

RIGHTS ON RIVER WILL BE ARGUED IN NORTON COURT

Circuit Judge H. D. Norton late yesterday signed an order fixing Thursday, July 30, as the time for the hearing of evidence for a final determination of the facts in the controversy between the Anglo-Paris-London National Bank of San Francisco, trustee for Herbert Fleischhacker, public utility magnate, and other California land owners along Rogue river, near Gold Ray Dam, and J. C. Cass, Tyson Pankey and other placer miners.

The California group is represented by Attorney George M. Roberts and the placer miners by Attorneys E. C. Kelly and Frank DeSouza.

A temporary restraining order against the placer miners is now in effect.

The placer miners contend that the Rogue river, under the state law, and an act of congress when Oregon was admitted to the Union, is a navigable stream, and the land holders that under the federal law the river is a non-navigable stream, and the land owners are in possession of rights beneath the waters to midstream. The court, in continuing the temporary restraining order, held that the stream was of "undoubted navigability." The navigability of Rogue river is the main legal point at issue.

The land owners claim that the construction of wing dams for placer mining has altered the course of the stream and changed the shore line, causing damage to the property along a three-mile stretch.

The miners in reply contend that they are placer miners as a means of livelihood during depressed times and that their operations will be concluded by October 1.

CO-OP REFUNDING PLANS APPROVED BY STOCKHOLDERS

Stockholders of the Farmers' Co-operative exchange to the number of 80 met yesterday afternoon and expressed approval of the plan of O. C. Boggs, president of the board of directors, for a reduction of the indebtedness and placing the organization on a substantial basis. Only preliminary action was taken yesterday but a meeting will be held August 2 for final action.

The Boggs plan, roughly, is as follows: An opportunity presents itself to dispose of \$16,000 of old debts at 25 cents on the dollar. By each of the members subscribing \$20 funds can be secured to wipe out the obligation and leave a little over. According to Attorney Boggs, success of the plan will "put the exchange on its feet and in the best shape it has been since organization."

Since the present regime took charge the organization the operating expenses have been reduced 40 per cent and the debts more than \$38,000.

Despite the unsatisfactory times, there was a strong sentiment expressed for adoption of the plan among those present and it is planned to interview all stockholders between now and the final meeting. The funds secured will be used solely for paying off the old debts.

SOCIETY

Fishing Party Entertained at Big Rock Lodge

Mr. F. Isaacs was host Wednesday and Thursday at Big Rock lodge to M. E. Lombardi and sons, David and Oliver of San Francisco, Edward Knight of Santa Barbara, and Eugene Bolton and A. E. Edwards of this city for a fishing party.

The group arrived Wednesday from Crater Lake where Miss Carolyn Lombardi spent the two days. She was joined there last evening by her father and brothers, with whom she is continuing to Diamond Lake for a few days. The party will then return to Medford.

Mr. Lombardi is director of the Standard Oil company in San Francisco and has charge of the production department. Mr. Bolton is manager of the local district and Mr. Edwards is assistant manager. Messrs. David and Oliver Lombardi recently returned from Yale to spend the summer vacation on the coast.

Guests from Oklahoma Continue North

Mrs. Frank Cole and daughter Jean of Enid, Oklahoma, who were guests Wednesday of Dr. and Mrs. F. O. Bunch, left yesterday for Salem where they will visit friends until next week returning to Medford on Saturday to be guests again of Dr. and Mrs. Bunch. Several parties are being planned for Mrs. Cole's pleasure.

Miss Davis is Guest of Misses Here

Miss F. Alva Davis of Pasadena, Calif., is house guest in this city of her sister, Mrs. Milton E. Coe and mother, Mrs. Villa Davis of 722 Dakota. She will return south by motor next week accompanied by her sister, who will spend some time in Pasadena, where Miss Davis is doing religious education work at the First Presbyterian church.

DIAMOND LAKE TO HAVE AN AIRPORT IF PLANS MATURE

A project for the construction of an airport at Diamond Lake has been presented at C. L. Buck district forester at Portland, by aviation enthusiasts of the state. The proposition has also been discussed with Senator Charles L. McNary, who is reported to have commented favorably upon the plan and to have pledged his support.

The field, it is believed, could be constructed at very little expense, and would prove of much importance in many respects. It would be of considerable value in forest administration and particularly during the fire season as a means of providing a quick way in getting men and supplies into the Diamond Lake region in the event of an emergency.

The field, too, it is believed, would be used by many sportsmen from Oregon and California, some of whom would use planes in order to have time at the lake instead of spending several days of their vacation on the way to and from the resort.

B. B. Irving, superintendent of the Roseburg airport, has received several letters regarding the project, and has been requested to supply information concerning the possibilities.

Cigarettes Are Blamed

To the Editor:

According to report, the city is preparing to run a soup kitchen this winter—the advertisement.

Now all these bums that will call for help are smoking cigarettes, no matter how hard up they are. In spite of the fact that their family needs the money they spend on cigarettes. The average smoker will smoke at least 1 package a day, 15c. \$1.00 a week, \$52.00 a year. Now, if there is a worthy person, one that has not become destitute from his bad habits, foot down and general carelessness, has been thrifty and saved his money, I will help him. I have failed, however, to find one single case where it has not been their own fault, and when pinned down they admit it. They will have to furnish proof of what brought them where they are.

HENRY PAZZAZA.

THE "BEAUTY" THAT MIGHT HAVE BEEN!

NOTHING is sadder than a who just misses being beautiful. Often the reason is simple—proper elimination.

The poisons from constipation often cause pimples, sallow and dull eyes—headaches and serious disease.

But every girl can banish evils of constipation by eating Kellogg's ALL-BRAN regular. Its bulk sweeps the system clean.

Two tablespoonsful daily, a wonderful health prescrip. Try it with milk. Add fruit, honey. Delicious when combined with canned peaches. ALL-BRAN is non-fattening.

Ask for Kellogg's—the original ALL-BRAN. In the red and green package. Made by Kellogg in Battle Creek.

JACKSONVILLE GRANGE PLANS SUNDAY PICNIC BYBEE BRIDGE GROUND

Attention of all Jacksonville Grangers is called to the fact that there will be no regular meeting of the Grange July 24.

As has been previously announced, there will be a Grange picnic on Sunday, July 26 in place of the regular social meeting.

All Grangers are asked to meet at the Bybee bridge at eleven o'clock. The picnic grounds is located on members are asked for this reason to meet at the designated hour.

Those wishing to come after church will be admitted at one o'clock. Each family is asked to bring at least two dishes, sandwiches for the family and service for each child.

This is the first Jacksonville Grange picnic to be held and a good time is anticipated. Swimming and games will be enjoyed.

About 15 ladies of the H. E. club enjoyed a swimming party at the Jackson Hot Springs Wednesday afternoon. Lunch was served before returning home.

PENNSYLVANIANS WILL ATTEND CHURCH HERE

The Pennsylvania Farmers' tour, including a party of 100, will arrive in this city on special train Sunday, August 9, it was announced this morning.

The members of the tour will arrive about 10 o'clock and plan to attend services at local churches. They will be met at the train by several groups.

The party is touring Canada, the United States and Mexico.

Brisbane's Today (Continued from Page One)

American continent" hauling a train more than 7000 feet long.

More important than the biggest locomotive destined soon to join the dinosaur, because it is not modern; is the largest Diesel engine plant in the world.

In California, has placed an order for Diesel engines developing 35,000 horsepower, to produce electric energy for the city's various industries.

The engines will be built by the Diesel Engine, Reitschler company of Hamilton, Ohio, subsidiary of the General Machinery corporation.

Other cities should investigate the economies made possible by Diesel engines and cheap oil. Small Diesel engines will soon be as numerous as chimneys on farms.

HILLS BROS' METHOD OF ROASTING COFFEE ALWAYS ACCURATE

Patented, Exclusive Process—Controlled Roasting—Creates Marvelous, Unvarying Flavor

Just as the accuracy of bewhiskered Father Time's hour-glass depends upon an even, continuous flow... a little at a time... so the matchless, unvarying flavor of Hills Bros. Coffee is produced by Controlled Roasting—Hills Bros. patented process that roasts evenly, continuously... a little at a time.

This continuous process has advantages over ordinary roasting methods. It guarantees a perfect roast for every berry in the blend. Bulk-roasting doesn't insure such a thing. Sometimes the coffee is roasted right. But frequently, it may be underdone or overdone, with an unpleasant flavor resulting.

That can't happen to Hills Bros. Coffee! Every pound is developed to perfection—to the fullest and finest flavor. It is a flavor no other coffee has, because no other is roasted the same way.

Vacuum cans keep Hills Bros. Coffee ever-fresh. Air, which destroys the flavor of coffee, is removed and kept out of these cans. Even ordinary, "air-tight" cans won't keep coffee fresh. Order Hills Bros. Coffee today. Ask for it by name, and look for the Arab trademark on the can.

Jack Oakie Leads "June Moon" Cast at Fox Craterian

Jack Oakie's latest film, "June Moon," is based on the Broadway stage smash of the same name. The presentation of the production affords a strange and a very interesting subject, and "Chuck" Bier will be featured at 9 o'clock with Leah Holt at the Wurlitzer.

TICKETS ON SALE FOR LEGION STAGE FROLIC

Southern Oregon people are looking forward in keen anticipation to the Legion "Midnight Frolic" scheduled at the Craterian theatre Saturday night.

The unique performance will be made up of high class vaudeville acts, a minstrel show and a musical revue.

The advance sale of tickets indicates a capacity house and people are being urged to secure their seats at once. Tickets may be obtained at the Chamber of Commerce or from any Medford Legionnaire. The entire proceeds of the affair will go to the Medford Drum Corps.

C-C COMMITTEE TALKS FOX PLAN

The taxation committee of the Chamber of Commerce is meeting this afternoon to start work on the taxation program to be undertaken during the coming year.

C. T. Baker, secretary, returned a few days ago from attending the Stanford university school for chambers of commerce secretaries and will present much interesting material. Taxation was the leading subject under discussion during the session and many methods used in the solution of taxation problems in the east were outlined during the sessions in Palo Alto.

Marvelous is Japanese politeness

Mr. Nagata, an amateur astronomer of Brawley, Cal., telegraphed M. Wilson observatory, begging permission to disturb the service institution, with his politeness remarks, and asking if it could possibly be that he, Nagata, had discovered a new comet with his small telescope? Sure enough he had discovered it, in the constellation of Leo, and modest Nagata takes his place among interstellar discoverers. "Nagata's comet" will go sailing through space, with Halley's, for ages to come. Our men, enlightened, will not believe it means persistence of the world's end.

GIVE DEGREES TO COUPLE OF TRAIL

EAGLE POINT, Ore., July 24.—(Sp)—As the regular meeting of Eagle Point Grange, Mr. and Mrs. Herman L. Johnson of Trail received the obligation for the first and second degrees.

Mr. Edith Weidman, secretary, read a letter to the Grange from State Master Charles C. Hulet to Master William Perry, in which it was stated that Oregon holds second place in the United States in securing new Granges, twenty-eight having been started this year.

An interesting program arranged by Lecturer Lulu Ward included two readings by Mrs. F. A. Dunmore, several musical selections by Mr. and Mrs. R. A. Botts, readings from the Grange Bulletin by A. C. Mitchell and Mrs. B. A. Clark, and two solos by Gynel Powell.

Four visitors were present from the newly organized Red Top Grange—Mr. and Mrs. Henry Hansen, Frank Hansen and Anna Hansen. A cordial invitation to visit that group was extended to Eagle Point Grangers.
