GATE OF CONVENT DEFIES BATTERING OF ARMAGH MOB

BELFAST, Northern Ireland, Aug. 18.—(AP)—Two nights of rioting in three towns have marked the feud between the "Orange" and the "Green."

A mob collected from surrounding districts marched around the town of Ballynure, County of Armagh, last night and attempted to batter in the gates of a convent, using a handcart for a ram. Thwarted, they contented themselves by smashing windows in several shops.

Truckloads of police were rushed from Belfast and the special constabulary was mobilized, restoring order. Veterans, Robbers College Men Dull, Teachers Declare

NEW YORK, Aug. 18.—(AP)—The American Legion and college seniors are criticized in the annual reports of the Carnegie foundation for the advancement of teaching made public today.

"Plain notice was given to the people of the United States that the leaders of the American Legion intended to raid the treasury of the United States by the same process through which the G. A. R. was transformed from a patriotic society to a political subsidy-seeking organization. If these efforts succeed there will be imposed upon the people of the United States a staggering burden, and there will be inaugurated among ex-soldiers a demoralization beyond the power of any man to estimate."
