Pair Will Continue Fight Today Before Public Rounds Begin—Slight Earthquake Experienced

Two coast networks will be heard by both WJZ-NBC and WABC signals coming across the Pacific short wave.

By James P. Howe. TOKYO, Aug. 27.—(AP)—Given a party much to themselves before Lindbergh's flight, the Japanese are today in their honor, Colonel Charles A. Lindbergh today was met, experienced a slight earthquake and visited Japan's twin shrines.

On their second day in Tokyo Lindbergh was met to permit the pair to rest from the long flight from New York, which they completed yesterday.

A slight earthquake occurred while they were at breakfast in the home of Dr. Brewster, their residence during the stay. A slight rattle of the table and the trembling of the floor in a vase apprised them of the shock, which did not interrupt their meal.

Visit Shrine. Accompanied by W. Cameron Brown, they visited Meiji shrine, dedicated to the emperor of that time, and Meiji that Japan is a modern nation.

They visited Yasukuni shrine, dedicated to the spirits of the dead and sailors who have died in battlefields.

Lindbergh then made a trip to Kasumigaura naval base, where he landed yesterday, to inspect his plane. He explained to experts that faulty spark plugs, which became fouled with oil, were responsible for the motor trouble in the Kurile islands.

While the colonel was at Kasumigaura Mrs. Lindbergh, accompanied by Mrs. James Russell, hostess at the embassy, and Mrs. Edwin Neville, wife of the embassy counselor, went shopping. They toured the Gion, Tokyo's principal shopping thoroughfare, visiting both the department stores and the tiny shops.

The first ceremonies incidental to the Lindberghs' presence here will be held tomorrow.

1000 Bodies Float Downward Daily In Flood Of Yangtze

SHANGHAI, Aug. 27.—(AP)—Authoritative estimates of the death toll from floods in central China still were lacking today, unofficial figures placing the mortalities at 25,000 to 300,000 in Hupeh province alone.

A vast area of many thousands of square miles between Nanking and the tri-cities of Hankow, Wuchang and Hanyang is under water, only the tops of hills rising above the murky waters. Millions of persons are absolutely destitute, and it is feared many more thousands must perish before the waters subside.

Mr. Hougham made such rapid progress in healing that he has returned to his home where he is anxiously counting days until he may be up and around again. He was to have been one of the bus drivers for the school district but it is feared it will be some time before he will be able to do so.

So many neighbors desired to help the family in some way, that a dance and card party was decided on and since the Rogue River hall is so much larger than the local hall, and Mr. O'Kelly has kindly donated the hall for the occasion, it was decided to have it there.

During the evening ice cream, cake and soda pop will be sold and the entire proceeds applied on the hospital expense. Tickets will be sold and the patrons may dance or play cards as desired. A large crowd is expected as this is a very worthy cause.
