BEAUTIFICATION OF ROUND TOP DOG

The monthly meteorological report of W. J. Hutchison, head of the Medford weather hursau, made public last evening is in the main a repition of drouth conditions which have estated for months past, and reads as follows:

"Drouth conditions continued unbroken throughout the month with day temperatures averaging generally above normal. Clear, cloudless skies prevailed with an over-abundance of bright hot sunshine. Except for a light unmeasurable fall of rain on the 16th, which was recorded as a trace, no precipitation occurred.

"Maximum temperatures averaged 21.8 degrees and as compared with previous records for August this fig. Suspicion in the dog-poisoning campaign, which has been going on for spmetime in the Round Top district, centers today on one man, who is himself a dog owner, it was announced yesterday. No charges, however, have been brought against him because of lack of other than circumstantial evilence.

Four more dogs in the vicinity have been poisoned. Two died from the poison and two more were found in time for antidotes to be effective. Opic Stafford, humane officer reported yesterday.

One dog belonged to Miss Viola Kershaw, whose little terrier was killed by poisoning about two months ago, causing awards out for appre-

uable terrier and a gift to Miss Von Stein. It was poisoned Wednesday Stein. It was poisoned Wednesday night.

Mr. Vroman's dog was a setter. It was found ill Thursday and died enroute to the dog hospital Friday. The fourth dog was also owned by Miss Von. Stein and was found before the poisoning proved fatal.

A diagnosis is being made by Geo. Schumacher, local chemist, to determine the type of poison used.

The three houses, where the dogs

The three houses, where the dogs were poisoned were locatd only a short distance apart. Every effort is being made by the humane officer and hosts of dog owners in Jackson county to apprehend the offender.
