Normal Students Schedules Ready

Southern Oregon State Normal School, Sept. 12—(Special)—Medford students who are planning to attend the normal school this fall may now have their schedule made out by President Chubb, he announced Saturday.

Due to the large number who are enrolling this fall it was decided to arrange schedules for students who come to the school before the opening date, September 23, in order to relieve the congestion on that day. Actual registration, and payment of the tuition fee will take place on September 23.

Two-thirds of the students who have already arranged their schedules up to this time have been men and from all indications there will be an unusually large enrollment of men this fall. President Chubb said.

Many householders have already reported all of their rooms reserved, although several weeks remain before the large influx of students.

Those desiring to reserve books in the second hand book exchange which is conducted for the benefit of the student loan fund may also do this at any time. Students may rent books at a nominal fee or may buy them second hand at half the original price at the exchange.

TRASH BURNING IN YARD PERMISSABLE

The ban having been lifted several days ago by Fire Chief Elliott on the burning of trash in the back yards and alleys of homes, will probably result in many such fires today by citizens anxious to get rid of unsightly accumulations around their premises during the summer which could not be burned up since the hot weather season started, until now.

However Chief Elliott warns all persons having such trash fires that a city ordinance forbids such a fire within 30 feet of a house or other building, and any violations will be prosecuted.

A notable thing about the continued warm weather during the summer and the long drought is that despite copious spring and early summer rains resulted in an unusual abundance of weeds and grass in vacant lots and unused yards and parking thorough the city, there were less grass fires during the summer than in previous summers.

Some persons attribute this strange situation by holding that the continued long heat thoroughly dried out and shriveled long weeds and grass, lessening the luxuriance of the growth, and making them is possible less inflammable than in ordinary summers.

They're arriving daily—exclusive creations being selected by Adrienne during her personal and critical surveys of the Los Angeles showings.

The important miss of today, always eager to be a part interval ahead of her friends, appreciates the significance of Adrienne's personal selections. Smart frocks and coats are now being chosen by Adrienne during her present buying trip. A large shipment arrived yesterday.

School Notes

JACKSON SCHOOL

School has started again. Most of us are glad to be back in school. I am sure we all had a very happy vacation. Most of the teachers were away for the summer.

Miss Stewart went to Portland and spent the rest of her vacation here. Miss Werten visited her home in North Dakota. Miss Smith went to San Francisco. Mrs. Laidley visited relatives and friends in southern California.

The boys and girls feel rather at home as they are acquainted with all of these teachers and there are no new ones this year.

Jackson school has a great many newcomers this year. A large number of these came from Lincoln and Washington schools. There were many that came from out of the state. The Johnsons probably came the longest distance, coming from Richmond, Virginia.

In Miss Smith's room we made some lovely red booklets. The purpose of these is for our nature study lessons. We are going to decorate the cover with pictures of nature.

The teaching staff is slightly different than last year. The B's who are new folks, have Mrs. Henderson, Miss Nerison who has the 1A and 2B, Miss Stewart, who has the 3A last semester, Mrs. Taylor, 4B; Miss Murray still has the 5B and also the 3A. The home rooms for the grades in the department are as follows: Mrs. Taylor, 4B; Miss Smith, 4A and 5A; Mrs. Reid, 5B; Miss Briggs, 6B, and Mrs. Laidley, 6A.

The enrollment of the Jackson school is as follows: 1B, 31; 1A, 14; 2B, 40; 2A, 11; 3B, 21; 3A, 18; 4B, 35; 4A, 13; 5B, 38; 5A, 15; 6B, 31 and 6A, 19. The total enrollment for the school is 295.

This number is not as large as at the beginning of last year.

We are very happy to have so many writing certificates earned last spring. The ones that got their proficiency certificates were Jean Culy, Frances Beck, Kathleen Dillard, Ireland Miller, Lewis Thano, Ruth Hedger and Virginia Riana. These children do not have to take writing any more. The 6th grade certificates we give to Earl Cos, Norman Oliver, Clayton Rawson, Frances Lewis, Chris Barker, J. E. Carrison, Burton Juergens, Ruth Barton, Wilma Grove, Marjory Hedcock, Vera Adren, Georgia Estep, Dorothy H. Ward, Wayne Curry, 5th certiffes: June Maxwell, Marguerite Hammet, Corday Norval, Shirley Evans, Marguerite Gilbreath, Helen Hayes, Donald Casebolt, Alice Wall, Jean Voss, Patricia Short, Erma Frayley, Helen Buckley, Catherine Warner, Durwood Porter, Helen Tompson, Ruth May Banks, Shirley Roseberry and Donald Estep. The 4th grade: James Warden, Kenneth Scripser, Bobby Forsythe, Philip Henselman, Dorothea Olson, Janet Wall, Lola Henderson, Barbara Lewis, Mabel Jewett, Winston Campbell, Ruth McKinney, Nelda McClanahan and Opal Spar.

LINCOLN SCHOOL

Geography. The geography classes are delighted with the new texts used this fall. The books are attractive and interesting.

Temporary groupings have been made in the arithmetic classes. Pupils are urged to work hard from the beginning of the term so that time will be lost in groups lower than the one in which they actually belong.

Citizenship Clubs. The fifth and sixth grade history classes formed citizenship clubs Friday. The 4A's elected James Eddy president and Mary Elliott secretary.

None of the clubs have decided upon names nor have they outlined exactly what they are to do during the coming semester. These things will be taken up at the meetings next week.

IB Room. Our room looks very gay with new short curtains at the windows and bright pots filled with geraniums and other plants. The boys and girls say that they are going to keep the room looking as bright and attractive as they can.

Rec Writing Certificates. Miss Cox has received the certificates awarded by Mr. Rice for the excellent work done in penmanship last semester. They have been signed by the teachers and are ready for distribution.

Thirteen of the boys and girls that were 1A's are fortunate. They are Donald Hawkwood, Allen Buckingham, Dorothy Dickinson, Lois Smith, Phyllis Walden, Margaret Merriman, Marie Palmer, Charlotte Walden, Howard Beers, Richie Shelley, Jean Smith, Beulah Stephenson, and Peggy Jean Baker. Donald Hawkwood was in Miss Abbott's room. The rest were pupils of Miss Bond.

A number of pupils that were Miss Tucker's 2B's are receiving their 2A certificates. They are Paul Wagner, Elinor Alcock, Jack Edmonds, Genevieve Hanson, Jeanne Eddy, Kathleen Hammack, Michelo Kamikawa, Ariel Muelst, Ernest Ludwig, Zoia Jase, Roger and Ralph Brock.

Mrs. Chase reports that all of her 2A group who wrote for certificates received them. They are Harry Lydard, Donald and Nadine Gold, Bobby Smith, Wallace Mold, Eugene Hayes, George Hall, Pauline Johnson, Helen Thibodeau, and Bobby Childers.

The seven last semester were Mrs. Chastain's 3A's receiving certificates who are Jessie Kennedy, Nola Harwood, Marjorie Cook, Fern Peck, Anna Luman, Wilson Church, Robert Newland, Glenn Shaw, Lucile Shultz, Betty Good, George Bigler, Gloria Newton, Cleith Rutledge, Richard Easton, Robert Stradley, and Helen Centry.

The pupils in the department under Mrs. Turner did excellent work, too. Elinor Shultz and Iva Schraeder who were 4B's got their 4A certificates. Ruth Walden, Lorraine Cushman, Helen Smedley, Grace Robinson, and Bula Rich who were 4A's received certificates for their grade. Richard Blake and Hasko Kamikawa who were 5B's received their 5A awards.

The former 5A's receiving 5A certificates are Corinne Harwood, Kay Nakagiri, Lucille Baird, Mildred Marrs, Mary Kellogg, Alice Kellogg, Mary Kline, Martha Shelley, and Laverne Belle Vallier. The former 6B's receiving 6A certificates are Leona Gilman, Hildegard Lange, Vivian Stratley, and Cherokee Seller. The former 6A's receiving 6A certificates are Tiny Frances, Eugene Prince, Eugene Cass, Goldie Chandler, and Eleie Penwell.

We are especially proud of Billy Wilson, Emory Culbertson, Helen Chirgwin, and Eva Mae Briscoe because they are being awarded their final certificates and will be exempt from some of the work in connection with penmanship in the future. Eva May was a 6B, Billy, Emory, and Helen were 6A's.

We are hoping to get even more

awards for the work we expect to do this year.

Among those whose certificates are marked excellent are Ruth Walden, Laverne Belle Vallier, Alice Kellogg, Donald Hawkwood, Allen Buckingham, Jean Smith, Phyllis Speaker, Beulah Stephenson, Peggy Jean Baker, Jessie Kennedy, Nola Harwood, Marjorie Cook and Lorraine Peck.

Brisbane's Today

Winebago with a loud splash and much steam, the other into Lake Michigan. That was one meteor for each of the LaFollette boys, the governor and the senator of Wisconsin.

Perhaps the old Senator LaFollette sent them down from where he now is, up above. He did things so startling in politics.

Senator Borah of Idaho learns that a "Borah for President" club has started in Virginia, and is pleased "to learn that I have such good friends down in the Old Dominion."

Men are still Barbarians, where religious controversies are concerned. At Jonesboro, Ark., martial law is needed because the Rev. Jeffers, evangelist, accuses the pastor of the First Baptist church of unbecoming conduct.

Five thousand prayerful persons crowded the revival tent to hear more about that, while national guardsmen with fixed bayonets stood outside. The evangelist said: "I get r - sermons from God, not from the governor or anyone else," and announces that martial law won't influence him.
