PENNSYLVANIANS VISIT KIN HERE

Mrs. W. A. McKean of Enon Valley, Pa., and Miss Mamie Watt, sister and niece of W. H. Watt, who resides near Medford, were included in the party of 210 Pennsylvania farmers who visited Medford yesterday and attended local churches. The special train arrived here from the north at ten o'clock in the morning, and left for the south about 1:30 in the afternoon.

Mr. Watt had not seen his sister for 23 years. Mrs. McKean and Miss Watt were dinner guests at the Watt ranch, and previous to their departure were presented with boxes of peaches and pears.

P. R. Hagerty, who with Mr. Watt and W. S. Gilmore was a member of the committee from the Presbyterian church to escort the party to the service, was surprised to greet two of his distant relatives, John Burkett and W. W. Stewart of Sinking Valley, Pa. Mr. Hagerty and the two men enjoyed a trip throughout the valley previous to the departure of the train.

COUNTY MEDIC IS BACKED BY RULING

In a ruling received from the state attorney general's office today, the right of a head of any county department to discharge an employe is upheld, and is held to be the common practice in the counties of the state. An opinion was sought from this county in the county health department controversy between Dr. B. C. Wilson, county physician, and Mrs. Lydia King, ousted health nurse.

The ruling upholds the contention of Dr. Wilson, through his attorney, that he had a right to discharge Mrs. King. It was the main contention in the recent hearing. As a result of the decision any further action on the charges filed by Mrs. King against Dr. Wilson will be within the jurisdiction of the grand jury and not the county court. Mrs. King, shortly after the hearing, filed her resignation and left for Portland.

WEEK-END BUSY FOR LOCAL COPS

Saturday night and Sunday were busy times for city, county and state police officials with a dozen arrests for liquor and auto law violations. All were scheduled to appear before the justice court today.

Ray Farnsworth, Talent, and Kenneth Jacks, Eagle Point, the latter on parole, were arrested Sunday on the Crater Lake highway for reckless driving by the state police. Search of their car, it is alleged, revealed several bottles of beer.

Alphonse Kirkland, Clifford Aman, Jerry E. Day, Mrs. J. Rock, J. E. Cook, and Bud Clay were arrested Saturday night for sale and possession of beer.

Ray Edwards of Phoenix was nabbed for being drunk and disorderly, and Wilbur Johnson of Klamath Falls is held for alleged forgery.

HEAVY FINE FOR CARELESS DRIVER

Mr. and Mrs. W. R. Lamb and daughter Dorothy, 15, of Reese creek, sustained several severe cuts and bruises but no internal injuries when the Dodge sedan in which they were driving north on the Crater Lake highway yesterday afternoon, was struck by the Snider delivery truck, driven by Howard Thompson.

They were rushed to the Community hospital for treatment. Several stitches were taken in the girl's arm, which was cut by the broken window shield. The three were then returned to their home, Dr. R. W. Seeter reported this morning.

The accident occurred about six miles north of Medford. Thompson was brought into Judge Taylor's court this morning by State Police Officer E. M. Bawcom and fined \$100 and given a suspended 10-day sentence. He pleaded guilty to careless and imprudent driving, given as cause of the accident.

RAY BOY INJURES EAR WHEN CARPET SLIDES

After Jack Ray, three-year-old son of Mr. and Mrs. J. B. Ray, had spent the day climbing around and mastering some real hills while at Crater Lake Sunday, the polished hardwood floors at his Ray home proved too much for him. During one of his usual "rides" on a small carpet, the little fellow slipped, causing injuries to his ear.

A blood clot formed on the inside of the ear. Dr. L. D. Inskip reported today that he was getting along nicely.

BUTTER SHOWING GOOD TENDENCY

PORTLAND, Aug. 10.—(AP)—Trading in the butter market reflects a generally strong tone along the coast, with some improvement in the late California situation. Generally maintained prices are shown for eggs in the local market as a result of continued light arrivals of fresh good. There was no change in prices named by the Pacific all-coast.

Through the live chicken market a generally well maintained tone is reflected here. Heavy hens are no higher than 20-21c lb. Further strengthening influences appear in the general market for sales.

Sales of home grown Crawford peaches reflect a good tone with prices held around 65-75c, according to size of fruit. There is a very excellent demand for light weight country-killed calves of quality but the market is receiving the full needs of heavier stuff.

NEW YORK, Aug. 10.—(AP)—Persistent liquidation of the rail shares gave the stock market a heavy cast today, but losses ranging from 1 to 7 points were reduced in the last hour.

The break in the cotton markets was a bearish development overshadowing the financial markets, and tending to obscure such favorable developments as the victory of the Brüning government in yesterday's Prussian plebiscite, improvement in foreign bonds and foreign exchange rates, and a fair rally in the grain markets. U. S. Steel's unfiled tonnage report was somewhat more unfavorable than expected.

The share market remained extremely dull, and total transfers again were substantially under a million shares.

County Citizens GETTING 'BREAKS' IN PEAR HARVEST

Investigation of the local fruit situation, by the county court and other agencies, shows that more than 85 per cent of the laborers are residents of the county. Packers and growers assured county officials this morning, that reports to the contrary were exaggerated. Complaints had been registered that California transients were employed.

Shippers state that local workers are many California licensed auto near the orchards and packing plants and base their conclusions thereon. Packers claim this is a faulty index, as many local residents sport California license plates, and a California license is no sign a Californian is at work.

Wherever possible, Jackson county residents are employed, the shippers say, and as far as possible those with dependents. They claim a shortage of local packers in order to get experienced men. Packers also reported that the activity of the state number of foreign licenses on hand stored same until they change the higher price licenses.
