Today

By Arthur Brisbane
Shook for Britain.
Also for U. S. Bankers.
Mexico Is in Good Luck.
Who Made the U. S. A?

Copyright King Feature Synd., Inc.

Britain yesterday was startled, as much as the British can be startled, by MacDonald's proposal of a dictatorship. He demands that the cabinet be allowed to govern "by the king's orders in council," without sanction of parliament. The king's orders would be written by MacDonald, with the approval of his coalition government, and three men, MacDonald at the head of the triumvirate, would rule England arbitrarily.

That would surprise British labor particularly, and will not please it. Fortunately, those that hold the power will use it worthily.

More cheerful news from Germany. The reichsbank's gold supply is now sufficient to give "required courage" for reichsmark issues. The resumption of practically unrestricted speculation on the Berlin bourse today will show the state of the public mind.

With the assistance of American finance, Germany will probably come through the winter much better than she hoped to do.

American financiers that have consented to "freeze" short time credits in Germany will learn with interest that Germany is now able to finance for her industries thirty-seven million dollars worth of business in Russia. That is the same Russia that refuse to pay our bankers their dues.

Regardless of financial and other troubles, Germany continues to get things done. Yesterday mail was delivered early from an airplane flying in 275 miles from the German steamship Europa, which holds the North Atlantic record.

The airplane, catapulted from the Europa's deck, was driven by a German pilot, Blankenberg, who arrives thirty hours ahead of the ship. That means mail from Europe in a little more than three days, which is progress while waiting for time, not far away, when mail will come in three hours.

Mexico is in the League of Nations, good luck to her. The membership satisfies her pride, Mexico having been left out of the league in the original agreement.

League membership won't hurt Mexico. If she is asked for money she will say, "I haven't got it," and if asked to send men she will say, "I don't do that. My people fight only at home."

This nation, that sends money in billions and men by the million, is the one that should keep out of the league and other complications. We have enough to think about here with our crime wave and prohibition, and our financiers pumping money out to the country into foolish for-

SCHOOL AND CLUB FAIR OPENS HERE FRIDAY, SEPT. 18

Leaders Announce County-Wide Interest in Event—Grange Plans Harvest Picnic for First Day

Friday morning, September 18, the county-wide school and club fair will open at the Jackson county fair grounds, under the leadership of R. G. Fowler, county agent, Mrs. Mabel Mack, home demonstration agent, and Mrs. Susanne Holmes Carter, superintendent of schools.

Displaying the agricultural products, livestock, domestic art and science accomplishments and school work of the county's younger generation, the fair is expected to draw a large crowd from all rural precincts as well as cities.

Plans for the event are progressing rapidly with club leaders and other interested persons throughout the county joining the chairman in an effort to make the fair a success.

Although no adults will be exhibiting, the livestock show promises to be bigger and better than ever. County Agent Fowler announced this morning that club members are urged to exhibit prize animals and that fact that they are to run the whole show this year has instilled the boys with the desire to keep their stock in the finest condition.

All club members are urged to exhibit. Fair displays accompanied by the final report of record book, marks the completion of the year's work. A county-wide awarding of achievement pins will be a feature of the program. These will be awarded the first, third and fifth year members, and achievement certificates will be given the standard clubs at the achievement program Friday morning at 11:30 o'clock.

Working with Mrs. Mack on the home economics projects and Friday program is the following committee appointed by the 4H club leaders: Mrs. Lela Bonham, Talent; Miss Katherine Koger, Sams Valley; Miss Beth Joy, Ashland; and A. B. Sacre, Evansdale.

Canning exhibits may be entered Wednesday and Thursday until noon. All cooking exhibits are also to be in before Thursday noon. Sewing club exhibits must be entered Wednesday evening. Judging will begin Thursday morning.

The livestock exhibits will be entered Friday morning and Saturday will be devoted to judging in that department.

The Central Point Grange has announced plans for a harvest home picnic to be held at the fair grounds Friday to enable all members to attend the school and club fair through the day. All Granges of the county are invited to join the Central Point organization for this event.

WILHELM BEATEN BY PORTLAND BOY

PEBBLE BEACH, Cal., Sept. 10.—(AP)—Johnny Robbins, 20-year-old Portland star, advanced to the quarter finals of the California amateur golf championship today when he defeated a fellow townsman, Rudy Wilhelm, 3 and 1.

Francis Brown of Honolulu, defending champion, moved into the quarter finals with a one-up victory over Stuart Hawley of Piedmont.

The Pacific northwest lost a strong contender when Vincent Dolp of P. land was defeated by David Martin of Los Angeles, southern California champion. The score was 4 and 3, with Martin master of the situation most of the way.

Boy Suicides To Escape Studies

SPOKANE, Wash., Sept. 10.—(AP)—Elmer Warnick, 16, was despondent because school began today, and killed himself with a rifle.

His mother, Mrs. Anna Warnick, said he had been morose since his father died a year ago, and did not want to enter school.

Car Kills Child

PORTLAND, Sept. 10.—(AP)—Marjorie Buck, four years old, was killed here yesterday when she ran in front of an automobile driven by Bernard Mancini.

Encouraging Signs Loom On Horizon of Business

WASHINGTON, Sept. 10.—(AP)—Encouraging signs, in the expressed opinion of Elias Strawn, president of the United States chamber of commerce, are appearing on the business horizon.

He expressed this belief last night in a radio address in which he said that "more faith and fewer no-no's" was the need of the day.

THEIR ENGAGEMENT ANNOUNCED

The engagement of Gwladys Croshaw of Hopkins, Philadelphia society girl and horsewoman, to Cornelius Vanderbilt "Sonny" Whitney was announced by Mrs. Steven Heckacher, mother of Miss Hopkins. She is the daughter of Mark Hopkins of Boston. Whitney was divorced from his first wife, the former Marie Morton, in 1929.

Members of the Oregon congressional delegation, Governor Meier, presidents and secretaries of all chambers of commerce, and the general public are being invited.

REVENUE CUTTERS SCAN NORTH AREA FOR MISSING PAIR

WHITE HORSE, Yukon Territory, Sept. 10.—(AP) A plane flying south passed over Carmacks, 200 miles north of here at 9:30 a. m. today. It was thought it might be that of Don Moyle and C. A. Allen, lost trans-Pacific fliers, as no other identification could be made. It was raining here today.

SEATTLE, Sept. 10.—(AP) While U. S. coast guard cutters cruised along the southern coast of the Aleutian Islands today searching for Don Moyle and C. A. Allen, American airmen missing since they flew away from Samushu Beach, north Japan, Monday, on a non-stop flight attempt to Seattle, the check of a rumor that a large monoplane had landed on a small island off the British Columbia coast was continued.

Three coast guard cutters, the Northland, Chelan and Taska started searching along the rocky and storm-swept islands late yesterday on orders of Capt. H. D. Hinkley, division commander of the coast guard here.

The cutters were ordered to cruise to the western extremity of the island chain and make a thorough search of the water and the coastline for possible wreckage of the plane or the fliers.

"It is almost a hopeless task," said Capt. Hinkley. "We'll do the best we can—but I'm afraid that will not be enough."

Laying of Steel On Klamath Link Nearly Finished

KLAMATH FALLS, Ore., Sept. 10.—(AP)—Great Northern railroad officials said today all steel work on the road extension to Astoria will be completed by September 15, and that freight trains will be operating on the new line early this fall. Passenger trains will be running on the new trans-continental railroad into California by spring.

The steel-laying crew will reach Bellevue terminal of the Great Northern station extension and the Western Pacific's northward extension the last of this week. Ballasting the line already has started.

HOLMAN OPPOSED TO EXTRA SESSION

SALEM, Ore., Sept. 10.—(AP)—Rufus C. Holman, state treasurer, in a statement released today, stated he would be opposed to a special session of the legislature unless absolutely necessary, in order to take care of the unemployment situation. A special session has been proposed by the state Grange and labor groups, it was said.

Order Death For Chilean Rebels

SANTIAGO, Chile, Sept. 10.—(AP)—The ringleaders of the naval mutiny were being ferreted out today by a mixed army and navy corps with instructions to mete out the death penalty.

Communists and other radicals particularly were sought by a special board that was empowered to extend its activities abroad for trace of foreign influence. It was expected some Chilean emissaries would be called on to aid in this work.

DISEASE IN OREGON REACHES LOW MARK

PORTLAND, Sept. 10.—(AP)—The state board of health today announced two cases of trachoma were reported in Jefferson county last week. The board said communicable diseases throughout the state were down to a low level.

SALES TAX URGED BY SENATOR REED ALL COMMODITIES

WASHINGTON, Sept. 10.—(AP)—Enactment of a general sales tax of one-half of one per cent on all commodities was proposed today by Senator Reed, of Pennsylvania, a high ranking republican on the finance committee. He said he would retain the present income tax, but would plug up some of the "leaks" which he described as permitting rich capitalists to evade the income levies.

The Pennsylvania senator said he had not discussed his plan with Secretary Mellon but he arranged to see the treasury head late today.

However, his views were in line with those previously expressed by Mellon to the effect the present tax base is too narrow and new taxes are necessary.

Senator Reed opposed the views of Chairman Wood of the house appropriations committee on a proposal to reduce further expenditures on the army and navy.

KLAMATH UNIONS NOW FOR COPCO

KLAMATH FALLS, Ore., Sept. 10.—(AP)—Reversal of its position against California Oregon Power company development on the Klamath river was expressed by the Central Labor Council here last night in adopting a resolution which delegates will present at the State Federation of Labor meeting in Salem Monday.

Although the resolution named no particular instance in which private development is favored, the action is the opposite of that taken last year when the Labor Council opposed development on the Klamath river by Copco.

The power company recently announced it would make application to construct a \$4,000,000 plant south of the California line.

Al Smith Mum On Future Candidacy

NEW YORK, Sept. 10.—(AP)—Alfred E. Smith remained noncommittal today as to whether he would run for president again.

Commenting on an article in the New York Evening Post to the effect that he would not allow his name to go before the democratic national convention, Mr. Smith said:

"Nobody has authority to speak for me. I did not give out any statement and I have nothing to say at this time about events which are still a year away."

Muriel McCormick Marches to Altar

BAR HARBOR, Maine, Sept. 10.—(AP)—Muriel McCormick, granddaughter of John D. Rockefeller, and Elsie D. Hubbard, wealthy bachelor of Middletown, Conn., were married at noon today at the summer home here of Mr. and Mrs. George A. McKinlin of Chicago. The ceremony was performed by the Rev. William E. Patterson of Bar Harbor.

Mexican President Will Buy Own Gas

MEXICO CITY, Sept. 10.—(AP)—Setting an example for government economies, President Ortiz Rubio today eliminated from the presidential budget an item of \$12,500 for maintenance of automobiles.

Hereafter, the president and his staff will pay these expenses themselves. The president also cancelled his annual banquet to the diplomatic corps on September 16, Mexican Independence day.

ROSEBURG HOME FUND HALVED BY RECOMMENDATION

Board Favors Construction Veterans' Retreat to Cost Million—Congress Authorized \$200,000,000

ROSEBURG, Ore., Sept. 10.—(AP)—Tentative plans for a formal celebration September 19, acknowledging the selection of Roseburg as the site of the Northwest National Soldiers' home, were announced today by the chamber of commerce.

Members of the Oregon congressional delegation, Governor Meier, presidents and secretaries of all chambers of commerce, and the general public are being invited.

Roseburg will provide a banquet for the visitors at noon. In the afternoon parades, drum corps competition, a stunt program and a county championship baseball game will provide entertainment. Other events will be added to the afternoon program.

WASHINGTON, Sept. 10.—(AP)—The new national soldiers' home to be constructed at Roseburg, Ore., will cost no more than \$1,000,000. This is the inference taken from the text of the congressional bill, a high ranking republican on the finance committee, revealed today.

While the resolution cited authorization of a \$2,000,000 Northwest soldiers' home made by congress in 1930, the text of the resolution specifically states that at Roseburg "such additional construction not exceeding \$1,000,000 be undertaken as may be found necessary."

The resolution mentions that "certain veterans' hospitals" in the Pacific Northwest are of such character as to permit ready conversion into domiciliary facilities, and it is assumed here that at least part of the original appropriation for this Pacific Northwest will be spent in this work.

The resolution follows: "Whereas, the federal board has ascertained that the existing facilities at certain veterans' hospitals in the Pacific Northwest are of such character as to permit ready conversion into domiciliary facilities, and

"Whereas, the locations of these hospitals and the probability of their eventual use in whole or in part for domiciliary cases has been considered in determining upon a location for the proposed home which will equalize travel distances between government institutions of like character, and

Property offered free. "Whereas, the state of Oregon is operating a soldiers' home at Roseburg on a site comprising 407.2 acres located south of the Umpqua river, which property it offered free of cost to the federal government, and

"Whereas, it has been determined that certain of the existing buildings at said home can be used to advantage by the federal government, with consequent saving in construction cost, and

"Whereas, the city of Roseburg has also offered free of cost to the federal government some 407 acres of land immediately across the river and north of the present site of the soldiers' home reservation, with riparian rights to said river, therefore, be it

Resolved, that the federal board of hospitalization recommends to the President that the federal government accept from the state of Oregon the present soldiers' home, all land and facilities thereon, and from the city of Roseburg the 407 acres of land adjoining the present state home, and establishing thereon a national home for veterans; also that such additional construction not exceeding \$1,000,000 be undertaken as may be found necessary by the veterans' administration—all of above subject to proper examination and conveyance of title without cost to the federal government."

EXPECT TREMENDOUS WHEAT PRODUCTION

WASHINGTON, Sept. 10.—(AP)—A total wheat production of 885,943,000 bushels and a crop of 2,715,367,000 bushels of corn were forecast today by the department of agriculture, as compared with forecasts of 893,502,000 bushels of wheat and 2,775,301,000 bushels of corn a month ago.

Last year's production was 612,268,000 bushels of wheat and 2,953,552,000 bushels of corn.

Of the wheat crop, winter wheat production this year is 615,180,000 bushels as compared with 612,268,000 bushels last year, and the forecast of all spring wheat is 110,463,000 bushels, compared with 116,462,000 bushels last year and 251,162,000 bushels last year.

GIRL IS SHOT DOWN BY REJECTED LOVER

NORFOLK, Va., Sept. 10.—(AP)—Miss Edith Pugh, 23, was shot and fatally wounded yesterday as she walked down the street with her brother, Thomas, 5.

Police arrested Roger C. Morris, 38, whose attentions Miss Pugh had rejected, and charged him with

STATE FOREGOES COLLECTING FEES FOR INSANE CARE

Board of Control Acts On Recommendation of Meier—Waiver Applies 1932—Counties Protested

SALEM, Ore., Sept. 10.—(AP)—The state board of control today waived, and cancelled all charges to be paid by counties toward the care of non-violently insane and feeble-minded inmates of state institutions for the year 1931. The order was made subject to the approval of the attorney-general as to the board's legal power to waive such collections.

The motion was made on recommendation of Governor Julius L. Meier, who sent a letter to the board today urging such action.

Double taxation. He stated that in view of the levy already made by counties to provide for state assessments for such institutions the new act served as a double taxation on the counties. He, however, urged continued collections from estates and families able to pay.

Protests by various counties against paying the additional charges required by the new law, to the extent of \$20 for each person whose estates and families are unable to pay, have been made to the state, and the matter has been one of contention several months. If the action is approved by the attorney-general, counties will not be required to make any payments until 1932. No counties have made any payments under the act.

FLIERS PREPARED MEET DEATH HERE PACIFIC ATTEMPT

TOKYO, Sept. 10.—(AP) Killed as they were of safely reaching Seattle, Don Moyle and Cecil A. Allen prepared for death before taking off from Samushu, Japan, for America Tuesday morning.

They left with newspapermen and friends certificates to prove they had taken off on a trans-Pacific flight. These were made with a view to simplifying the liquidation of their life insurance policies in the event they should not be heard from again.

Cash, personal possessions and every other article of value were disposed of. They stripped themselves of everything except hope, courage, the clothing they wore and a watch which Allen carried. Paisted in the crystal of the watch was a tiny photograph of himself and Elleen Miller, Los Angeles aviatrix, who was killed in a plane crash some time ago. Allen has a wife in southern California, but reports had mentioned him as having been engaged to Miss Miller.

Wardens W. E. Davis finally quelled the outbreak by refusing to bargain with the mutineers as policemen, deputy sheriffs and firemen swarmed the walls, prepared to beat down any wholesale attempt by the convicts to escape. The warden expressed the opinion six or seven other prisoners were implicated in the mutiny and they were being sought today.

Grand Jury Report On Capone Refused

CHICAGO, Sept. 10.—(AP)—A federal grand jury report on its investigation of the prohibition charges against "Scarface" Al Capone was refused by U. S. District Judge James H. Wilkerson today.

"I'm not interested in reports, only in indictments," Judge Wilkerson informed the jury.

A moment later the grand jury appeared before Federal Judge John P. Barnes, advised him it had no indictments to report, and was discharged.

Showers and Snow In Northern Area

PORTLAND, Ore., Sept. 10.—(AP)—Seasonable showers fell over scattered sections of northern Oregon and Washington yesterday and last night. Snow was reported in the Cascade mountains and today cooler weather prevailed over the entire Pacific northwest.

More showers were promised for tonight and Friday.

TWO MEN WOUNDED IN WAR FOR RANGE

LAS CRUCES, N. M., Sept. 10.—(AP)—Two men were shot and seriously wounded and a third was severely beaten in a range war at a desert water hole, five miles south of Cambray, late yesterday.

More Youngsters Heed Call of School Bells

WASHINGTON, Sept. 10.—(AP)—As millions of children throughout the country mournfully answer the toll of school bells for the fall term, the census bureau today reported more youngsters in classes than a decade ago.

The bureau found in its 1930 count that of 38,387,032 persons between five and 20 years old, 26,949,639 or 69.9 per cent were attending school. Ten years ago, 21,374,976 or 64.3 per cent of 32,299,670 between the same ages were pupils.

An increase in older children attending classes over the number ten years ago was shown. There remained, however, a sharp decrease in school enrollment in children 15 and

FEAR MARKETS

NEW YORK, Sept. 10.—(Special to The Mail Tribune.) (Special to The Mail Tribune.) 3 cars of California Bartlett sold today for prices ranging from \$1.65 to \$3.15; average \$2.51. Market opened steady and closed lower. Three cars of Medford Bartlett sold as follows: Groves Exchange, \$1.85 to \$1.95, average \$1.95. Broadway, \$1.25 to \$2.50, average \$2.43. Fifth Avenue, fancy, \$2.20 to \$2.30, average \$2.28. Silver Crest, \$2.10 to \$2.25, average \$2.17. Bear Creek, \$2.30 to \$2.70, average \$2.42. 125 boxes Transport Seckels, average \$3.42. 150 half boxes Transport Seckels, average \$1.90.

MISSING KLAMATH BOY IS LOCATED

KLAMATH FALLS, Ore., Sept. 10.—(AP)—Dale Price, three years old, missing since late yesterday, was found late this afternoon.

The babe was found about three miles from his home in a section known as Moore's Park, alive, hungry, and crying lustily. His two dogs were with him.

State police this afternoon started a campaign against a band of gypsies in the south end of the valley and ordered them to decamp at once. Seventeen of the band were questioned in connection with the disappearance of Dale Price, three and one-half year old Klamath Falls lad who disappeared late yesterday from his home.

A search of the auto camps along the Klamath Falls-Ashland highway this morning was made without finding any clues to the boy, who is described as exceptionally bright and good-looking. Sheriff Ralph Jennings left this afternoon for Ashland, in connection with the hunt for the lot.

CONTEST PLANNED TO LIST PRODUCTS

The Chamber of Commerce today announced a cash prize contest to stimulate interest in the Oregon Products campaign in this city, which opened with the annual fall showing of merchandise last night.

These prizes will go to the first two persons who bring into the Chamber of Commerce the most complete lists of products manufactured and grown in Jackson county. The first prize is \$5 and the second prize \$2.50. All lists must be in by next Tuesday. Anyone is eligible to enter the competition.

HIGH INTEREST PAID BY FOSHAY BLAMED

MINNEAPOLIS, Sept. 10.—(AP)—For many months prior to being placed in voluntary receivership, the W. B. Foshay company was being forced to pay high interest rates on its obligations. E. J. Bouchard, former assistant treasurer of the concern, testified in federal court today.

In addition to rates of either six or seven per cent specified in a note for \$250,000 held by the American Trust company of Boston, the company was paying it interest at the rate of 1 per cent monthly, he said.
