

PEN BUTTE FIRE ISOLATED SPOT CAUSING TROUBLE

Information about the forest fire in Klamath county could be had at this noon, because the fire lines had been set up to this point, and the fire on the north side of the mountain was being kept under control. The fire on the south side of the mountain had covered an area of about 8500 acres, including yellow pine timber. The fire is being fought because it is so hard to reach. It is in Klamath Falls that Med-

Definite Upturn Evident In Many Industrial Lines

NEW YORK, Aug. 6.—(AP)—The extreme low point of the depression definitely has been passed in certain lines of industry, Standard Statistics Co. says. "Distinct improvement already is evident in the automobile tire, shoe, sugar producing, flour, milling and textile trades," the statement adds.

"Also, second quarter reports generally have been no worse than previously expected, and, in some instances, have shown unexpected betterment."

MEDFORD LEGION MEN APPOINTED ON COMMITTEES

PORTLAND, Ore., Aug. 7.—(AP)—Ralph T. O'Neil, national commander of the American Legion, will reach Portland at 7:30 a. m. Friday from the east, leaving at once by automobile for Corvallis where he will deliver the principal address at the state convention of the legion.

He will be accompanied by Corvallis by Major General Charles H. Martin; John Biggs of Hermiston, state commander, and Carl Moser, state adjutant.

CORVALLIS, Ore., Aug. 6.—(AP)—Gathered from the four corners of the state, legionnaires of Oregon were here today for the opening of the annual American Legion three-day convention. All preliminary arrangements were completed last night by executive committees.

Hundreds of legion delegates and their wives, auxiliary and 40 et al representatives and visitors swarmed over the city which was gaily decorated for the event. The first day registration was believed to be the largest of any state meeting.

The fun organization, the 40 et al, ruled the convention today. The

annual promenade and business session this afternoon was to be followed by the usual "wreck" tonight.

Delegates are prepared to lend impetus to the movement to bring the 1932 national convention of the legion to Portland.

Committee appointments announced today included the following, with the chairman first named:

Americanization: John Flurry, Roseburg; JOHN HOLMER, MEDFORD; Al Skelton, Grants Pass; A. M. Holden, Burns; Ray Crowder, Arlington.

Constitutional amendments: Alex Berry, Portland; Lane Goodell, Salem; Ray Basset, Salem; Frank Hill, Roseburg; W. C. Burrell, Bend.

Legislation: George Jett, Baker; Hugh Brandy, La Grande; Robert Frown, Cottage Grove; W. C. Rutherford, North Bend; James Cassell, Portland.

Publicity: C. B. Stewart, Roseburg; Ed Bailey, Eugene; Jack Barton, Pendleton; Ernest Starr, Silverton; F. H. Beard, Lebanon.

Resolutions: F. V. Galoway, The Dalles; Max Page, Salem; Grover Francis, Ontario; Earl Spaulding, Hood River; R. H. Hoskins, Astoria.

Post activities and organizations: El McSherry, Salem; George Lewis, Pendleton; J. W. Bowman, Baker; Dave Johns, Stayton; FRED FRY, MEDFORD.

Members of committee on committees are J. W. McInturff, Marshfield, chairman; Francis Zeigler, Corvallis; Alex Barry, Portland; Brazier Small, Salem, and Ralph Huron, La Grande.

RECREATION CLUBBERS GOING TO DEAD INDIAN

Members of the Jackson County Recreation club are planning an outing for this week end to Dead Indian Springs, where they will be guests of Mr. and Mrs. Jack Tyrrell.

The party which will leave for the resort Saturday afternoon will include about 60 persons. Supper will be served at the springs and a program of stunts presented during the evening.

Sunday the swimming pool, recently completed by Mr. Tyrrell will be tried out and other sports, including baseball, enjoyed.

4-H CLUB LEADERS PLAN ORGANIZATION

Leaders of boys and girls 4-H clubs of Jackson county are meeting this afternoon at the city library to organize a county leaders association. The groups are working with Mrs. Mabel Mack and County Agent H. G. Fowler, club leaders.

It is believed that more beneficial work can be done within the clubs through organization of the leaders, who will meet to develop and exchange plans.

"TOASTING" expels SHEEP-DIP BASE naturally
(Black, biting, harsh irritant chemicals)

present in every tobacco leaf

"They're out—so they can't be in!"

Every LUCKY STRIKE is made of the finest tobacco leaves the world can offer—the finest from Turkey—the finest from Kentucky, Tennessee, Virginia, Georgia and the Carolinas—the Cream of many Crops throughout the world. But all tobacco leaves, regardless of price and kind, as nature produces them, contain harsh irritants. LUCKY STRIKE'S exclusive "TOASTING" Process—a process that mellows, that purifies, that includes the use of the modern Ultra Violet Ray—expels certain harsh irritants naturally present in every tobacco leaf. We sell these expelled irritants to manufacturers of chemical compounds, who use them as a base in making sheep-dip*, as well as a powerful spraying solution for fruits, flowers and shrubs—enough to permit the daily dipping of over 50,000 sheep or the daily spraying of many thousands of trees. Thus, you are sure these irritants, naturally present in all tobacco leaves, are not in your LUCKY STRIKE. "They're out—so they can't be in!" No wonder LUCKIES are always kind to your throat.

The electric washer substitutes electric power for human labor

The primitive woman who washed her simple garments by soaking them in water and beating them against a stone didn't have such a bad idea—the electric washer operates on the same general principle, only scientifically modified and adjusted so that no harm is done to the daintiest articles of wearing apparel.

There is one important difference; whereas the primitive woman actually worked when she washed clothes, the modern woman simply watches an efficient machine substitute electric power for human labor.

In a few hours, and at the cost of only a few cents... because electric service is cheap... an electric washer will do the biggest kind of a family wash. Select the one you like from your dealer's stock.

primitive life requires food, clothing and shelter. MODERN LIFE DEMANDS COMPLETE ELECTRIC SERVICE.

PERFECT SERVICE

Sirs:

We are now using 125 of the Electrolux Refrigerators in our apartment houses in New York and find them entirely satisfactory.

We have no trouble or complaints as they give perfect service and one of the reasons that we are using them in preference to any other type is that there is no noise, nor do we expect to have any repairs for years to come. We have only the best recommendations to give them.
