Anne Given Fan to Part Clouds On Japan Flight

WASHINGTON, July 30.—(AP)—Mrs. Charles A. Lindbergh was the owner today of an elaborate Japanese fan presented to her "to fan away the fog" over her aerial trip to Japan.

The fan was presented her last night by Madame Kishi, wife of M. Kishi, a member of the Japenese, after the dinner given Mr. and Mrs. Lindbergh at the home of Acting Secretary Castle of the state department.

COUNTY SCHOOL HEADS TO MEET

SALEM, July 30. — (AP) — County superintendents of schools will hold their annual conference with the state department of education here the first three days of next week, C. A. Howard, state superintendent of schools, announced today. The meeting will be a joint session of the state association with the department, at which time the year's educational program will be outlined.

School finances will be one of the major subjects discussed in view of the recent move for tax reduction, Howard said. Other subjects up for consideration before the 36 county officials include care of district owned textbooks, as the result of the free textbook provision of the state law; county school organization plans in lieu of eighth grade examinations, junior Red Cross, institute themes, teacher rating cards, supervisory reports and new elementary courses of study.

SPAN DEDICATION NEAR YREKA WILL FULFILL PLEDGE

YREKA, Cal.(Special.)—A pledge made 16 years ago will be fulfilled with the opening of the new Shasta Canyon highway north of Yreka. The pledge was made by the state of California to the state of Oregon at a meeting near the line dividing the two states, at which each pledged to the other that they would pave the Pacific highway to meet at the line.

Soon afterwards, Oregon kept her part of the contract and paved the road over the Siskiyou mountains. California voted a bond measure to carry out her part of the agreement, but the funds were expended by the time the road was paved as far north as Redding, leaving a gap of about 150 miles of narrow unpaved road.

As rapidly as possible, however, the California state highway commission has been rebuilding and surfacing this portion of the road and the portion through the Shasta River canyon completes the work.

The dedication of one of the bridges in the canyon to the pioneer stage drivers of northern California and southern Oregon on August 29 will mark the completion of the work. The bridge will be known as Pioneer's bridge and the dedication ceremony will be under the auspices of the Lions club of Yreka.

The governors of both Oregon and California will be present at the dedication, as well as numerous other officials of both states. The California State Automobile association will also participate in the program.

Miner Entombed.

MINERSVILLE, Pa., July 30.—(AP) Rescue workers today continued their efforts to rescue Stanley Kirinski, 45, entombed Monday night by a fall in the Lytle colliery of the Susquehanna Collieries company here.

Bread, Not Drink, Will Lure Votes in Next Election

LYNCHBURG, Va., July 30. (AP)—Newton D. Baker, former secretary of war, expressed the opinion here last night that major political parties will promise bread rather than drink to the people in the 1932 presidential campaign.

Baker, who is appearing as an attorney in a power suit here, said he believed prohibition would be an issue in 1932, but economic problems, with unemployment and tariff playing important roles, would overshadow all other issues.

ALL-NEW STAFF FOR KENTUCKY'S CAPITOL

FRANKFORT, Ky.—(AP)—Regardless of the outcome of the November election, every official of the Kentucky state capitol next year will be new in office.

The Democratic state convention selected a ticket, headed by Circuit Judge Ruby Laffoon, of Madisonville, for governor, and no incumbent was nominated on the ticket.

Klamath Falls—R. D. Kennedy, Portland architect, completed plans for J. C. Barnum's store building to cost approximately $18,000.

EDEN PRECINCT

EDEN PRECINCT, Ore., July 30—(Spl.) Fire damaged the Talent pool hall Monday, and it took hard work to save adjoining buildings. There was only a slight wind at the time.

Mrs. Ed Hamlin and son and Mrs. Carie Hutchison and Miss Hust went to the Furry ranch in Dead Indian, Sunday to gather huckleberries, but found none. The dry weather had caused them to drop.

Many of the former packers in this locality went to work in the packing houses this week. The Phoenix plants will open the last of this week.

Fern Valley is suffering from the drouth, and those who have large tomato fields will have a hard time maturing a crop.

Hally Wright lost his home by fire Friday evening. Mr. Wright was working away from home at the time. Neighbors helped save most of the household goods, but the house was a total loss. The ranch is situated a mile west of Phoenix.

Mr. and Mrs. Geseigh of Chico, Calif., are in Phoenix visiting Mrs. Geseigh's sister, Mrs. Clard Smith. The families visited Crater Lake Tuesday.

Mrs. Anna Simpson of Medford visited her brother and wife, Mr. and Mrs. C. Carey Sunday.

Jeff Bell and brother Albert Bell left Tuesday for Klamath county where Jeff will remain for some time with his son's family and visit his granddaughter and other relatives.

Clinton Carey, eighty-year-old gardener south of Phoenix, has corn twelve feet tall with ears eighteen inches in length.

July 22, neighbors of Woodcraft of Phoenix, held an interesting session. They initiated one new member of the juvenile circle into the adult order. One of the grand managers, Mrs. Anna P. Hawkins, was present and gave an interesting talk on Woodcraft. There were six visiting members from Ashland. The new officers did good work in the initiating ceremony. There were two vocal numbers by Arthur Hardesty, which held listeners with delight. Altogether, a most enjoyable evening was spent.

CHINESE REBEL FORCE OPENS GENERAL DRIVE

TIENTSIN, China, July 30.—(AP)—The rebel forces of General Shih Yu-San, reinforced from Shansi province, launched a general attack today upon Manchurian allies of the nationalist government and captured the city of Paotingfu. Shih Yu-San's vanguard captured 8000 prisoners, four airplanes and some wireless apparatus in penetrating the first line of defense of the Mukden forces at Pao Ting Fu, it was reported today.

ACID GASOLINE EXACTS A COSTLY TOLL WHICH YOU NEED PAY NO LONGER

...Lost Mileage-Declining Motor Performance Unnecessary Repair and Upkeep Cost, Etc., Etc.

Because the damage caused to your motor by acid gasoline is not visible at the time . . . it is none the less real, serious and costly. Acid in gasoline is not a new discovery . . . it is as old as gasoline itself. Its elimination from the crude oil has always been the big, perplexing problem of the refiner.

You may say "acid gasoline has never hurt my motor", and you may be sincere in thinking so. The fact is, however, you've paid the bills for damage caused by acid gasoline, as has every other motorist, for acid in gasoline is constantly exacting its hidden, costly toll.

Unfortunately, you have perhaps not known that acid in gasoline is largely responsible for declining motor performance, increasing cost of operation, and unnecessary repair and upkeep costs.

Slowly but surely acid in gasoline eats away at the unseen working parts of your motor. It corrodes the needle valve and float in the carburetor; it attacks bearings and eats into the crankcase. The result is excess gasoline consumption, reduced mileage, gradually impaired motor performance, and many upkeep and repair bills that might otherwise have been avoided.

No longer need you pay this toll of Acid Gasoline. The Violet Ray Process of Refining, protected by 7 U. S. Patents, (numbered 1625195, 1639988, 1652399, 1728156, 1769475, 1769476, 1792003, eliminates all Naphthenic and Sulphur-Bearing Acids from . . .

VIOLET RAY ACID-FREE GASOLINE

Your visible proof that there is and can be no acid in Violet Ray is supplied in the violet color of Violet Ray Gasoline. The slightest presence of acid would immediately destroy its violet color and turn the gasoline to white or straw color.

Why take chances on putting acid gasoline into your motor when you can have this infallible guarantee of Science that Violet Ray is free from acid? There is no other practical, visible test available to you. Any other gasoline (white or colored) may contain acids without your knowing it. Violet Ray cannot.

COSTS NO MORE THAN WHITE GASOLINE
