### Oaks Suffer Twin Trouncing at Hands of Seals—Ducks Continue Tail Spin in Series With Missions

(By the Associated Press)

Los Angeles with a double win over Seattle pushed into first place in Coast league standings last night.

The Angels started for the position when they downed the Indians 10 to 5 in the first game. They repeated in the second to win 12-7. Both games were loosely played, fine errors being chalked up during the contests.

The Seals began yesterday's program by blanking the Oaks 2 to 0 in an afternoon encounter. After dinner they returned to give Oakland a 6-5 beating.

The Missions took victories over Portland by scores of 7-1 in the afternoon and 7-5 last night. Lieber held the Ducks scoreless until the seventh inning last night when four Portland runs came in. His teammates, however, came back to score just as many and put the game on ice.

Hollywood brought gloom to the Sacramento Senators as the Stars pounded out two victories. In the afternoon it was 6 to 2 for Hollywood and last night the Stars made it 5 to 1.

## With Rod and Gun

In view of the fact that hunting season is approaching information regarding the care of guns, which may eliminate a lot of "hunting grief," is being circulated this week. Some good advice which should eliminate the necessity for crowding sporting goods stores for last minute information is included in the following paragraphs, gleaned by Wallace Williams of Lamports from California Fish and Game:

The cleaning of shotguns, rifles and pistols is such an easy job that most gunsmiths wonder why the job is brought to them. The only necessary tools are steel wool, oil and clean rags, also rods for each. First, wipe out barrels with dry rags. Next cover rag with steel wool, No. 0, and rub well, oil on the wood. Next dry rag again, followed by oiled rag. Now take oiled steel wool to burnish and rub all over outside—this will not hurt bluing. Gunsmiths use steel wool to burnish the bluing. This applies to rifle and pistol as well; no other tricks are necessary. Except in high-power rifles use plenty of nitro solvent before the final cleaning and oiling. Under ordinary circumstances this will be enough for all guns.

In case of neglected guns, you may not have the equipment the gunsmith has and in that case you may use plenty of hot water while scouring inside the barrels and finish with a good swabbing, using regular ammonia if the fouling is heavy or of long standing. Do this for a few days before regular cleaning with oil to put away. Use plenty of good oil in all joints and where you can see there is friction. By following these instructions, the only time you need consult a gunsmith is after the season closes. Guns should be stripped and cleaned to put away; also whenever a gun is submerged, it is best to strip it.

# PIRATES STAGING BRILLIANT SPURT; TAKE 8 STRAIGHT

(By the Associated Press)

Completely out of the pennant race but hopeful of gaining a first division berth in the National league, the Pittsburgh Pirates have begun a brilliant spurt just in time to do some serious damage to the chances of the teams they meet.

Triumphing over Brooklyn 5 to 1 yesterday, the Pirates extended their latest winning streak to eight games, their longest of the season and left the Robins in the uncomfortable position of being within a half game of mathematical elimination from the struggle for the flag.

Washington carried off the honors of the American league's only game, downing the Philadelphia Athletics 2 to 1 in a ten inning game.

The two exhibition games, played on an off day for nearly all the major league clubs, netted \$104-131.60 for the unemployed of New York and Chicago.

As 60,540 fans saw the New York Yankees beat the Giants 7 to 3, only three of the ten centers were scored with the American league ball in the first five innings while the rest, including a homer by Babe Ruth, came in the last four frames.

The results of the comparison were much the same in Chicago, where a crowd of 34,865 saw the Cubs and Charlie Root down the White Sox 3 to 0.

By ALAN GOULD

We were chatting about pitchers to the Pirate dugout at the Polo Grounds, while the boys were waiting for the showers to stop and the customers to come in for a doubleheader.

Were the Cardinals any better this year than last or was their runaway just a case of the other contenders beating themselves?

"A little of both," responded Jewel Ems, the chief of the Buca and among the most ambitious of big league managers. "The champions look better to me. They picked up a great young pitcher in Paul Derringer. A boy like that makes it easy on the rest of the staff. They have so many good pitchers there that enough work to keep them all busy."

"Take a fellow like Grimes. He would like to be in there every three or four days. But he has to wait five usually, before his turn comes around."

"That's why there's no advantage in receding Dixie Dean from Houston. Dean will be just as good as Derringer, maybe better, when he gets a regular job with the Cards. He has the dirt to win 20 to 25 games a season."

"The Cards are an ideal team for this new ball. So are the Pirates, when we have the pitching, but we didn't get it until too late this year. Slugging clubs like Brooklyn and Chicago, have felt the depression in batting."

None Like Grove.

Speaking of pitchers, was there anyone in the National league with as much speed as Lefty Grove? "Probably not," said Ems. "I haven't seen Grove since I was in the International league years ago, but he has plenty of stuff. Dazzy Vance hasn't so much speed any more, not as much as Grove. Bill Hallahan of the Cardinals is fast enough. This youngster of ours, Glenn Spencer, and Sy Johnson of the Reds, have about as much on their fast one as anybody in the league now."

1932 Young Blood.

What about the Pirate prospects for 1932?

"We had better not discuss that until we see whether I am under contract with the club for another year, but we already have acquired two fine youngsters in Grosklos, from Amherst college, and Jensen, the young outfielder from Wichita."

"They both have the makings of stars. Grosklos is handicapped now by a football knee that keeps getting out of joint, but he handles himself like a veteran. He can field and he can hit."

"We have had fine reports on a young Polish boy, Piet, now playing second base for Wichita. He will get a tryout next spring."

Ems did not have the figures at hand, but the latest averages for the Western league show Piet hitting .337, with 14 home runs to his credit, and leading the league in stolen bases with 36.

The Pirates have always liked speed. Piet may fit in nicely with such high-speed performers as the Waners, Grantham and Traynor.

## CANZONERI MEETS KID BERG TONIGHT

NEW YORK, Sept. 10.—(AP)—Tony Canzoneri is to defend his lightweight title against Jack (Kid) Berg at the Polo Grounds tonight and only \$5 will buy the best seat in the place.

The unusually low top price, the result of several failures this summer, is expected to bring out a crowd of about 80,000 to see Canzoneri defend his title for the second time against the English whirlwind. It is the third and rubber meeting between the two, but on the first occasion, when Berg gave the grinning New Yorker one of the worst beatings of his career, Tony had not yet taken the lightweight crown from Al Singer.

The pre-battle "dope" is all in favor of the champion this time. Canzoneri is favorite at about 2 to 1.

## LEVINSKY IN DRAW WITH IRISH CHAMP

CHICAGO, Sept. 10.—(AP)—Con O'Kelly may be heavyweight champion of Ireland but he doesn't rate with Mrs. Levinsky's boy down along Maxwell street today.

The rugged Irishman met King Levinsky, the chin pounding fish peddler, in the main 10-round event at White City last night. Levinsky knocked him down twice in the first round but the fight was called a draw while the Chicago fans, notably the Maxwell street chorus, booted loud and strong.

The plan to house the unfortunate there this winter was suggested by Chief of Police Franz Minton, who has already started a campaign to supply food for the kitchen.

Genuine "BULL" DURHAM Tobacco at 5¢ marked the entrance of my father, Percival S. Hill, into the Tobacco business. For 14 years he was President of The American Tobacco Company. The fine quality and popularity of "BULL" DURHAM were always subjects of great pride to him. Therefore, it is particularly gratifying to us to offer this important saving and service to the American public at this time.
