An attempt was made to break into the Faber store through a rear window Friday night.

Grange Notes

Jacksonville Grange. The 4-H club achievement program presented at the Jacksonville Grange was a splendid example of what the boys and girls of our community are doing. An achievement program represents the work of 10 successive meetings of any club, the work of the Jacksonville clubs being done during the summer vacation.

The specimens of handicraft and handwork displayed and the enthusiasm and interest shown by the boys and girls gave evidence of a high quality of leadership. The boys and girls, as well as their leaders, are to be commended most highly by friends and patrons.

The following program was appreciated: Introduction, Mrs. G. O. Sanden; club leaders, Mrs. J. Bowdish, handwork; Mrs. Geo. Backes, sewing; Mrs. G. O. Sanden and Mrs. G. T. Smets, camp cooking; John Bowdish, handicraft.

Oregon State song, club members.

PHOENIX

PHOENIX, Ore., Sept. 3.—(Special)—Mrs. Roy Burelson entertained at lunch last Thursday for Mrs. M. E. Ellison of Medford, Mrs. L. O. Caster and Sybil Caster, and Mrs. Tom Caster and sons.

PHOENIX ENDEAVORERS PLAN FRIDAY SOCIAL

PHOENIX, Ore., Sept. 3.—(Special)—Christian Endeavor society of Phoenix Presbyterian church has planned a social and entertainment to be given at the Presbyterian church Friday evening, Sept. 4, at 7:45. A small admission will be charged. All in the community are invited to attend.

Mr. and Mrs. Robert Skinner and son were favoredly voted upon.

All members are asked to remember the change in time of meeting from 8:30 to 8 o'clock for the fall and winter months.

Marketing report was made by Ted Sims, who read the marketing exchange list.

Announcement concerning the H. E. club meeting will be made later.

WORLD CONGRESS ON RADIO FAVORS EXCLUSION OF ADS

VIENNA, Sept. 3.—The World Congress on Radio in Education, meeting here on the initiative of American educators, has declared itself overwhelmingly in favor of excluding advertising from the air. European educators representing many nations are unanimous in opposing the American system under which education has to eat the crumbs that fall from the tables of the commercial broadcasters. They do not believe in a system which considers education a "group interest" and forces it to depend on the charity and the bounty of broadcasting stations operated primarily for the sake of the advertising

revenue. European educators believe that entertainment, information and education must and should have the right-of-way on the air and over all forms of commercial broadcasting. In Austria and Czechoslovakia neither the government nor the listeners will tolerate the radio broadcasting of advertising. In both countries the cost of broadcasting the radio programs is defrayed from the proceeds of a license fee on receiving sets. This fee averages 30 cents per month per receiver in Austria. It is paid to a private concern chartered by the state. This concern has a broadcasting monopoly and puts on programs of such excellence and popularity that the number of licensed receiving sets is growing rapidly despite the worst depression in modern history.

Awarded Contract. SALEM, Sept. 3.—(AP)—L. H. Hoffman of Portland was awarded the general contract for construction of the new state tuberculosis hospital building at Salem by the board of control late yesterday. His bid was low at \$48,985. Work will be started at once.

HANDS OFF DECISION DISMAYS CATHOLICS

MEXICO CITY, Sept. 3.—(AP) The federal government's announced determination not to intervene in the Vera Cruz religious controversy, which recently has led to a series of bombings and riots, was received with dismay by Catholic circles today. President Ortiz Rubio in his annual address at the opening session of congress yesterday made his first definite reply to requests for intervention with the statement that the Vera Cruz legislature acted within its rights in passing an anti-church measure and he considered federal intervention a violation of state sovereignty which he was not willing to commit.

La Grande—Plans proposed to replace wooden water mains in city with metal pipe this winter to assist unemployment.
