At the Churches

Catholic Church
So. Oakdale and Tenth St.
Masses at 7 and 10:30 a. m.

Bethel Missionary Baptist Church
235 North Bartlett.
Sunday school 10 a. m.
Preaching 11 a. m. and 8 p. m.

St. Mark's Episcopal.
Corner Oakdale and Fifth St.
Wm. B. Hamilton, rector.
8 a. m., Holy communion.
11:15 a. m., Holy communion.

Baptist Church
W. H. Eaton, minister.
Sunday school at 9:45 a. m.
Morning service at 11 o'clock. Program in charge of the young people who have just returned from the summer assembly at McMinnville.
Young people's groups at 7 p. m.
Union service at the Presbyterian church at 8 p. m.

Full Gospel Church.
Newtown St. near Main.
R. D. Streyffler, pastor.
Morning worship, 11 a. m.
Subject, "Marriage of the Lamb."
Evangelistic service, 8 p. m.
Rev. Bullock, who is leaving for China, will deliver the sermon. Also a baptizing service.
Cordial invitation extended.

First Presebyterian Church
Claude B. Porter, minister.
9:45. Church school.
11:00. Morning worship. The Lord's Supper will be commemorated at this hour. Mr. George Johnson will be the soloist.
At 8:00 p. m. the union services will be held in this church. The pastor will preach on "Building a New America." Miss Cecil Coss will sing.

First Methodist
Alexander G. Bennett, pastor
Sunday morning worship 11 o'clock with sermon by the pastor, "Our Fathers Have Told Us—What?"
Sunday evening, 8:00 o'clock, union service of worship in the Presbyterian church.
Sunday school 9:45 a. m., with classes and welcome for all.
Mid-week meeting, Wednesday 7:45 p. m., in the church parlor, led by the pastor.
All people are more than welcome.

St. Peter's Lutheran Church.
(Mo. Synod.)
E. Main St. and Portland Ave.
H. H. Young, pastor.
Divine worship Sunday morning with communion at 11 o'clock.
Confessional services at 10:30 a. m.
Announcement for holy communion will be received Friday afternoon or evening in the pastor's study, or Sunday morning before services.
Adult class meets every Friday evening at 8 o'clock in the pastor's study.
The public is cordially invited.

English Lutheran Church.
Fourth at Oakdale Ave.
"Where the Way Is Made Plain."
Dr. H. C. Funk, uastor.
Morning service at 10 a. m. Please note the change in the hour of worship. The pastor will speak on the subject, "The Bright Side of Things." You are cordially invited to attend the special service.
The Sunday school will attend at the preaching hour and receive the school supplies at the close of the services.

The Federated Churches
Central Point, Ore. J. M. Johnson, pastor.
This is the time for every loyal Christian who can possibly do so to be in the services of his church. Many are away now on their vacations and outings and it is doubly important that the home folks should carry on. Several of our leaders and some of our young people are away, and yet we hope that a goodly number will assemble for worship and study on the Sabbath. The pastor will preach in both services of the day. The evening sermon will be on the subject, "The Place for Israel Among the Nations."

Ted L. Thuemler, presiding pastor.
Valley Radio Church.
Broadcasting over Station KMED.
Services for Sunday evening the through the courtesy of Will H. Wilson.
There will be a fine musical program ofered by the Nazarene church.
It is expected that the regular speaker, Rev. Ted. L. Thuemler, will again be on the air, taking as his subject "Another World War On."
The Valley Radio church is an undenominational organization sending out the gospel message, in story and song, every Sunday evening over station KMED. The broadcast on July 26th will be the 150th since the inception of this local organization.
Make it a regular habit to tune in on KMED every Sunday evening between the hours of 8 and 9 o'clock and enjoy these services.

International Bible Students' Assn.
Judge Rutherford, lecturer.
Sunday at 9 a. m. Judge Rutherford, called the world's greatest bible scholar and lecturer, will broadcast over 400 radio stations, including KMED. The title of his lecture is "The Hope of the World."
The message is coming from the Coliseum at Columbus, Ohio, and is a message that millions of people will be lestening to.
At 10 o'clock the regular Sunday morning lecture over KMED, by electrical transcription, will be given. The title of the lecture is "The Resurrection of Jesus."
At 7 o'clock Sunday evening Judge Rutherford will again be heard over KMED by electrical transcription with his message "The Hope of the World," so that those who cannot hear him in person in the morning can hear him at 7 in the evening.

Ramon Novarro Star of Craterian Drama

The plot of "Son of India," at the Fox Craterian Sunday, concerns the son of a wealthy Indian rajah who is precipitated into an amazing series of adventures which start out when a bandit gang murder his father. High spots of the film include the burial of Ramon Novarro alive so that the bandits will not find him; his arrest in Bombay as a beggar for the theft of his own diamond; his rescue from a prison sentence by Nagel; an exciting polo game; Novarro's secret meeting with the American girl in his underground jewel vault; the tiger hunt; Novarro's fight with the bandit who killed his father and the stampede of the maddened elephants.

The picture is resplendent with picturesque backgrounds, strange sights and unusual costumes, such scenes being faithfully reproduced as the streets and buildings of Bombay, India, with its quaint and colorful bazars.

Portraits of distinction. The Peasleys, opp. Holly theater.

PARK NATURALISTS CONDUCT VISITORS ON ALL-DAY TRIPS

CRATER LAKE — (Special) — Boat trips under the guidance of ranger naturalists, were begun in the Crater Lake National park this week, under the direction of the park educational division. The trips will permit a complete day on the lake, including exploration of Wizard Island and visit to Devil's Backbone and Phantom Ship.

Persons leaving in the morning will be accompanied to the island by a member of the ranger naturalist staff. Ascent of the 763-foot cinder cone is made during the forenoon and down into the 80-foot crater of the cone. Lunch is eaten on the island, each person bringing his own food.

In the afternoon, visitors making the crater wall trail trip will have the opportunity of taking a boat trip over to the island to join the party that had arrived there in the morning. The combined group will continue explorations of the lake.

Full day trips on the water will be given only Monday, Wednesday and Friday, but afternoon trips will be a daily feature. There will be a fee for the boat ride, including a circuit around Wizard Island, but the services of the ranger naturalists in explaining the natural phenomena of the crater walls and the lake will be furnished by the National Park service without charge.

Details of the boat trip were outlined by Ansel F. Hall, senior naturalist and forester of the National Park service, and D. S. Libbey Crater Lake park naturalist, to provide as much information as possible. A new trail to the summit of Wizard Island is to be constructed in a short time.

CRATER LAKE FISH PROVIDING SPORT

CRATER LAKE, Ore.—(Spl.)—Long recognized as one of the scenic wonders of the world, Crater Lake is rapidly gaining recognition as one of the most ideal bodies of water for fishing in the northwest, with anglers this season reporting remarkable success. Heavily stocked with rainbow and other trout, the fish are abundant in the lake and, according to anglers, appear anxious to fight any brass spinner that comes trolling their way.

Last Sunday two anglers caught their limit of five each in less than an hour. Another fisherman had the experience of two fish taking his hook at the same time.

The trout are in excellent condition and obtain food easily in the lake, due to the planting of fresh water shrimp. Insects hovering over the water are also plentiful.

No fishing license is required in the Crater Lake national park and boats may be rented at the bottom of the crater wall trail.

PEACH PICKING ON IN UPPER VALLEY

"While the general peach crop in the valley will be short this year, there will be practically a normal crop at the Thornton Wiley orchard, Mr. Wiley said today," says the Ashland Tidings in its peach crop forecast of that section.

"Pickers and packers are busy with the Hales Early peaches at the present time, the local market taking practically all of this early variety. Truckers are also taking fruit from the Wiley orchard, trucking largely to Klamath and eastern Oregon communities.

"The Crawfords will be ready for harvesting about August 1 and the Elbertas between August 10 and 15.

"Last year Mr. Wiley packed about 11,500 boxes of peaches from his orchard, while this year he expects to harvest in the neighborhood of 10,000 boxes."

JACKSONVILLE CHURCH LADIES PLAN SOCIAL

JACKSONVILLE, Ore., July 25.—(Special)—Missionary society of the Presbyterian church met with Mrs. Fred Fick Thursday. A solo was sung by Mrs. John R. Knight, accompanied at the piano by Miss Virginia Fick. Plans were made at this meeting for their annual ice cream social, to be given Saturday evening, August 1, on the old court house lawn.

Next meeting of the society will be held August 27 when the members and other ladies who are interested in this work will gather on the lawn at the home of Mrs. John Bowdish about 11 o'clock, where a picnic lunch will be enjoyed, followed by a business meeting in the afternoon.

Douglas Fairbanks, Jr., in Holly Film

No more alluring story of youthful love has been told on stage or screen than that of "Outward Bound," which comes to the Holly theater tomorrow for a run of two days. The theme is so unusual and the treatment so deft that the result as an idyll of such compelling tenderness as to make it irresistible to all sorts and conditions of people.

Featured players are Douglas Fairbanks, Jr., Helen Chandler, Leslie Howard, Alec B. Francis, Dudley Diggs and Beryl Mercer.

"Woman Hungry," the all-technicolor romance of the desert, featuring Lila Lee, Sydney Blackmer, Fred Kohler and Raymond Hatton, closes at the Holly with the last performances tonight. Also on the closing program is a Kartoon and "Flaming Jungles," another thrilling reel of the "Adventures in Africa" series.

A hot dance in a cool hall at Gold Hill Saturday night. First 25 couples free.

A Modern Touch

TALENT

TALENT, Ore., July 25.—(Spl.)—Mrs. Everette Bailey, who recently underwent a major operation at the Community hospital in Medford, was moved to the home of her aunt, Mrs. Lydia Powers, in Talent, to convalesce a few days before going to her ranch home.

Mr. and Mrs. Roland Goodfin and children of Alameda, Cal., are spending their vacation with Mrs. Goodfin's parents, Mr. and Mrs. John Herring.

Mrs. Allison Ward and her son Ray of Bellingham, Wash., are here disposing of the stock on the Ward dairy ranch.

Mrs. Shaw and Mrs. Mathews of Ashland called Monday afternoon at the Sue Clayton and J. S. Crawford homes.

Mr. and Mrs. Ray Coleman spent Thursday evening at Mrs. Codeman's, Mrs. Ida French's.

Harry Gliem is in Portland where he expects to enter the Veterans' hospital for medical examination.

Mr. and Mrs. Christensen and daughter of Burlingame, Cal., arrived by motor to visit Mrs. Christensen's parents, Mr. and Mrs. Charles Campbell.

Mr. and Mrs. Charles Tryer and children of San Leandro, Cal., who tourned Yellowstone park and the Pacific northwest, are spending the remainder of their vacation as guests of Mr. Tryer's father, Marion Tryer and Mrs. Tryer.

Bill Hurvey cut his knee agriously while logging for Skeeters brothers on Wagner creek. The knee became infected and he has had to stay in bed for several days, but is improving slowly.

Will Childers spent several days at Prospect this week looking for work and found ten men for every job.

Fred Hart, who was operated on at the Community hospital in Medford, is getting along nicely but is not yet able to be taken home.

Mr. and Mrs. Wesley Driscol and son Junior were guests over the week end of Mrs. Driscol's mother, Mrs. Cora Denham.

Mr. and Mrs. Byron Works and family of Los Angeles and Frank Works have returned to the valley to make their home. Mr. and Mrs. Works are former residents of Talent and are being welcomed by relatives and friends.

Joe Dennis was in from his ranch on Crater Lake highway over Sunday. Mr. and Mrs. Dennis expect to move to the ranch as soon as they build a house.

Mrs. Louis Brown and Miss Betty Brown of Medford called at the J. S. Crawford home Thursday.

Mr. and Mrs. Virgil Winkleman of Oakridge, Mr. and Mrs. A. A. Winkleman of Carter and Mr. and Mrs. Walter Winkleman of Glendale arrived in Talent Thursday morning, called by the serious condition of Mrs. A. Winkleman, who underwent a major operation at the Sacred Heart hospital in Medford. Today's report is that Mrs. Winkleman is slightly improved.

Mrs. McMahon has returned from a week in Portland and at the home of her daughter, Mrs. John Murphy at Eugene.

FERN VALLEY

FERN VALLEY, Ore., July 25.—(Spl.)—Joe Kantor, Jr., hurt his back while lifting flumes for the Rogue River company and has been unable to work all this week. Dr. Sleeter has been giving his treatments.

Tom Williams is able to return to work after cutting his foot last week with an axe while at work on Dr. Swedenburg's ranch.

Ed Marshall returned home Thursday from the Sacred Heart hospital, where he has been taking treatments for his back. His condition is not much improved.

C. T. Higdon was in Prospect July 17 on business.

Mr. Haney of Ashland called on his daughter, Mrs. Tom Thanos, Sunday.

Mr. and Mrs. R. C. Ward spent several days last week at Lake of the Woods.

Miss Fern Reed of Ashland is spending a few days with Mrs. E. E. Marshall.

Mr. Spruill was a business caller in Medford Saturday.

Mr. Steiles' will has gone dry so he has to go to a neighbor for water.

Charles Ferns was in Medford Sunday on business.

Mr. Kanto plans to start picking pears Monday.

Mrs. Ed Marshall attended a party Tuesday given by Mrs. Harold Crowell in honor of Mrs. Gilbert Hermance. Former classmates of Mrs. Hermance when she attended Phoenix high school were the guests: Mrs. Roy Burleson, Mrs. Floyd Watkins and Mrs. Jess McKinstry. Mrs. Kalstrom, a friend of the honor guest, was also present.

Mrs. L. H. Hughes spent Tuesday afternoon with Mrs. George McClain at Phoenix.

GERMAN VISITORS IN STRANGE GARB AT CRATER LAKE

CRATER LAKE—(Special)—Taking time out from the ills of Central Europe, Frank Cruberth of Vienna, Austria, Erich Klipphahn of Eribach, Germany, and Egmont Schumann of Hamburg, Germany, arrived in the Crater Lake National park this week for a short stay while on a general tour of the United States, breathing sighs of relief to be free for a time from high taxation which they say has over 10 classifications in their native countries.

The men were distinctively dressed. Mr. Schumann was barefoot and his blonde head of hair was exposed to the sun, as well as most of his legs, not covered by a short pair of trunks. His shirt was sleeveless and made for comfort.

Mr. Gruberth, well known in Vienna musical circles, also wore trunks but used shoes with short socks. The other member of the trio wore regular khaki trousers, but like Gruberth, was heavily bearded. Their arrival caused quite a stir among park visitors.

In speaking of conditions in his native country, Mr. Klipphahn declared they were bad. Over five million men out of work, subject to government dole. Adolph Hitler, German fascist, eager for the control of the country, is gaining strength through impossible promises, said Mr. Klipphahn. He sees no prospect of a German and Austrian union which at the most would benefit either country but little, as both are in dire financial straits, he said.

The visitors were well impressed with Crater lake and declared they had seen nothing to compare with the grandeur of the lake scene. They have traveled in past years to far corners of the earth and are now en route to their homes.

POWER LINE FOR CRATER LAKE IS NEAR COMPLETE

CRATER LAKE—(Special)—In view of present construction progress, completion of the 11,000-volt power transmission line in the Crater Lake National park is expected to be realized by August 20. Eight miles of line are under construction from the south boundary to the rim area, in addition to several miles of line under construction by the California Oregon Power company through forest land toward Klamath Falls.

Of 223 poles necessary for the eight miles, nearly 200 have been set. The right-of-way has been cleared for some time and stringing of copper wire of heavy tensile strength will be begun in a short time.

The most difficult phase of the construction is involved in stringing electric cable across Anna creek canyon a little over two miles below Anna Springs ranger station. The canyon has a width of 1150 feet and will be spanned by extra heavy cable of 19,000 pounds tensile strength, allowing a sag of 20 feet for the entire distance, according to plans of G. P. Chape, park telephone and electric engineer. The lines of cable, 12 feet apart, will be suspended from heavily anchored poles on each side of the canyon.

The copper wire was especially manufactured at Anaconda, Mont., for the Crater lake line, and is expected to withstand the strain of winter snows and winds.

When the new line is in use, seven small electric plants now in the park will be unnecessary. The new service will also permit the illumination of the rim area at night for one mile west of the lodge.

Bucket of Balls on 80. Riverside open for daylight play.

OLD LAKE RELIC DISCOVERED ON WIZARD ISLAND

CRATER LAKE. —(Spl.)— Thought to have been resting at the bottom of Crater Lake along with the remains of the old Cleetwood, first boat launched on the lake 45 years ago, the old sounding apparatus by which the depth of the lake was determined in 1886, was located this week on Wizard Island, where it had been hidden by a member of the sounding crew headed by William G. Steel, now park commissioner, Crater Lake national park.

The Cleetwood was sunk near Wizard Island upon the completion of operations and it was believed the apparatus had gone down with it until I. F. Davidson, park construction foreman, accidentally found it behind a pile of lava rocks while climbing up the island.

While bearing the marks of time, the spirit level, a small glass tube filled with alcohol, was still intact and in as good condition as the day it was brought to the lake.

Piano wire, used in lowering a pipe weight to the bottom, is badly rusted and the wooden spool on which it is wrapped is warped. Rust has made the winding apparatus unfit for present use. Pulleys over which the wire was fed into the water were also found.

The apparatus will be placed in the park museum at an early date mounted on the board on which it rested when used on the Cleetwood.

The discovery of the sounding machine recalls to the memory of Judge Steel the time he left Ashland, July 7, 1886, arriving a deek later at the lake with 35 men and 65 horses to determine the depth of the lake. The Cleetwood was 26 feet long and 5½ feet wide. It was taken to the lake on canvas slings and with considerable effort lowered over the rim to the water.

The party included Capt. Clarence E. Dutton of the United States geological survey. Captain Dutton, Judge Steel and others decided on an unofficial sounding a short distance from shore. When the 600-foot mark was passed the sounders wondered, and when 900 feet was reached the machine was examined, but it was funationing perfectly. When the line reached the 1210-foot level the line stopped.

"Those on the rim were alarmed," recalled Mr. Steel yesterday in resuming his acquaintance with the old apparatus, "and scrambled to see who was killed. Out pent-up feelings had given way to unearthly yells. It was later in the evening when we regained the gim, but Captain Dutton dispatched a messenger to Fort Klamath to telegraph to the world that we had found 1210 feet of water near the shore."

When official soundings were completed, the depth of 1996 feet was determined as the deepest point.

Not knowing what to do with the boat, it was sunk near Wizard Island, but before that was done, Judge Steel now recalls, a number of the crew removed the sounding machine and carried it a short distance up Wizard Island.

LUMBER YARD SAFE VISITED BY THIEVES

When he arrived at the Medford Lumber company at 5 o'clock this morning, J. H. Cooley discovered that the safe had been broken into during the night, and that $22.90 had been taken. A check placed with the cash yesterday was found on the floor.

A hole was drilled and the side door entered, officers reported. The main door of the safe had been left unlocked, and the prowlers had removed the inside cabinet which contained two drawers. The money was locked in one of the drawers.

LOG LEFT BURIED WHEN MAZAMA STAGED ERUPTION

CRATER LAKE, Ore.—(Spl.)—Further excavations by steam shovels constructing a unit of the Union Creek road to Diamond Lake during the past few days have revealed more carbonized logs buried under a layer of volcanic ash averaging around 30 feet in depth, believed to have resulted from pre-historic eruptions of Mt. Mazama before its destruction formed Crater Lake.

The new finds include a log one end of which has been transformed into charcoal, while the other is in its natural state of thousands of years ago.

A strange incident of the discovery of the half-burned tree was a large frog sitting on the log 30 feet under the surface of the ground. It was thought the frog had been entombed there for countless years, dating back to the arrival of the ashes, but later investigation revealed that shrinkage of the wood had resulted in a small cave starting where one end of the tree protruded from the ground, allowing the warty bit of life to hop far back under the surface.

The log indicates the result of subsequent eruptions, in the opinion of D. S. Libby, park naturalist, showing one end was covered covered by cold ashes and the other by hot volcanic material, completely carbonizing the wood at that end.

The find is 23 miles west of the lake rim and efforts will be made to locate auch logs closer to the rim area.
