

2200 PHEASANTS HATCHED HERE TO PROVIDE HUNTING

Game Farm Product Planted Widely About Valley — English Pheasant Eggs Among Last Setting

The hatch of pheasants at the Jackson County Game farm north-east of Medford totals 2200 for this season, according to announcement from the farm yesterday. Trapping of the larger birds, which has kept Superintendent Arnsperger and his helpers in a turmoil for the past several weeks has been abandoned. All methods of sneaking up on the birds have been tried out and none work to any extent.

The birds are too wise to be trapped when they reach an age of independence, so they are being planted about the valley, while they are still sensitive to their foster mother's cluck. In other words the domestic hens will be moved with their broods to various farms, where the young will be fed until they are ready to take to the wild life of their own accord.

Widely Planted

About 234 have been planted in the Ashland vicinity, 100 at Griffin Creek and 82 at Eagle Point. The Jackson County Game Protective Association hopes to get some of the birds located in the Willow Springs district.

The birds which have grown up at the pheasant farm are well scattered in that territory and are seen seeking their own livelihood at numerous farms and orchards north of Medford.

In the last setting of eggs brought to the game farm there were 20 English pheasant eggs. The English pheasant is larger than the Chinese bird and the male is of darker color.

Partridges Prosper

Three years ago Kenneth Murray of this city planted 12 pairs of Hungarian partridges in the Antelope district. A recent survey made by Game Warden Roy Parr showed 3000 birds resulting from the planting. Plans for placing a game warden in that territory to protect the Hungarian pheasants are being considered. There is a closed season on the birds in this state and it is hoped they may become the most plentiful game birds in Oregon.

LAD OF NINE HAS LUCK IN CHETCO

Alfred Dodson, young son of Dr. A. E. Dodson, is a lassy boy today. He returned from Brookings last night with a catch of nine trout, one for each year of his age, and he had a grand time catching them in the Chetco, according to stories told by fellow fishermen.

Alfred motored to Brookings Sunday with Dr. and Mrs. R. C. Mulholland and daughter, Marjorie. Other members of the party, who spent the two days at the resort, were Mr. and Mrs. Delle Terrell, Mr. and Mrs. Carl Hagwood, and Mr. and Mrs. M. W. Clemenson.

They found salmon fishing very poor, the more experienced anglers report. Some trout were being taken from the river, but only about four salmon a day. Better fishing will be found there later in the season, they state. It was also too rough Sunday for deep sea fishing.

COCHET MAY QUIT SIMON PURE RANK

PARIS, July 28.—(AP)—Henri Cochet, the world's ranking amateur tennis player, who almost singlehandedly turned back the bid of England for the Davis cup in the challenge round completed Sunday, will decide within a fortnight whether he will turn professional, friends said today.

Although he told these friends before the recent series with England that his Davis cup defense would be his last, there is an effort afoot to dissuade him from abandonment of his amateur status.

His friends say a professional contract already has been drawn up and only awaits his signature and an international tennis tour is planned with himself and William T. Tilden, 2nd, as the main performers.

Cochet is noncommittal.

WOMAN GOLFER IS ALSO ACE ANGLER

Mrs. Fred Swiger, Jr., of Portland, well known in golf circles of the coast for the trophies she has won, playing for Waverly country club, threatens to be as adept at fishing as at golfing.

Saturday she caught an 18 pound salmon in the Rogue near the Elks' picnic ground and yesterday morning landed two salmon which tipped the scales at 25 and 30 pounds.

Mrs. Swiger is a guest here of her father, Dr. W. H. Heckman of this city, who is an enthusiastic fisherman.

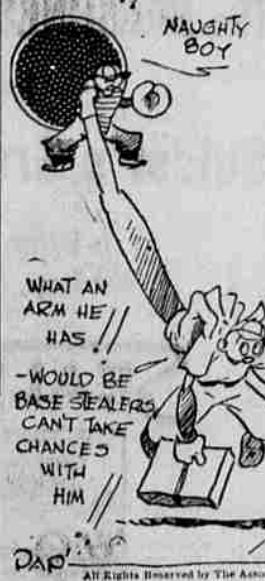

STEEHEADS NEARING DESCHUTES ENTRANCE

(THE DALLES, Ore., July 28.—(AP)—The steelheads are expected to reach the mouth of the Deschutes river this week and drawing anglers there by great numbers. The game fish run in ten days later than usual, Indian fishermen report. They are catching quantities of them in nets and wheels.

Steel sold as low as 89 1/2 yesterday and closed at 92 1/2.

Leaving out past performances, 5 per cent is a good return on a stock at that price.

Those that sell, and are able to hold, will regret it, and bank their heads on the bedpost when good times come back.

PIRATES RESUME TROUBLE MAKING ROLE IN LEAGUE

Pittsburg Takes 5th Straight Victory After Poor Showing in Early Season — Cubs Bow to Phillies

By Herbert W. Barker (Associated Press Writer)

Going nowhere in particular themselves, Jewel Eas' Pittsburgh Pirates apparently have decided to assume their customary late-season role—trouble makers for the rest of the National League. They won their fifth straight victory yesterday, wallowing the third place New York Giants, 8 to 6, although outhit, 14 to 10.

The second place Chicago Cubs fell to a point eight and one-half games removed from the St. Louis Cardinals when they accepted a 7-8 beating from the Phillies. Home runs by Buzz Artlett and Pinky Whitney, each with a Phil on the base, furnished the Phils with a lead the Cubs could not overcome.

Other National league clubs had a day off.

A's Nose Out Browns

The American league situation remained unchanged as the Philadelphia Athletics, nosed out the St. Louis Browns, 5 to 4, on Eric McNair's tenth inning home run. Rube Walberg chalked up his 16th victory of the year although he had little edge on George Blacholder who struck out nine men.

The Washington Senators won a free-hitting game from Cleveland, 11-7. Joe Kuhel's two doubles and a single driving in three Senator runs.

Babe Ruth's 27th homer failed to save the New York Yankees from an 8-7 beating by the Chicago White Sox in the first game of a doubleheader but 17 assorted singles, doubles and triples gave them the nip/tzap, 12-3.

The Sox won the opener in the tenth when Lazzari dropped Reynolds' fly and allowed the deciding run to tally.

Red Sox Drub Tigers

The Boston Red Sox bunched seven hits for eight runs in the fourth inning to wallop Detroit, 13-4.

Mr. Lamont, secretary of commerce, says corporations are not reasonably asked to refrain from wage cuts. It needs no ghost come from the grave to tell you a man who hasn't the money to meet the payroll can't meet it.

It was a sad, slow day in Wall Street by the way, although money for speculation cost only 1 1/2 per cent a year. The poor brokers sold only 600,000 shares of stock. Some will sell their seats cheap, and they, too, will bang their heads on the bedpost later. We have seen nothing yet in the way of stock speculation. Wait until the next boom comes, hold your seat for \$750,000, at least.

In Australia have been found fragments of a young woman who lived when "human beings were still attempting to walk erect articulately." Here is "the most complete human skull ever discovered."

The back of the skull, you will be sorry to hear, "resembles that of an anthropoid ape."

The lady who lived, perhaps, when Australia was not yet separated from the continent, had a brain cavity about half that of a modern human being.

And, most interesting, she proves that the muscular system "by means of which man maintains an erect posture, dominates the intellectual system."

However, the intellectual system also dominates the muscular. It was intellectual curiosity that made our primitive ancestors stand on their hind legs to look above the deep grass and bushes, to spy out dangers.

Later, that intellectual curiosity made us stand still straighter, and turn our skulls backward, that we might look at the stars.

George Bernard Shaw, praising Russians and their methods, asks: "Why did not England begin this instead of Russia?"

Such remarks worry the good "capitalists" of all countries. Let Emma Goldman, Upton Sin-

clair, or some other seriously professional radical, praise "that doesn't matter. But you cannot 'laugh off' Shaw, although his opinions mean less than those of the radical.

The worst of it is that newspapers everywhere print what Shaw says and capital is very timid, never more so than now. When you mention Russia the capitalist feels like Farner at the sound of the dire "nothing" motif.

Money's timidity is one cause of our trouble. It hides away, instead of going to work. Adolph S. Ochs put important truth in few words when he said that unemployed men present a less serious problem than unemployed money.

John R. Voorhis was at his office in New York City at 9 o'clock yesterday morning, for the regular meeting of the board of elections of which he is president. Yesterday was Mr. Voorhis' one hundred and second birthday.

That is important, because it shows that the thing can be done. Men can live past one hundred. And some day all of us will live beyond one hundred and fifty. Families will be smaller, only two children for each husband and wife, on the average. And following Plato's advice men will become fathers late in life, between sixty or seventy, perhaps, at the height of their physical powers, or later, between ninety and one hundred, at the height of their mental power.

The Women's Christian Temperance Union will learn, shortly, that Mr. Voorhis gave up smoking at ninety-eight.

These are days of black killing. In Calcutta, a British judge in his court was shot dead by a native. Police immediately killed his murderer.

A long way from India, in Pennsylvania, Patrick Ragan, district preacher of the United Mine Workers of America, was told by an intruder: "I have been sent to kill you."

Ragan thought that a bad idea, knocked the man down, took his gun, and shot him dead.

When planning to kill anybody named Patrick Ragan, it is wise not to tell him about it.

El H. Orr, recently secretary and treasurer of the Newspaper Delivery Union in Chicago, is secretary no more. Three men fired slugs into his automobile, and departed laughing, one saying: "Oh, boy! we sure got him that time."

Apart from that remark the killing was mere routine. Orr had taken the place in the union of an ex-convict once convicted of a big mail robbery, and again in a \$500,000 liquor warehouse robbery. Unions for their own sake and preservation should refrain from putting ex-convicts in official positions. If racketeering goes too far in unions, unions will die.

PORT ARTHUR, Tex.—(AP)—Dr. L. D. Coffman, president of the University of Minnesota, is a patient man. He is also not a fellow who goes fishing and winds up making his "catch" over the counter of a fish store.

Dr. Coffman, in company with Dr. Richard L. Sutton, Kansas City big game hunter, went deep sea fishing here recently. He casts 1,100 times before getting so much as a nibble, according to the Kansas City man.

After this seemingly interminable series, on the next cast he got a man-sized strike and landed a big one.

There were extra games here in the series between Los Angeles and San Francisco. Sacramento, Games which were postponed during the first half season will be played and second half stands, league decided.

The pairings for this week night are: Oakland, Frisco; Missions at Hollywood at Seattle; Sacramento at Los Angeles.

COUNCIL BLUFFS, Ia.—(AP)—Wilfred "Spec" Council Bluffs, 24, died here of a basal skull fracture, after a boxing contest here last night. Matched against Bert Lang, Council Bluffs, in a six-round windup match, Hudspeth being without assistance three Lloyd Rockwell, a fight to Lane on a technical out in the last round. He later collapsed and was hospitalized. He failed to regain consciousness.

POTHIER FOULED BY BENNY PELZ IN PORTLAND GO

PORTLAND, Ore., July 28.—(AP)—Ray McQuillen, Portland negro middleweight, knocked out Pete Meyers, San Francisco, in the seventh of his scheduled 10-round bout here last night. It was a give and take affair all the way until the knockout.

Pierre Pothier, Klamath Falls Frenchman, lightwight, won on a foul over Benny Pelz, Portland, in the eighth of their 10-round bout. Pelz struck Pothier low in the seventh and the bout was held up to allow the latter to recuperate.

In the eighth Pelz was cautioned for shooting looping uppercuts and at the bell Pothier seemed in distress and was given the verdict. Pelz had a slight edge while the battle was on, putting Pothier down for a count of seven in the third with a right flush to the face.

Hal Hoxwood, Salt Lake, and Irian Del Kennedy, San Francisco, went six rounds to a draw.

Kenneth Kent, Hood River, knocked out Paul Auburtin, Klamath Falls, in the final round of their four-round bout.

Jack Rainwater, Albany, won a technical knockout over Jim Sutter, Portland, in the third of their four-round affair.
