

PORTLAND HINTS DROP IN BUTTER; EGGS HOLD FIRM

PORTLAND, Ore., Sept. 3.—(AP)—Butter and eggs have been steady here this week. The movement of eggs out of the coolers has been meeting resistance...

Local egg interests are looking to the mid-west and east for an indication of what may be expected to develop here.

Butter barely is holding its own. According to reports, there is shading of established prices in some grades. There was not enough of it, however, to influence the trade...

Tomato prices failed to stand up under increased offerings in Thursday's wholesale trade and prices dropped to 35¢ a box.

Reduction of 1/4 cent was forced in the wholesale market for sweet potatoes here Thursday. They are now quoted at 4 1/2¢ a cwt.

Markets

Livestock
PORTLAND, Ore., Sept. 3.—(AP)—Cattle 185, calves 25; steady. HOGS—600, steady. Light light, 140 to 160 lbs., good and choice, \$5.75.

UPPER VALLEY CLUB WILL MEET SEPT. 9

BELLEVUE, Ore., Sept. 3.—(Sp.)—First regular meeting of the Upper Valley Community club will be held in the club rooms, September 9, at 2 p. m.

Officers for the year are as follows: President, Mrs. L. H. Pankey; first vice-president, Mrs. Arthur Tupper; second vice-president, Mrs. Sumner Williamson; third vice-president, Mrs. Willis Byrd; secretary-treasurer, Mrs. Mark True.

Those acting as hostesses for the afternoon are Mrs. Wade Wallis, Mrs. Hilda Welch, Mrs. Mary Stenrud and Mrs. Norma Wallermeier.

No special program is being prepared for the meeting. Mrs. Edwin Dunn will have charge of the program for the October meeting.

LAKE O' WOODS ROAD GRADED, IMPROVED

Supervisor H. B. Rankin of the Crater National forest has been spending the past few days inspecting conditions at Lake of the Woods, Felton, Ore.

He has been paying special attention to supervising the work of grading and otherwise improving the condition of the road on the other side of the mountain connecting Klamath Falls with the Lake of the Woods resort.

This road has been very rough and full of ruts all summer, but the prevalence of forest fires has kept the forest's road crew so busy that the work of improvement could not be undertaken until now.

However, each side feels it has won, which indicates that the settlement is probably fair.

An able Du Pont company has developed a "synthetic dress goods fiber like silk."

The process sounds like "Alice in Wonderland," including castor oil, ethylene, glycol, carbon, hydrogen, oxygen.

Synthetic silk is said to be "at least as good as real silk," and silk worms, dropped into hot water to make their cocoons unwind, will be glad to hear that. When will the Du Ponts announce "synthetic rubber" at \$20 a ton?

The progressive Pullman company, on its "Sportmen's train" of the Chesapeake and Ohio railroad, installs foot rests for travelers. They ride comfortably, with feet raised, legs stretched out, leaning back, according to the American habit. A good idea. Our great American trouble is heart disease, and the Pullman foot rest will help that. When your feet are up and you lean back, the blood flows horizontally, instead of perpendicularly, and the strain on your heart is less.

Do your thinking and working lying down, if you can, especially in old age.

BIRTHS

Born to Mr. and Mrs. James Purdue of Phoenix, a daughter, weighing 7 1/2 pounds, this morning. The little girl has been named Ellen Irene.

Pastor Injured
SALEM, Ore., Sept. 3.—(AP) Rev. S. Darlow Johnson, pastor of the Leslie Methodist church here, was brought to the Salem hospital early today suffering serious hip injuries as a result of an automobile accident on the Salmon River highway near the coast last night.

STAR DUST LURES WILKINS TO PERIL OF POLAR DEPTHS

(Continued from Page One)

the globe. The earth already has been weighed from the equator, where the radius is longest, and a comparison of the two weights will disclose important phenomena about, among other things, the mineral constitution of the earth.

"By use of the sonic depth finder, Mr. Hubert can make an almost unbroken contour map of the bottom of the Arctic sea. Only a submarine can do this, and it has never been done in the Arctic.

"Mr. Hubert also can observe water life in the Arctic sea, as no other explorer could—by actually being under the surface where the life exists. He also can make important weather observations, investigate water temperatures and otherwise fill in the innumerable gaps that exist in our Arctic information.

"Probably three years will be needed for the completion of the work of the expedition. It is of immense scientific importance."

KLAMATH SWIMMERS MEET LOCALS FRIDAY

Swimming teams of the Klamath Falls Athletic club and Medford will meet tomorrow night at eight o'clock at the Natatorium.

The visitors defeated the local team two weeks ago by a close score, and Medford won the water polo game.

The Medford mermen are Roan Green, Virgil Swanson, Lloyd Hammock, Richard Sletter, Harry Robinson, George Hoover, James Jones, Peter Rhine and James Nelson.

Communications

An Inquiry Answered
To the Editor: Southern Oregon's greatest monopoly is beginning to clamp down on its consumers.

Today I found that in order to enjoy some of the conveniences offered by the service of the California Oregon Electric company, I must "enjoy" all of them or a tribute of one thirty-five per month will be extracted.

Time was when power firms dealt in service and were glad to be of service to us (the consumers) for our business.

Now I find that in order to have an automatic Hotpoint heater in my home I must pay a flat rate of \$4.00 per month, where if I had an electric range I could get power for both the range and Hotpoint for \$2.83.

Unfortunately I do not own an electric range, so I am either to be deprived of the convenience of an electric water heater or pay the "tribute."

I would like to be enlightened on the justice of the thing. I am a regular reader of the Tribune and admire its stand on many community problems.

RAYMOND HUNSAKER, Jacksonville, Ore., Sept. 2. Ed. Note: According to information from the local office Mr. Hunsaker is in error. The flat rate for a water heater alone is \$4.00 per month, but for such a heater and a range the combined minimum rate is \$5.55—not \$2.83.

Girls Fight Duel For Tailor's Love

MEXICO CITY, Sept. 3.—(AP) Two women fought a pistol duel today as the result of rivalry for the affections of Sergio Silva, a tailor, and one perhaps mortally wounded.

The duel ended when Genorita Sofia Mendosa fell with a bullet wound in the chest. The shots attracted a policeman who sent Sofia to a hospital and took the other duelist, Maria de Los Angeles Garcia, to jail.

Pioneer Rancher Gives to Church

PENDLETON, Ore., Sept. 3.—(AP)—John Vert, 79, Umatilla county pioneer wheat rancher, has set aside \$45,000 as a gift to the Pendleton Presbyterian church, it was announced last night during a birthday dinner in his honor.

The money is to be used in building a new church. Several years ago, the announcement continued, Vert made a gift of \$25,000 cash to the Presbyterian church for educational purposes.

FIRST TRAIN NOV. 2 OVER KLAMATH LINK

SACRAMENTO, Cal., Sept. 3.—(AP)—George Neubourg, superintendent of the Sacramento Northern railroad, announced today the first freight train to be run on the new Western Pacific-Great Northern cutoff, between Klamath Falls, Ore., and Keddie, Plumas county, will start November 2, one month ahead of the original schedule.

Factory blocks, dry slabs and body wood. Summer prices. Medford Fuel Co. Tel. 631.

Green slabs, \$2.50 per load. Medford Fuel Co. Tel. 631.

Dance with the crowds at the French Village Saturday nights. Gents 50c; ladies free.

WOMAN HIKER IS FOUND IN COMA ON NO. RIVERSIDE

Mrs. Nora Wilson, hitch-hiker from St. Louis, Mo., taken to the Community hospital yesterday evening after being found unconscious at the Greens and Shores service station on North Riverside, is reported to be in a semi-conscious condition today and suffering from hemorrhages of the brain.

She is believed to be about 40 years of age, but has been unable to tell how she came to Medford or reveal other facts regarding her identity. A slip of paper giving her name and stating that she sustained a fractured skull in an auto accident a few months ago was found in her handbag.

During the few moments that her mind was clear last evening she told Dr. R. W. Steeter, attending physician, that her last remembrance was of leaving Red Bluff, Cal., walking down the highway.

She entered the Greens and Shores service station yesterday evening and soon after fell to the ground. The employees did not notice from what direction she entered.

She told one of the nurses at the hospital this morning that she had come from St. Louis for her health. She soon after suffered another serious hemorrhage of the brain and has since been only semi-conscious.

Mrs. Wilson is a woman of medium height with long dark hair slightly streaked with gray. She is very thin and shows signs of much suffering. She was wearing a cheap summer dress and no hat when she entered the service station yesterday.

STATE OWNED PUBS URGED IN ENGLAND

LONDON.—(AP)—Local option or state-owned pubs are reported to be two recommendations which will be made by the royal commission investigating England's liquor problem. One section of the report will recommend that pubs and breweries should be taken over by the state, it is reported, and that all brewers, bartenders and barmaids become civil servants.

PUFFY

It's more than I can do to fix this blooming tire. Sighs Puffy as he claps his hands before his roadside fire. "I think the simplest thing to do is leave our pile of junk. And get to where we're going by proceeding on our spunk."

R. A. Wernlich of Coquille, receiver of West Coast Lumber Co., awarded contract to furnish lumber for timbering state highway tunnel between Scottsburg and Drain.

6 Million Doomed in Kiangsu Region Say Missionaries

SHANGHAI, Sept. 2.—(AP)—Estimates that at least 100,000 persons had perished in the flood waters of northern Kiangsu province and that probably 2,000,000 others were doomed to die there of starvation and exposure were made today by American missionaries arriving here from the devastated area.

The northern Kiangsu flood, caused by the breaking of dykes along the Grand Canal, reached its crest last week, just as the country was receiving first reports of the enormous loss of life and property in the overflow of the Yangtze river 500 miles inland.

GOLF CZARS FAIL TO ALTER BALLOON BALL

BEVERLY HILLS, Calif., Sept. 3.—(AP) The United States Golf association has taken no action designed to alter the status of the new "balloon" ball and probably will not do so.
