutions will be presented to tomorrow's session of the conference, it was learned on excellent authority tonight. They will provide:

First, that the central banks and world bank for international settlements extend the \$100,000,000 German credit for a further period of three months.

Second, that private banks be urged to leave their credits held in Germany in German hands for the present.

Bank Committee Plan.

Third, that a world bank committee be appointed to consider the question of short term loans to Germany and the conversion of existing existing short term loans to long term loans.

Fourth, that the conference will note with satisfaction the action of German industrialists in creating a reserve of approximately \$125,000,000 on the German gold discount bank.

The opinion is expressed in well-informed circles that these resolutions would probably be passed immediately by the plenary session.

### STARVATION WILL STALK IF RELIEF PLAN NEGLECTED

WASHINGTON, July 22.—(AP)—Public appropriations for relief of the needy, with federal participation in state-initiated funds, were advocated today by Representative Royal C. Johnson of South Dakota.

"Folks will starve this winter if something is not done for them," said Johnson, republican chairman of the house veterans committee, who will have last congress' relief bill reauthorized in congress for municipal, state and federal cooperation.

In the northwest, particularly his own state and North Dakota and Montana, the representative said, it was evident relief through public appropriations would be imperative. Crops are poor, he added, and grasshoppers are eating "what there is."

### TEARING DOWN BARN TO SAVE PUP FAMILY

OGDENSBURG, N. J., July 22.—(AP)—Frank Fitz-Herbert and his neighbors began today to tear down a stable to save a litter of puppies.

The puppies are lodged in an inaccessible hole and faced death by tearing down the barn.

### MAYOR BAKER DATED FOR LEGION ADDRESS

MARSHFIELD, Ore., July 22.—(AP)—When one thousand delegates gather for the grand promenade of the state 40 et 8 of the American Legion at Corvallis August 6, George L. Baker, Portland's mayor, will be the official speaker of the day.

Announcement of the selection was made today by Mayor A. Dano of Marshfield, grand chef de gare of the 40 et 8 in Oregon.

### NEW TYPE DRESS FOR MAIL TRIBUNE READERS

The news portion of The Mail Tribune appears today in a new type—the Ionic—one of many innovations for the benefit of readers and advertisers to be inaugurated within the next six weeks in the extensive expansion program now underway.

The Ionic type increases the readability, and decreases the eye strain, and is recognized as the ideal reading type. It is extensively used throughout the land by the press.

Rapid progress is being made in the installation of new mechanical equipment and a large force of men are engaged in the work. The equipment includes a Ludlow, Monotype and Duplex rotary press and other modern printing appliances. They will be placed in service as soon as possible.

### CHURCH CRAFT FIRED UPON IN LIQUOR CHASE

#### Excursion Boat in Line of Fire As Patrol and Rum Smugglers Battle On Detroit River—Boy Hit

DETROIT, July 22.—(AP)—An excursion steamer with 1,000 members of a church young people's society on board became the center of a brush between liquor runners and U. S. customs border patrolmen on the Detroit river last night, and one of the shots fired wounded an excursionist in the arm.

The fugitive speedboat and its crew of two escaped into Canadian waters, having dumped a part of its cargo. The consensus of witnesses to the fast moving drama was that the shot which wounded Arthur Gajek, 23, on the steamer Ste. Claire, probably ricocheted from the hull of the run boat as it sped past the steamer. The Ste. Claire's roll was with merry-floored to watch the chase.

First stories told by the passengers after they landed were that the run boat had taken refuge from three pursuing boats alongside the steamer and that the crew of a border patrol boat had fired 40 shots at the two liquor runners, with the Ste. Claire in the line of fire.

### LAST MAN AGAIN ANSWERS ROLL

STILLWATER, Minn., July 22.—(AP) Another roll call of the Last Man's club of Company B, First Minnesota Volunteers, Grand Army of the Republic, had but one answer last night.

Though the life of the club was officially ended one year ago when Charles M. Lockwood of Chamberlain, S. D., the last man, opened the bottle of Burgundy wine and drank the last toast to his 33 dead comrades, the roll call ceremony was solemnly repeated here on the 45th anniversary of the founding of the club and the 70th anniversary of the battle of Bull Run.

### I. C. C. SUGGESTS DATE IN PORTLAND HEARING

SALLEM, July 22.—(AP)—The interstate commerce commission has suggested the dates of August 10 to 12 inclusive for a hearing to be held in Portland to take testimony in connection with the 13 per cent freight rate increase requested by railroads. This information was received today by Charles M. Thomas, public utilities commissioner.

### COLD PACK FOR COTS UNDER EXPERIMENT

THE DALLES, Ore., July 22.—(AP)—The Dalles apricots will be used in experiments to determine if this fruit can be successfully preserved by the cold pack method, such as is now used in handling strawberries and cane berries.

Selected fruit was taken by the chamber of commerce and sent to R. H. Kipp, representing the Portland chamber, who will conduct the preliminary survey.

### REAFFIRM OPPOSITION TO RAIL RATE BOOST

THE DALLES, Ore., July 22.—(AP)—The Dalles-Wasco county, and Dufur chambers of commerce directorates, in a joint session here last night reaffirmed resolutions condemning the appeal of railroads in their attempt to obtain a 15 per cent increase in freight rates.

### HUSBAND SOBS INVESTIGATION ON ACQUITTAL OF FALL CASE MURDER TRIAL IS UNDERTAKEN

KLAMATH FALLS, Ore., July 22.—(AP)—A verdict of acquittal was returned by a circuit court jury here today in the case of Nicholas J. Smith, accused of murdering his wife. The jury was out all night and early this morning reported it was unable to reach an agreement. The court gave additional instructions three times.

The defendant broke down and sobbed as the acquittal verdict was read. Smith was accused of shooting his wife to death with a shotgun after she returned home from a dance which she had attended against his wishes.

He declared the shooting was accidental and that the shotgun discharged while he and his wife were in a quarrel. The jury was unable to reach an agreement on the basis of the evidence.

### SEEK BEATIFICATION OF AMERICAN WOMAN

ROME, July 22.—(AP)—Bearing a petition with 150,000 signatures asking for beatification of Mother Elizabeth Seton, founder of the Sisters of Charity, 50 American priests and nuns arrived in Rome today.

They are to see Pope Pius tomorrow. If Mother Seton is beatified and later canonized, she will be the first American citizen made a saint.

### GIVE WHEAT AWAY IS SUGGESTED IN RELIEF

ENID, Okla., July 22.—(AP)—Relief for the American wheat farmer and debt-burdened European nations by giving away the nation's 250,000,000 bushels of farm board stabilization wheat was proposed today by John Manley, manager of the Oklahoma Wheat Growers' association and a member of the Farmers' National Grain corporation board.

### Mysterious "Sea Serpent" Is Captured In Lake Erie; Proves To Be Big Python

SANDUSKY, Ohio, July 22.—(AP)—A search by skeptical Sanduskyans for a "sea serpent" in Lake Erie near here, ended last night when two Cincinnati cement salesmen announced they had captured an 18-foot snake while they were fishing in Sandusky bay. The snake was held in captivity today by its finders, Frank Bagentose and Clifford Wilson.

Bagentose and Wilson said the snake came to the surface of the bay near their rowboat. Wilson hit it with an oar. Hauling it into their boat, they took it ashore and packed it in a box. They said they would take it to Cincinnati today.

Harold L. Madison, curator of the Cleveland Museum for Natural History, examined the snake and judged it was a python. "It is not a native of this section," he said, "nor of any place within several thousand miles.

### WAR ON JAPAN IS URGED FOR UNITED CHINA

#### President Chiang of Nationalist Government Willing Resign for Unity in Facing Japs On Korea Border

HONGKONG, July 22.—(AP)—The insurgent Canton government today announced receipt of a telegram from Chang Hsueh-Lang, governor of Manchuria, in behalf of Chiang Kai-Shek, president of the Nationalist government, in which the latter conditionally offered to resign and suggested that all China unite in declaring war upon Japan.

The telegram assertedly proposed in behalf of Chiang that all provinces in China contribute toward sending 500,000 troops to the Korean border as a military operation against Japan. Since the Canton government was represented as not approving the war proposal the telegram, as yet, has not been answered.

World Head Army.

President Chiang, whose retirement was set forth as one of the principal purposes of the formation of the Canton government, was represented in the telegram as being willing to resign the national presidency but desired to remain as commander-in-chief of the Nanking army and navy.

Chiang was quoted as having suggested the elevation of Hu Hanmin to the chairmanship of the administrative council, the highest office of the nationalist government, now held by Chiang himself. The nationalist chief said he proposed, according to the message, the selection of Wang Ching-wei, Leftist leader, as head of the Kuomintang or people's party.

Chiang Kai-Shek's alleged proposal that all Chinese factions unite and make war upon Japan recalls the trouble between Chinese and Koreans, which took place in three Korean cities early this month and which may have furnished the Nationalist president with inspiration for his suggestion.

The trouble started when about 500 Chinese attacked 200 Koreans at Wampashan because the Chinese objected to the employment of Koreans on an irrigation project there.

WASHINGTON, July 22.—(AP)—Although Albert B. Fall has made no personal application to President Hoover for clemency an exception has been made of the former cabinet member's case and the justice department has undertaken a study of it.

The exception was made from a presidential ruling that petitions for pardons must be signed by the applicants before they are to be considered. However, the justice department began collecting facts upon which a recommendation for or against clemency might be made on the basis of petitions.

SANTA FE, N. M., July 22.—(AP)—Confident that Albert B. Fall's physical condition, even though disabling, is not critical, and that he is able to serve his prison term, Dr. Eugene W. Fluke, prison physician, today set about the regulation of a program to remodel the lifetime habits of his patient.

### STEELHEADS BRINGING SMALL PRICE ASTORIA

ASTORIA, Ore., July 22.—(AP)—Four cents a pound was the going price for steelhead salmon here today. Declaring a lack of market demand was responsible, packers cut the price from 5 cents to 4 cents and announced that gaffed or otherwise mutilated steelheads which cannot be used for mild curing will be bought at 3 cents a pound.

### COOS COUNTY CUTTING COSTS DURING WINTER

MARSHFIELD, Ore., July 22.—(AP)—The Marshfield-Empire cutoff road which promised a drive of no more than 15 minutes to beaches off Coos Bay, will be delayed as the county court has called off all work except limited graveling.

### MOONEY ACCUSER PASSES IN BAKER

BAKER, Ore., July 22.—(AP)—Frank C. Oxman, pioneer Oregon cattleman, and witness in the Thomas J. Mooney murder trial, died at his home at Durkee today.

He had suffered from heart trouble more than a year and his condition recently became critical. His testimony that he saw Mooney and Warren K. Billings at the scene of the bombing in San Francisco in 1919 was regarded as having been material in Mooney's conviction.

### BALLOON BROADCASTS STRATOSPHERE VOICE

FRIEDRICHSHOFEN, Germany, July 22.—(AP)—The first broadcast from a stratosphere balloon was made today. The balloon, carrying a radio transmitter and a microphone, was launched at 10:30 a. m. and reached an altitude of 30,000 feet.

### GATES APPOINTED COMMITTEE HEAD BOOST PRODUCTS

SALLEM, July 22.—(AP)—A committee of 14 was appointed at noon today to perfect a permanent organization to promote Oregon products, following Governor Julius L. Meier's address on the need for such an organization and a general discussion of a state-wide program of promotion.

W. A. Gates of Medford was named chairman of the committee with Ray Kelly, The Dalles; George W. Houck, Oregon City; Glen B. Marsh, Hood River; Paul Wallace, Salem; George Young, Corvallis; Clyde Williamson, Albany; Mrs. Lillian Bileu, Dallas; Foster Butner, Roseburg; and B. C. Darnell, Charles F. Berg, Jack Luthin, A. G. Clark and R. B. Bain, Jr., all of Portland.

### AIMEE OFFICIATES AT SON'S WEDDING

LOS ANGELES, Cal., July 22.—(AP)—Before an audience of 5500 at Angelus temple, Aimee Semple McPherson, evangelist, last night joined her son, Roy, in marriage to Lorna Dee Smith of Alva, Okla. Four thousand outside the temple listened to a radio broadcast of the ceremony, which was preceded by a rather spectacular two-hour program, including a touch of vaudeville, light opera and drama. Police on hand had to make reinforcements to manage the multitude of curious and the "Four-Square" faithful.

### MEXICAN PRIESTS RECEIVE WARNING

MEXICO CITY, July 22.—(AP)—A Vera Cruz dispatch to the newspaper Excelsior said today that Governor Adalberto Tejeda had notified all Catholic priests, they must comply by Saturday with the recently enacted state law limiting the number of the clergy to 13.

The notification, the dispatch said, was in the form of a circular letter in which the governor threatened to take initiative steps to enforce the law unless the list of the 13 priests authorized to continue their religious functions is submitted to him this week.

### 'WHAT-A-MAN' FACES CHARGE OF BIGAMY

LONGVIEW, Wash., July 22.—(AP) A charge of bigamy was filed against G. Edward Hudson in justice court at Kelso today as the outgrowth of the publicity attendant upon his remarriage to Minnie (Ma) Kinnison's banks of Lake Sacajawea on June 28.

The charge was filed by Cowlishaw, prosecutor Cecil C. Hallin, and was based on the fact that Hudson was married to the late Mrs. Grace Zepher and a warrant for Hudson was immediately issued.

### INDUSTRIES OBJECTIVE FOR OREGON

#### State-Wide Organization to Promote Products and Factories Urged by Gov. Meier at Meeting of Manufacturers, Retailers

SALLEM, Ore., July 22.—(AP)—State-wide organization to promote Oregon industries and Oregon products, with a campaign program which will increase the annual turnover for Oregon products upward to \$25,000,000 was urged by Governor Julius L. Meier in his address before a meeting of about 100 retailers, manufacturers and distributors today.

The representatives of industries were here at the call of the governor, who said the time had come when the industries and business within the state should be recognized, and built up if properly in to come. The campaign to reduce taxes started here two weeks ago works hand in hand with the Oregon program, the governor said. Patronage of products and lower taxes are of paramount importance.

Would Solve Problems.

"Given these two favorable conditions," the executive emphasized, "agriculture will prosper, industries already in the field will expand, new manufacturing industries will be added and additional payrolls will be created. This, in turn, will go far toward accomplishing a real and permanent solution of the unemployment problem with which the state is now confronted. Important and necessary as are emergency measures to aid the unemployment situation, they are at best only temporary expedients, and there is no real solution, other than the creation of new jobs. In addition to those jobs, the products were very few then, particularly manufactured articles, and the exhibits small, but the enthusiasm was strong. Since then, we have made remarkable progress in many lines of industry.

Leads In Fruits.

"Oregon led all the northwest states in canned fruits and vegetables last year. Half of the strawberry and apricot pack of the nation comes from Oregon. Our salmon pack last year totaled more than \$5,000,000, and in spite of the depression, the products of our lumber industry totaled approximately \$110,000,000. In addition to these big industries, we have many special enterprises such as swimming suit factories, silk and rayon establishments, paint and soap factories, and others too numerous to mention.

"Although the products of many of these industries have been successful in entering distant markets, they have not received within the borders of our own state the patronage of which they are deserving. With the exception of food lines, manufacturers of miscellaneous commodities complain that they are unable to obtain even 10 per cent of the patronage of our great state.

"To obtain for Oregon grown and manufactured products the patronage of our people, the support of every
