

### VALLEY GROWERS BACKING PEAR AD PLAN, ROSENBERG

David Rosenberg, president of the Pacific pear council, gave a report at the luncheon meeting of the Rogue Valley Traffic association today in which he stated that the Medford district is backing the plan to advertise the winter pears by an assessment on each box marketed. A strong percentage of local growers have signed and still others are coming into the group, he said.

California growers will not join the advertising movement this year, according to communication from that section read today. It was pointed out that many northwest growers feel California should not join any-how as there is little in common between the northwest pears and those produced in that section.

Several of the growers present said that they were not selling cull pears to the local cannery as they felt this was injurious to the pear market in general. A local cannery, it is understood, has contracted to buy cull Bartlett's from two packing plants for canning.

The matter of sending a representative of the local fruit growing industry to Portland for the forthcoming hearing on the proposed 15 per cent freight increase. This was referred to the executive committee.

Other business concerned largely the packing season and market conditions of this and other pear growing districts.

### ATLANTIC LINES CUT FIRST CLASS FARES

PARIS, July 30.—(AP)—First class passenger rates on 18 trans-Atlantic lines will be cut from 10 to 30 per cent, effective August 17, the North Atlantic Shipping conference decided today.

The United States lines, the Canadian Pacific and all the other major companies were represented at the conference. The reductions announced today were based on a schedule worked out by a committee appointed three weeks ago.

### ARISTIDE BRIAND ILL; UNABLE JOIN CABINET

PARIS, July 30.—(AP) Aristide Briand, veteran foreign minister of France, was slightly indisposed today and could not attend a cabinet meeting.

The co-author of the Kellogg pact has not been in the best of health lately and was fatigued by his work in the recent Franco-American negotiations here and at the seven power conference in London.

### MEDFORD IRRIGATION DISTRICT SUES FIVE

The Medford Irrigation District filed suits against five Jackson county land owners in circuit court this morning asking foreclosures on property and collection of delinquent tax liens. Suits were filed against G. H. Grover, George McDonald, C. G. Anderson, Roy L. Mead and Maggie Fiel.

Sums involved in the cases vary. All are delinquent members of the Medford Irrigation district which recently announced it was unable to pay interest on bonds and would be reorganized.

#### STORY 1 (Continued From Page One)

when they visit the city, and escorting them around the valley. According to information from Portland, General Hines has particularly requested that no special entertainments in the way of whoop-hoory banquets, et cetera, be considered, but that the committee be allowed to come here quietly, look over the country and depart the same way.

#### STORY 2 (Continued From Page One)

In four or five hours, stop there to refuel, and continue to Moscow if the weather is good, arriving there some time early Friday morning.

Herndon supervised the refueling here this morning while Pangborn caught up on his sleep. Then they had luncheon together, with Dixon Boardman, Herndon's stepfather, as their guest.

After luncheon they posed for the movie men and were off. The red plane circled the field once and darted eastward.

Both fliers during the luncheon expressed their determination to beat the Post-Glatty round the world speed record, but they agreed their forced landing last night in Wales had robbed them of their chance to circle the globe in six days, as they had hoped to do.

### Speedy Relief From Bunions-Soft Corns

No sensible person will continue to suffer from those intense, agonizing, throbbing bunion pains when the new powerful penetrating yet harmless antiseptic Emerald Oil can readily be obtained at any well stocked drug store.

Apply a few drops over the inflamed part and see how speedily the pain disappears and the inflammation is reduced.

So marvelously powerful is Emerald Oil that soft corns seem to shrivel right up and drop off.

Health's Drug Store and Jarmin & Woods guarantee one bottle to give results and are dispensing it to many foot sufferers.
