

PETIT JURY WILL OPEN WEDNESDAY FOR THREE DAYS

The petit jury has been called to report tomorrow at 9:30 a. m. and will be in session for three days, hearing civil actions. The case scheduled to start tomorrow is that of G. R. Chapman against the Talent Irrigation district.

Next week Circuit Judge H. D. Norton will start the September term of the Josephine county circuit court. There will be no session of the Jackson county grand jury until the October term of the circuit court, starting the third Monday, and there may be none then, unless condition warrants. Several minor matters are now pending before the body but none of sufficient importance to warrant the expense. The foreman of the grand jury is Grover G. Corum.

Court catches up. Circuit Judge H. D. Norton, during his August vacation brought the court work up to date, and the work is now current. Many civil actions, however, have been filed and will keep the court occupied.

The jury list for the short term starting tomorrow is: Meta S. Gilbert, Alfred A. Pell, W. Dunn, Cordelia G. Root, Medford; Herb Carlton, Prospect; Whitford Short, Medford; W. H. Lydiard, Medford; E. L. Glass, Grass; Leonard McKee, Jacksonville; Charles M. Chapman, Talent; Jesse Glass, Medford; W. G. Hunter, Phoenix; J. L. Richardson, Central Point; W. W. Hittle, Gold Hill; C. W. Lyman, Ashland; Frank R. Dickey, Ashland; George B. Deano, Medford; T. E. Daniels, Medford, and R. E. Sweeney, Medford.

TALENT, MEDFORD SURVEY STARTED

Initial steps in the economic survey of the Talent and Medford irrigation districts, by the department of agriculture, under the supervision of W. W. McLaughlin, irrigation chief for the western district, have been taken.

The survey will not get under full swing before October 1, when field appraisers will have completed similar work in Washington. The survey, which will take from a month to six weeks, and cover every angle of the two districts, will be used as a possible basis for a readjustment of the finances of the two districts, with the bondholders.

PHOTOGRAPHERS TEST ORDINANCE

Kennell-Elita, Inc., photographers have filed suit in the circuit court, attacking the legality and constitutionality of the City of Medford ordinance, regulating the use of certificates for photographers. A temporary injunction, restraining the city from enforcement of the ordinance is also sought.

STUART'S BID LOW FOR JOB ON P. O.

Postmaster Warner received notice today from the United States treasury department that its supervising architect had accepted the proposal of R. I. Stuart & Son for enlarging the mailing vestibule in the rear of the building, and widening the west driveway of the structure, the firm's bid of \$3100 being the lowest. There were eight bidders on this work, five of whom were local bidders.

CRATER LAKE HAS FIRST FALL SNOW

CRATER LAKE NATIONAL PARK, Ore., Sept. 8.—(Special.) Sunday visitors at Crater Lake were greeted by the first snow of the season, falling to a depth of one inch. The snow melted quickly but for a time left the rim area with a true aspect of winter.

Community house programs, including lectures by ranger-naturalists, moving pictures by John Moberg and singing, will be held for another week. Nature guide trips up Garfield peak and down the crater wall to the lake are continuing popular attractions for visitors, as well as the daily rim caravan guided by a pilot car.

School Busses In State Police Check

Quite a number of California's school busses in Oregon during the storm. Some said it was the first snow they had experienced in 20 years and forsook the warmth of fireplaces to feel the sting of the wind driven flakes against their cheeks.

MY BARBER TOLD ME HOW TO GET RID OF GRAY HAIRS

In Six Weeks My Hair Was Back to Its Old Dark Brown Color, and No Artificial Look at All. Her Friends Rave Over It.

MRS. WAYNE TELLS OF HOME TREATMENT. "I began to have gray hair too early in life. I started getting gray when only 18 and at 25 they were very noticeable. I was actually looking ten years older than I really am, but not any longer. My barber told me about Lea's Hair Tonic, and the marvelous things it was doing for so many of his men, and women patients, so I began applying it at home, and in six weeks time, using it every night for a couple minutes, my hair was back to its dark brown color, and looking splendid. None of that dyed or dead appearance at all. Today I look my right age and as Lea's is very easy to use I highly recommend it. It is the best article I know of to banish gray hair without that artificial look so common with dyes. Friends rave over my hair," writes Mrs. Wm. Wayne, Sales Lady, residing at 732 51st St., Los Angeles, Calif.

TALENT GRANGERS FAVOR RETENTION COUNTY OFFICIALS

Following action of the Eagle Point and Central Point Grangers opposing the recent resolution of the Bellview Grange, seeking abolition of the county engineer, county agent, county home demonstration and county health unit, the Talent Grange, O. M. Goddard, master, last Saturday took similar action.

The Talent resolution makes no mention, other than of the county agent and county home demonstration departments, but demonstrates work and holds that the Bellview Grange resolution, "is the result of lack of investigation, and entirely unjustified."

"Whereas, the Bellview Grange has seen fit to pass a resolution, asking among other things that the office of county agent and home demonstration agent be abolished, and:

Square this with what you hear... what you read... what you believe. NOWADAYS you read and hear every kind of thing about cigarettes. But when you try to square some of it with your own common-sense and experience, a lot of it just doesn't "square"! What smokers want to know about a cigarette is "How good is it?" And when it comes to that, cigarettes are just as good and just as pure as the materials from which they're made. In our factories even the air is washed, and changed every 4 1/2 minutes. Everything that goes into Chesterfield is the best that money can buy or that science knows about. "Good... they've got to be good," we say about CHESTERFIELD—and we mean it! And that's something you can square with everything you read, or heard—or know—about this good cigarette!
