## Pharaohs Are Welcome

Guests in Medford  
Mr. and Mrs. Ted Pharaoh and daughter Jeanie, and son Jimmy of Oakland, Cal., were over Sunday guests of Mr. and Mrs. A. Orr Schenck.

The Schencks and Pharaohs have been friends for many years, having been neighbors in western Nebraska. Mrs. Schenck and Mrs. Pharaoh were classmates at Nebraska Wesleyan University and member of Alpha Epsilon chapter of Beta Phi Alpha on the campus.

After their brief stay here the Pharaohs left for Portland and Seattle, where they will visit friends before returning south.

## Entertains Sister

Mrs. Harold Warren entertained last evening with a surprise birthday party honoring her sister, Miss Bertha Stinson. Games were enjoyed during the evening, after which refreshments were served.

Guests invited were Miss Stinson, Miss Eula Taylor and Miss Virginia Taylor of McMinnville, Miss Thelma Kent, Miss Ruth Howard, Miss Genevieve Brown, Miss Martha Bostners, Miss Ruth Leclerc, and Miss E. Helen Wilson.

## Vacationists

Return Home  
Mrs. Myrtle Blakely, Mrs. James Grigaby and Mrs. Neal Newland have returned to this city from a week's vacation in Salem and Portland. While in the capital city, Mrs. Blakely visited her daughter, Miss Nina Blakely, and reports that she is getting along nicely.

## Miss Farrin Is Bride Saturday

Saturday afternoon at the parsonage of the First Methodist church, the wedding of Miss Frances Farrin of Sumner, Ore., to Luke E. Lange, son of Mr. and Mrs. Hugo Lange of this city was solemnized, with Rev. A. G. Bennett performing the ceremony.

## The Couple was Accompanied by

Miss Josephine Anderson and Orville A. Baugh, both of this city.

## Mrs. Dodge and Daughter

Complete Visit Here  
Mrs. Paul R. Dodge and daughter, Lauranell of Yreka, Cal., left this city Sunday for their home, after spending a week as guests of Mrs. Dodge's parents, Mr. and Mrs. A. S. Bilton.

## Mr. and Mrs. Corey

Here From Salem  
Mr. and Mrs. Everett Corey and daughter Rosemary, are guests in this city from Salem of Mr. Corey's parents, Mr. and Mrs. C. H. Corey of 715 East Jackson.

## B. P. W. Committee

Meets Tonight  
The executive committee of the Business and Professional Women's club will meet this evening at the home of the president, Mrs. Edwina Weishaar.

## Guests at

Sorah Home  
Mrs. T. F. Mercier and children of Los Angeles are guests of Mrs. Jas. Sorah this week. Mrs. Mercier and Mrs. Sorah are sisters.

## DRY ICE SUBJECT OF DAIRYMAN AT ROTARY MEETING

Medford Rotary club enjoyed an instructive program this noon when Rotarian D. O. Frederick of the Snider Dairy & Produce Co. gave a talk on "Dry Ice." Mr. Frederick demonstrated the possibilities of this modern invention with a number of novel experiments and passed around small blocks of the dry ice for inspection.

His audience was surprised to find that the ice did not melt but gave off vapor rather than liquid. When placed in a glass of water the clouds of vapor arising gave the impression of a glass of boiling water.

Temperature of the dry ice was 112 degrees below zero and when exposed to warm air it may attain a temperature of 135 degrees below.

The method of manufacture was explained by the speaker, who told of new carbonic gas is subjected to a terrific pressure as high as 1000 pounds to produce dry ice.

Advantages of this new product in shipping ice cream and other items great distances were also outlined by Mr. Frederick. With dry ice it has been possible to ship ice cream from New York to Cuba, according to the speaker.

Plans for a Rotary picnic were discovered and President Shockey appointed the following picnic committee: C. J. Semon, Jack Carle and Wm. Whitelaw.

Jack Wakefield was present at the meeting, after several weeks' absence due to illness, and was given a hearty welcome by his fellow Rotarians.

Ernest Gilstrap of the Southern Oregon Publishing Co. was present and invited the members to take a trip of inspection to the new plant of the Medford Mail Tribune after the modern press and other equipment have been installed.

Hamilton Patton told of the plans of the local community chest in working with the state authorities to take care of the unemployment situation this winter. Mr. Patton and J. C. Boyle will represent the Rotary club on the local committee.

Visiting Rotarians at the meeting were Ernest Gilstrap of Eugene and Al Agost of San Luis Obispo. Guests included Judge H. D. Norton of Medford and Dave Moscovski of San Francisco.

## Holly Anniversary

Observed Saturday  
Saturday, August 29th, marks the first anniversary of Medford's own beautiful theatre, the Holly. The management announces that this important date will be observed by a special anniversary program. Just what the nature of the show will be, the management has not divulged, but it is promised that the show will be something unusual, a real treat for the Holly patrons and a fitting observance of the important occasion, the first anniversary of the Holly.

## STONE AGE RELICS SHOWN IN WINDOW

A small but very interesting collection of prehistoric central Oregon Indian relics, found in the Barlow caves six miles east of Bend last March by Joe Poley of 508 North Pearl street, is on exhibition in the show window of Weeks & Orr.

Although these caves were discovered 16 years ago, no effort has been made to excavate in them for Indian relics of ages ago, as they were thought to have been uninhabited, until Mr. Poley, then living in Bend and much interested in the caves, discerned smoke marks and other traces of ancient habitation.

The resulting excavations by Mr. Poley disclosed the remains of a number of Indian articles, all found buried at depths of from three to five feet under the earthen floor of the caves.

Their age is thought to be between 3000 and 5000 years, according to research departments of the Oregon State college and the University of Oregon. No arrows, nor stone or metal utensils were found, strange to relate, but among the unearthed relics most of which were made from the juniper tree bark, was found a piece of abalone shell, which must have been brought originally from the ocean, hundreds of miles distant.

In the collection are remains of moccasins, basket material, water

## Gotham Banker Visits Briefly in Rogue Valley

Jackson E. Reynolds, president of the First National Bank of New York, often called "the billion dollar bank," and the George Baker bank, spent two hours in the Rogue River valley Sunday, A. S. Rosenbaum freight and passenger agent of the Southern Pacific, announced upon his return to Medford today.

The well known financier who is also a director of the Southern Pacific, arrived in Medford after a tour of the Redwood highway and boarded his private car in this city.

He is on a two months' vacation, has not been in New York recently and refused to comment on business conditions there and in other parts of the nation. He enjoyed a tour of the valley with Mr. Rosenbaum before boarding his train and was enthusiastic in his praise of scenic points.

Mr. Reynolds also commented upon the obvious progress enjoyed by the city of Medford and surrounding territory since his visit here a few years ago. During the previous stay he was guest of T. Slater Johnston at his river lodge and was also shown through the valley by Mr. Rosenbaum.

## ADRIENNE SHOWS STYLES AT CRATE

"Romantic Revivals Idea" was the name under which the Adrienne's style revue was presented at the Fox Craterian last night. The romance anticipated by the throng of feminine folk who crowded the theater, was expressed in the lavish gowns worn by smart matrons and misses of local society.

Mrs. Adrienne Steward was hostess for the evening, assisted by Lanetta Goodwyn, head saleswoman, and Earle Davis, as floorwalker.

The French minut was danced by Barbara Franklin and Gretchen McAllister of the Eve Benson Dancing academy, with Miss Margaret Childers playing the piano. Little Pauline Chambers, who received her introduction in the dance in Salem, entertained with a tap number through courtesy of the Fox Craterian.

Miss Eliza Ditta, manager of the Eureka store, and Miss Arvilla Burns acted as customers in the store scene. Mrs. Justin Smith made up those appearing on the stage and assisting the models behind the scenes were Hazel Roberts, Golda Huggins and Pearl McCredie.

The mannequins introducing the "romantic revivals" were Misses Margaret Childers, Harriet Campbell, Maurine Green, Camille Clemenson,

## LOCAL FOREST AREA FREE FROM FLAMES

Both the Crater national forest and state protected land area of this district were free from new forest fires today—in fact, the Crater forest has had none since Sunday.

The new fire which started in the Round Top district near Brownboro in an old burn yesterday afternoon was under control by 6 o'clock this morning after it had burned over 200 acres of brush. District Fire Warden Dwight Phipps had 12 men working on the fire last night, and a number of fire fighters were left on guard at the scene today.

## ASHLAND PEACHES GET GOOD PORTLAND PRICE

Ashland district peaches, according to reports received today, sold for an average of \$1 per box on the Portland market. The valley product this season reached the upstate markets ahead of the Yakima valley varieties for the first time in many years, and secured the "break" in the sales.

## BUS AND TRUCK LIGHTS ORDERED

Enforcement of the new marker light regulations for trucks and stages on the highways, will start at once by the state police, Captain Lee Bown of the Southern Oregon division announced today. The regulations were recently ordered by Secretary of State Hal Hos.

Passenger auto stages are required to display blue lights on the top and front of the stage, and freight trucks white or amber lights. This will enable the approaching driver to determine whether he is meeting a stage or a truck. The lights must be so displayed as to indicate the width of the vehicle. Any motor car engaged in the passenger hauling business is required to follow the marker rules.

Stage and freight line operators will be advised of the new rules starting today.

Captain Bown said that the marker light regulations would be enforced throughout the entire state and were invoked in an effort to minimize traffic dangers.

## PEAR SHIPMENTS TOTAL 625 CARS

Carloads of pears shipped from the Rogue River valley to eastern markets this season totalled 625 last night. The total for August 25 last year was 995 cars, according to figures obtained at the chamber of commerce.

Of this year's shipments, packed Bartlett's head the list with 346 carloads. There have been 224 carloads of canner Bartlett's shipped from Medford and 33 of Howells, 17 of D'Anjou, three of Bosc, two of miscellaneous fruits and four carloads of apples.

Last year's shipments up to August 25 included 604 carloads of packed Bartlett's, 247 of canner Bartlett's, 60 of Howells, 75 miscellaneous, eight cars of Bosc and two of D'Anjou's.

Phone 542. We'll haul away your refuse. City Sanitary Service. Krystalglow, kodak glass supreme. The Peakeys, opp. Holly theater.

## "TOASTING" expels SHEEP-DIP BASE naturally

(Black, biting, harsh irritant chemicals) present in every tobacco leaf

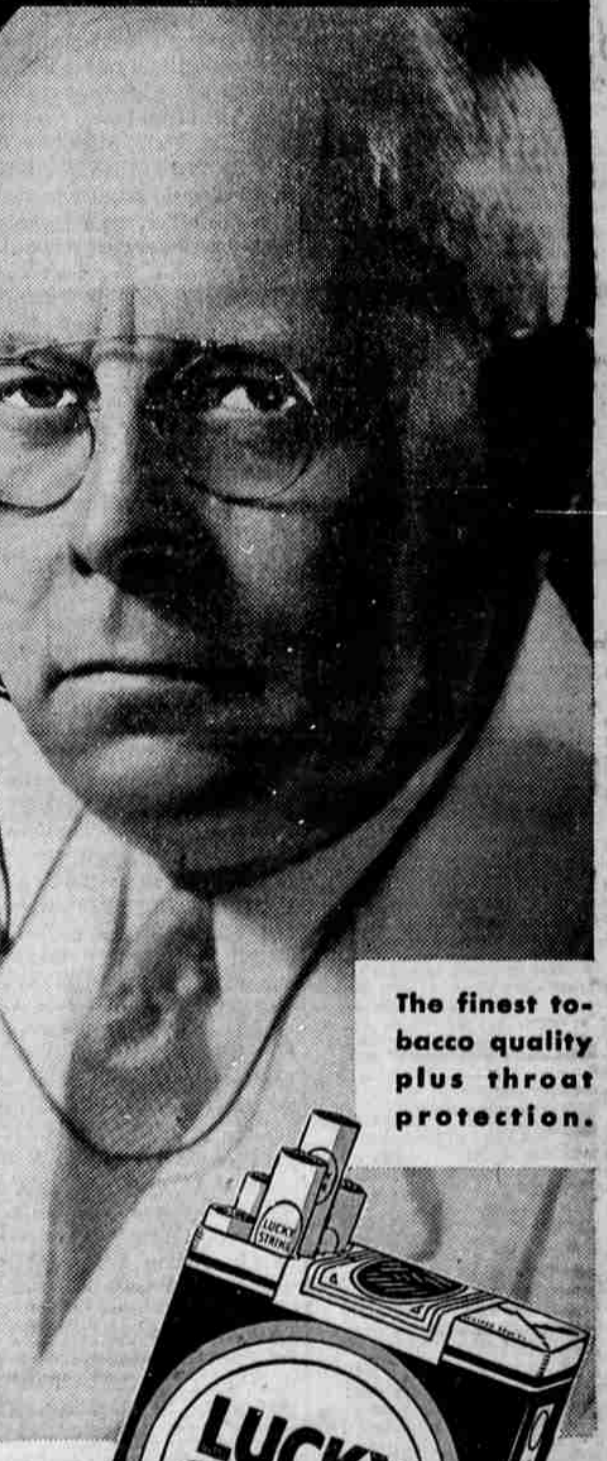

"They're out—so they can't be in!"

Every LUCKY STRIKE is made of the finest tobacco leaves the world can offer—the finest from Turkey—the finest from Kentucky, Tennessee, Virginia, Georgia and the Carolinas—the Cream of many Crops throughout the world. But all tobacco leaves, regardless of price and kind, as nature produces them, contain harsh irritants. LUCKY STRIKE'S exclusive "TOASTING" Process—a process that mellows, that purifies, that includes the use of the modern Ultra Violet Ray—expels certain harsh irritants naturally present in every tobacco leaf. We sell these expelled irritants to manufacturers of chemical compounds, who use them as a base in making sheep-dip, as well as a powerful spraying solution for trees, flowers and shrubs—enough to permit the daily dipping of over 50,000 sheep or the daily spraying of many thousands of trees. Thus, you are sure these irritants, naturally present in all tobacco leaves, are not in your LUCKY STRIKE. "They're out—so they can't be in!" No wonder LUCKIES are always kind to your throat.

\*U. S. Dept. of Agriculture, Bureau of Animal Industry, Order No. 210
