

### PORTLAND FINDS PEACH SHORTAGE; PEARS GO SLOW

PORTLAND, Aug. 13.—(AP)—There was an acute shortage of peaches on the east side farmer's market today. Only two small lots were displayed and growers asked less than the usual market for these while they could have obtained a small premium at least. Sales mostly 60-65c.

Cabbage was easier at \$1.00-1.10 crate. Peppers were slow and in liberal offering; mostly 40c box.

Real Hubbard squash was offered nominally 2 1/2c lb. Danish at 50c bush box or 60c lug. A trifle slow.

Corn was easy at 50-60c sack.

Blackberries were a trifle dull at 1 1/2c; mostly 60c crate.

Pumpkins sold at a spread of 40-60c box generally; a few well packed stock higher.

Lettuce sold well 1.25-1.50 crate for best local.

Bartlett pears moved slowly, \$1.50 for packed and \$1 for jumbles.

NEW YORK, Aug. 13.—(AP)—The stock market scored moderate recovery today, finishing with general advances of about a point.

Firming of the oil shares on the signing of a conservation bill in Texas expected to cut the flood of oil from the great east Texas pool by about 20 per cent, started an advance, which spread through most

of the list, affecting the merchandising food and miscellaneous issues notably. Rails also recovered in spots, on ordering of the regular dividend by Union Pacific.

The advance faltered considerably during the afternoon, and final prices were generally somewhat under the day's best. The closing tone was firm, however, and sales were around a million and a half shares.

Today's closing prices for 17 selected stocks follow:

### BUTTER AND EGGS RULE UNCHANGED

PORTLAND, Aug. 13.—(AP)—There was no change in the butter price the late session of the exchange.

Butterfat values continue extremely high at all northwest points considering the price of butter.

There was little, if any, material change in the egg market situation for the day. Prices named by the local co-ops were unchanged and private interests reported likewise.

Sale of live chickens generally continue at the recent high price according to leaders of the trade. Demand is good in all lines but there is no acute shortage of offerings.

There continues a demand for dressed hen turkeys in the local trade with prices well held. Reports indicate the early entrance of new crop broiler turkeys.

### New Star Has Lead In Craterian Film

Climaxing a succession of featured roles in which his popularity has soared to astonishing heights, Clark Gable takes his place among the stars in "Sporting Blood," coming to Fox Craterian Friday and Saturday.

Gable entered pictures shortly after his stage appearance in San Francisco as "Killer" Mears in "The Last Mile."

Gable was the salvationist in Joan Crawford's "Laughing Sinners," a gangster in "Dance, Paddy, Dance," a reporter with a sense of humor in "The Secret Six," the fascinating gambler in "A Free Soul," and a chauffeur scheming his employer's downfall in "Night Nurse."

"Sporting Blood," while it deals with a gambler, a feminine follower of the tracks, and a broken-down thoroughbred, is not strictly classifiable as a racket picture. It has a human story, dealing with the regeneration of a man and a girl through their love for a gallant thoroughbred.

### ZULU MONUMENTS TO HONOR ROYAL QUARTET

VRYHEID, Natal.—(AP)—Czika, Cetwayo, Diniuzu and Mpande, Zulu kings whom Sir Hider Haggard immortalized in his African romances are to be commemorated by four monuments at various centers in the Zulu nation.

This is the first time that the Zulus have erected any memorials after the modern fashion.

### CLOSE BIG AREAS IN COOS, DOUGLAS TO PREVENT FIRE

### Serious Condition Brings Action by Governor Meier On 245,000 Acres—Lands Mostly Remote

SALEM, Aug. 13.—(AP)—Proclamations closing 245,000 acres in eastern Coos and western Douglas county to all forms of entry and 144,000 acres to all entry except by permit, were issued by Governor Julius L. Meier today. The serious fire conditions in the areas closed caused the action of the governor, upon recommendation of Lynn P. Cronmiller, state forester.

Sixty thousand acres closed to all forms of entry is in the Eden Ridge country south of Camas valley and the remainder is in the Tioga and Bottom creek country. The areas closed to entry except by permit, include 6,600 acres on the headwaters of the west fork of Crow creek, 17,500 acres east of Powers on the south fork of the Coquille river, 12,000 acres south of Roseburg-Marshfield highway between the mouth of Elater creek and three miles below Remote, and about 80,000 acres north of the Roseburg-Marshfield highway between Bradford station and below Remote.

First State Closing

These are the first areas that have been closed by the governor's proclamation within state units. Cronmiller announced. All other proclamations have covered national forest lands or private lands within the national forest protective units. The total area closed to all forms of entry up to the present time is approximately 350,000 acres. He said the total acreage closed is very small when compared with the entire 26 million acres of forest land in the state, or less than two per cent.

"The area for which the absolute closure is added consists of some of the most inaccessible portions of western Douglas and eastern Coos counties," Cronmiller said. "There are no residents within any of this area."

### Pageant Tonight At Plunges In Ashland

A one-act pageant entitled "The Enchanted Pool," will be presented this evening at the Twin Plunges in Ashland by people of that city. A water carnival under the direction of Matt Thompson has also been planned for the evening, to be followed by a dance, with music by Ike Powers' orchestra.

The entire presentation is free to the southern Oregon public, and many from this city are planning to attend. Included in the cast of the pageant is Dorothy Gaddis, daughter of Mr. and Mrs. E. C. Gaddis of this city. Pageant and ballet of the program is under the direction of Marjorie McNair.

### Joe Brown Scoring In "Broad Minded"

Everybody at the Holly last night when Joe E. Brown appeared as the star of "Broad Minded" seemed suddenly to act as if there were not such a thing as worry in the world. Funny play and funny players added to a good story, worked like laughing gas.

Joe E. outdoes even himself in the unique character of a timid follower of the eternal feminine, who by an odd turn of fate is made the caretaker of a young roué about with money—whose father wants him taken so far from the women that he'll never think of them.

Showing with the feature is another of the Adventures in Africa reels, and as a special attraction the Holly is showing this reel on the giant multi-life screen. A news reel with Graham McNamee announcing, and a Bobby Jones golf reel, "The Brassie," round out the show at the Holly.

### METHODIST EPISCOPAL APPOINTMENTS MADE

STEVENSVILLE, Mont., Aug. 13.—(AP) Bishop Arthur J. Moore, of San Francisco, today announced ministerial appointments for the northwest conference of the Methodist Episcopal church, South.

The appointments included: Portland district: Presiding Elder R. V. Waldraen, Richmond, Calif., to Corvallis, Ore. W. E. Tipton, San Francisco to Corvallis, Ore. P. D. Hartman, Spokane to Coquille, Ore. J. J. A. Hall, Myrtle Creek, Ore. to Franklin, Ore. C. F. McConnell, Walla Walla, Wash., to Myrtle Creek, Ore. C. E. Smith, Corvallis, Ore., to Roseburg, Ore. Frank Hopkins, La Grande, Ore., to Oklahoma conference, residing Elder J. B. Neenan, Corvallis, to Richmond, Calif.

### ENGINEER'S 'STOPPIES' AID PROPELLER STUDY

NEW YORK.—(AP) Where the public has its "stoppies," the engineer has his "stoppies." Members of the Society of Automotive Engineers are looking at "stoppies" to study such rapidly moving mechanisms as airplane propellers or engine valves.

"Stoppies" are made possible by use of a "stroboscope" with a flicker light that flashes a series of images to the eyes, the flickers being synchronized with the mechanism so that the moving mechanism appears stationary.

By making a gradual change in the synchronization between the flickers and the position of a moving part, slow motion of a mechanism is obtained.

### Bandits Companion To Be Sent Home

The district attorney's office planned to take action today to again home Mrs. Marie McCandless, paroled from a 10 years' sentence in state prison as the companion of Ed P. "Tough Eddie" Rice, who entered state prison yesterday to serve 15 years for the holdup of the Bellview service station near Ashland a week ago. The Red Cross will be asked to supply a ticket to Seattle for the woman. She was paroled last Monday, but held in the hopes that kin would provide transportation back home for her.

Mrs. McCandless was disappointed when county authorities refused to let her ride as far as Salem with her paramour on the auto trip yesterday. The pair were allowed to say farewell.

### Shangle Now Heads Photographers Of Southern District

J. Verne Shangle was named president of the Southern Oregon Photographers' association to succeed B. E. Harwood, at the meeting of the association held Tuesday night in Klamath Falls. Harwood recently resigned from the office. Henri Conrad of Klamath Falls was chosen vice-president.

Letters of congratulation regarding the Medford photographers' success in passage of the recent ordinance regarding their profession, written from various cities, were read. The Medford group was highly commended for the action taken, and credited with aiding photographers of other cities in solving their difficulties.

The Klamath Falls prize money from last year's fair was received and several instructive talks on improved business methods were given. The southern Oregon association has been invited to enter a display in the Pacific coast convention to be held in Sacramento. Each photographer is submitting three large photographs.

Shangle is also entering an individual exhibit at the convention.

### Display New Modes In Mann's Windows

New styles in fall dresses, coats and hats, as well as accessories have been displayed this week in Mann's Central avenue windows. Fabrics of silks and rayons in the latest shades are being shown in various models.

In harmony with the color tones, felt hats of the derby and Eugene modes are attracting much attention.

### Bids on Grading Due At Office August 17

The Medford school board will receive bids on grading the Washington school grounds on Petach street, according to the grades established by the city engineer's office, it was announced today.

Bids must be filed at the school superintendent's office before 5 p. m., August 17, 1931. Specifications as to grading may be had at the school office.

### WAKE UP YOUR LIVER BILE— WITHOUT CALOMEL

And You'll Jump Out of Bed in the Morning Rarin' to Go

If you feel sour and sunk and the world looks pink, don't swallow a lot of salt, mineral water, oil, laxative candy or chewing gum and expect them to make you suddenly "sweet and buoyant and full of sunshine."

For they can't do it. They only move the bowels and a mere movement doesn't get at the cause. The reason for your down-and-out feeling is your liver. It should pour out two pounds of liquid bile into your bowels daily.

If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas bloats up your stomach. You have a thick, hard taste and your breath is foul, skin often breaks out in blemishes. Your head aches and you feel down and out. Your whole system is poisoned.

It takes these good, old CARTER'S LITTLE LIVER PILLS to get those two pounds of bile flowing freely and make you feel "up" again. They contain wonderful, harmless, gentle vegetable extracts, amazing when it comes to making the bile flow freely.

But don't ask for liver pills. Ask for Carter's Little Liver Pills. Look for the name Carter's Little Liver Pills on the red label. Rowntree's substitute. See at all stores. © 1931 C. M. Co.
