## BRIDE FLUNG FROM WINDOW

### DYING WOMAN REFUSES NAME HER ASSAILANT

#### Naval Officer's Young Wife Falls From Fourth Story of San Francisco Hotel Following Gay Party

SAN FRANCISCO, Aug. 24.—(AP)—Police and naval authorities united here today to investigate the fatal plunge of Mrs. Daisy Price, bride of Lieutenant Commander George D. Price of the aircraft carrier Lexington, from a fourth story window of a hotel early yesterday.

Mrs. Price, daughter of Mr. and Mrs. Thomas Buery of Charleston, W. Va., was married to Commander Price in Coronado, Cal., six weeks ago. She came to San Francisco last week when the U. S. fleet arrived. Commander Price last saw his wife Saturday afternoon. She had told him she planned a little party in her hotel apartment Saturday night and her husband approved. The commander ordered an assistant to bring a young aviator in his command, to "look after" Mrs. Price.

Plunge Witnessed. After the party, which police said ended some time after midnight, Mrs. Price was seen plunging from her window to a cement court. Burton Templeton, a guest at the hotel, with rooms across the court from Mrs. Price's, said he saw her crash through the window and what appeared to be a bottle was thrown after her. Templeton rushed below and found Mrs. Price still conscious. He told police he asked her if she jumped and that she told him: "No, I was thrown." She was asked who threw her and she said: "I'd rather not say."

Mrs. Price died a few hours later at a hospital and in a dying statement told Assistant District Attorney Walter Schiller: "It was my fault."

Not Poisoned. The case was complicated for a while today by the statement of Dr. Raymond W. Vizzard, who attended Mrs. Price, that she had apparently died of poisoning. At his suggestion police ordered an analysis of the contents of her stomach. Later Dr. A. A. Berger, coroner's autopsy surgeon, reported there was no trace of poison. Others at the party reported they drank some of the liquor which Mrs. Price drank and suffered no ill consequences.

Commander Price, who was on duty with his ship at the time, said: "It is quite likely that one of her guests at the party, or a stranger, secreted himself in the apartment and waited until the others had gone before making his advances. It seems probable that my wife was backing away from her assailant, holding a chair before her, when she either backed through the window pane or was forced through it by the attacker's assault."

A bell boy at the hotel said Lieut. Downer left less than half hour before the crash. Mrs. Price was in pajamas when found in the court.

### PHOENIX MEN IN SUNDAY BATTLE

An altercation between J. C. Berrang and Sam Edwards at Phoenix disturbed the peace and quiet of Sunday forenoon in that community, and disturbed the usual serenity of County Jail after Sheriff Ike Dunford by causing frantic phone calls from Phoenix that a man was being murdered there, and while Ike was hurrying to Phoenix in response was stopped on the way and told that a man had committed suicide at Phoenix, instead.

### FARMERS PLEAD WITH MEIER AS EVICTION LOOMS

#### Delegation Demands Moratorium On Farm Mortgages—Pledge of Co-operation Made by Executive

SALEM, Ore., Aug. 24.—(AP) Delegation of farmers to Governor Meier today to demand a moratorium on farm mortgages or immediate relief to farmers to prevent eviction from property, was made of Governor Julius L. Meier today by a delegation of thirty farmers from Yamhill and Washington counties. The demand was met with pledge of cooperation to aid wherever possible, but with the statement that the executive had no power to declare such moratorium.

The delegation stated the depressed conditions affecting the Ghebelem Central valley. A recent mass meeting at this place directed the committee to seek aid from the state and from the governor.

It was declared that a recent survey of the district revealed that farmers there were facing the prospect of eviction if proceedings by mortgage holders were pushed, or unless a moratorium on payments was declared. It was said that a small percentage of farmers had already lost their places. More would lose them within the next 30 days while the majority face the prospect of eviction by spring.

In ranks of jobless The delegation requested the governor's support in securing some moratorium, stating no desire for cancellation of obligations. Speakers declared the farmers now were in the ranks of the unemployed, and that if nothing more, the force of public opinion may keep mortgage holders from closing down.

Some of the pleas for aid bordered on the pathetic, one speaker declaring it was the human element which must be considered, and that "there is only one issue—home, family and children—during this depression."

Governor Meier met the demands with a pledge to assist wherever possible, but stated his belief that the governor had no right to declare a moratorium on individual obligations. "It is up to each individual to work out his own problem," the governor said, "and I believe your creditors will be lenient with you if you explain your situation to them. In the meantime I will investigate my legal powers and determine to what extent this office can assist you."

### MISS REES BACK TO FACE CHARGE

Gwetholyn Rees, young lady office worker, charged with passing forged checks on a number of local merchants, totaling \$75, was returned from Redding, Calif., yesterday, and steps were underway today, to have her make restitution. According to the district attorney's office, she has funds for this purpose. Merchants involved were scheduled to hold a conference with the district attorney this afternoon, regarding the course to be taken.

### GATES DESCRIBES PRODUCTS PLAN TO KIWANIS CLUB

His first report to Medford on the newly organized association called "Oregon Incorporated" was given today by W. A. Gates at the meeting of the Kiwanis club at the Hotel Medford.

The committee called together for the first time by Governor Julius Meier has as its purpose promotion of the sale of Oregon products.

The first major event in the publicity campaign to be undertaken toward this end will be the all-state broadcast Thursday evening in which all radio stations of Oregon will be united. Mrs. Julius Meier, wife of the governor, will give the address of the evening. The musical program will be furnished by the Portland Symphony orchestra.

Following Mr. Gates' outline of the work planned by the organization the Kiwanis club endorsed the project by unanimous vote and pledged its support to the program.

Mr. Gates, who was elected vice-president of the association soon after he attended the first meeting as representative of the Medford chamber of commerce, attended the three day meeting of the group held in Portland last week. The complete plan of operation and financing was worked out at this meeting.

### Wampas Baby Star

Constance Cummings of Seattle-Wash. is one of the 13 baby stars of 1931 chosen by the Wampas, an organization of Hollywood publicity men.

### IDAHO GUARDSMEN CALLED TO FIGHT FLAME IN FOREST

BOISE, Idaho, Aug. 24.—(AP)—A hundred Idaho National Guardsmen, ordered to the forest fire lines by Gov. C. Ben Ross, moved out of Boise today for emergency duty near Imperial Pioneerville and Grimes Pass.

The troops were ordered mobilized last night and equipped with grubbing axes and shovels when a sudden turn of the fire increased the danger of destruction of the two towns and a half dozen mining camps nearby.

About 500 fire fighters on the 40-mile front spent the night and early part of the day digging trenches and backfiring in an attempt to hold the flames.

Dr. C. C. Fairchild who is directing much of the relief work around Centerville said the fire was "right at" Grimes creek and little hope was held that it would be saved if the wind of yesterday afternoon was repeated today.

papers, radio, service clubs, chambers of commerce, Granges and schools.

If every family in Oregon would spend 50 cents more a day on Oregon products, Mr. Gates told the Kiwanis, the unemployment problem in Oregon would be solved through the expansion of Oregon industries, which would result.

It is the plan of the association to have each community of the state form its own committee to handle the details under the direction of the chamber of commerce. The Granges will offer their assistance throughout the campaign and are being organized for this work by State Master C. C. Hulet.

### M'DONALD WILL FORM NON-PARTY BRITISH CABINET

#### Conservatives and Liberals to Join Forces in Work of Restoration Threatened World Credit

LONDON, Aug. 24.—(AP)—J. Ramsay MacDonald faced with a split in the ranks of his own party, today handed King George his resignation as prime minister and accepted the king's mandate to form a new government in which all three of the major parties will be represented.

He stepped out as head of the labor government and in again as prime minister of the new national government in twenty minutes with the king, during which he submitted to the monarch the personnel of his new cabinet.

Then he kissed the king's hand, an age-old ceremony, marking the beginning of his service as prime minister under the new regime.

To Bolter Credit An official statement issued at Mr. MacDonald's office reported these facts, acknowledged that the new government was to be formed "for the purpose of meeting the present financial emergency," and added that Mr. MacDonald had gone into conference with Stanley Baldwin, the conservative leader, and Sir Herbert Samuel, David Lloyd George's lieutenant for the liberals.

These two, the statement said, are "cooperating with Mr. MacDonald in the constitution of the new administration."

### GOLFING GALAXY IS PROMISED FOR CUP TOURNAMENT

Entries from many golfers in the northern California-southern Oregon section are being received for championship tournament for this territory, which will be held at the Rogue River Valley Golf club, September 4, 5, 6 and 7, according to information received today from Don Clark, chairman of the committee in charge of the tournament. It is expected that the entry list will include many of the best golfers in Oregon, from Eugene south, and quite a representation from the northern California golf clubs.

Play for the Larry Schade Trophy, emblematic of the district championship, will begin Friday, September 4th, with qualifying rounds of 18 holes, to be followed Saturday, Sunday, and Monday with match play over the 18-hole route, with the exception of the final match in the championship flight, which will be for 36 holes.

The trophy cup has been in competition for the past two years, and was won in 1929 by B. B. Hammond, Jr. and in 1930 by Don Clark. Both of the previous winners of the trophy will again be in competition this year, as will numerous other stellar golfers, and competition will undoubtedly be keen. The cup must be won three times for permanent possession.

### C. P. WOMAN HURT WHEN AUTOS HIT ON NARROW ROAD

Miss Alice Milkowski of the Central Point district, was rendered unconscious and remained in that state for 12 hours, as the result of an auto crash on the Table Rock highway Sunday, between cars driven by Otto Ruether and Ira Wilson, both of Central Point. Ruether was badly cut on the cheek by flying glass. The accident occurred at a point on the highway made narrow by a culvert, and the two cars side-swiped. Other occupants of the cars escaped injury.

The condition of Miss Milkowski was reported today as improved. The state police investigated the accident.

The state police also reported an accident at the Lone Pine service station near Tolo yesterday afternoon, when autos driven by Mrs. Frank Holbrook and Dr. Koonz of this city crashed when the Holbrook car turned into the service station. No injury, slight damage.

Clady Snell and her husband were arrested on the Pacific highway south of Ashland, charged with being drunk and disorderly. It was Mrs. Snell's birthday, authorities say. They were fined \$20 this afternoon in Ashland justice court.

Dick Durand of East Jackson street this city was arrested for alleged possession of 20 gallons of mash and 51 quarts of beer, and alleged assault upon his wife.

W. A. McCune and Ralph Ogden were arrested Saturday night, charged with driving while drunk, and possession of liquor.

James Craig was also arrested by authorities Saturday and placed in the county jail. He was said to have been drinking canned heat and was alleged to have passed a worthless check at the Home Grocery.

Having been arrested on the same charge previously, "Pat" Clifford was placed under arrest Sunday night on a drunkenness charge.

### LINDY REACHES NEMURO AMID JAP "BANZAI'S"

#### Flier Disclaims Globe Hop Is Present Plan—Wife Lauds Japanese Wireless Staff for Assistance

TOKYO, Aug. 24.—(AP)—High government officials apparently did not take seriously the report today that the suspicious of certain authorities had been aroused by the landings of Colonel and Mrs. Charles A. Lindbergh on waters in alleged prohibited zones in the Kurile Islands.

Prior to leaving Petropavlovsk last Wednesday the Lindberghs, from available weather reports, concluded that tricky fogs might overtake them and on that account applied to the American embassy for an emergency landing permit which was granted by the aviation bureau without hesitation.

NEMURO, Japan, Aug. 24.—(AP)—Reaching Nemuro safely today after fighting fog and meteor trouble in the Kurile Islands for five days, Colonel and Mrs. Charles A. Lindbergh heard the banzais of a great crowd, thanked the Japanese for their help and disclaimed any intention of flying around the world "just now."

A 25-minute flight from Lake Anoro, Kunashiri Island, 50 miles north of here, completed their much interrupted journey from Petropavlovsk, Kamchatka, to Nemuro. They landed at 7:51 a. m. (5:31 p. m. Sunday E.S.T.).

Soon after the formalities of their landing were over, both Colonel and Mrs. Lindbergh were talking shop, the colonel talking about gasoline supplies, ignition troubles and weather reports with various officials, while Mrs. Lindbergh was discussing radio with Takeji Katsuhira, chief of the Ochiishi wireless station here.

Converted often. It was the Ochiishi station with which Mrs. Lindbergh communicated regularly after reaching the Asiatic side of the Pacific.

Mrs. Lindbergh said that on the whole everything worked out very well, thanks to you, Mr. Katsuhira, and your Ochiishi staff.

The conversation was carried on in English, and Mrs. Lindbergh promised to visit the station tomorrow and talk directly to the operators with whom she had been communicating during the flight.

At the primary school, where the Lindberghs were welcomed, the crowd was so great that the colonel agreed to speak in the playground. A crowd estimated at 3,000 assembled there and the flier's remarks were translated into Japanese, sentence by sentence.

The colonel began his address by saying he could not thank the Japanese enough for all they had done since the plane left Petropavlovsk.

### WILL ROGERS SAYS:

SANTA MONICA, Aug. 24.—Best news in a whole bale of Sunday papers was from a senator (wouldn't think it, would you?) Senator Jim Couzens offered a million to Detroit's relief fund. A few examples like that early before the cold sets in will have great effect. Young Insull in Chicago is doing fine work. That's the best thing about Mr. Hoover's big committee; it's what they will give themselves and get their friends to give that will make them valuable. Our rich are mighty liberal when the real showdown comes. So thank you Jim, we will cable your friend Andy about this.

Will Rogers
