

LAKE ATTENDANCE PRESENT SEASON SHATTERS RECORD

Last Year's Total of 157,693 Eclipsed Wednesday—Expect Well Over 160,000 Will Enter Park

CRATER LAKE NATIONAL PARK, Ore., Sept. 14.—(Sp.)—A new attendance record for Crater Lake, rapidly passing the 160,000 mark for the season, was set during the past week. Last year's season total of 157,693 visitors was passed Wednesday when the 160,000 mark was reached. With prospects of fair weather, several thousand more visitors are expected in the park before the 1931 travel season closes October 1.

The latest segregation of guests reveals that the state of California leads the list with 49,150 people in 14,103 cars for first entries, but for the grand total of first entries and re-entries Oregon is credited with 78,879 visitors, arriving in 25,853 cars. Of this number, 42,189 were of the latter classification and 36,690 of the former. Records show there were 5719 visitors by re-entry from California.

Washington is third in the list with 4853 people, traveling in 1630 cars, in addition to 583 by re-entry. Every state in the union has been represented, with New York and Illinois leading in the number of travelers from eastern points. Over 500 visitors have arrived from each of these states. Ohio and Pennsylvania are not far behind and have a combined total that will soon reach 1000.

Vermont, New Hampshire, Delaware and Mississippi are at the bottom of the list with a combined total of a little over 50 visitors. The average for other states, with the exception of Idaho reported with a total of over 900, hovers around the 300 mark, exclusive of re-entries.

The 1931 season has attracted quite a number of visitors from all parts of the world, with guests from England, Germany, France and Canada predominating. There have been approximately 250 visitors from the latter country, with the number from the European continent comparatively smaller. Mexico was represented by six visitors. Arriving by stage and in their motor cars, tourists arrived from Haiti, Cyprus, Guam, China, Belgium, Switzerland, Holland, Poland, Ireland, Scotland, India, Straits Settlements, Czechoslovakia, Austria, Korea, Peru, Japan, Union of South Africa and Spain.

Air Visitors Too. Unable to check in, approximately 15 airplanes, estimated to have carried 250 people, flew over the park this season. Several army planes were included, with the majority private planes, most of which held fairly high altitudes. However, one or two came as low as to descend within the crater walls surrounding the lake.

Auto stages brought 483 people and 225 arrived by miscellaneous means of travel. In the latter classification, quite a number of hikers were noted, with several from eastern points. There were several teams, and one bicyclist, a one-armed man of Salem, Oregon.

Snow, which fell last week to a total of four inches on one day and an inch on two other days, melted rapidly. With the skies cleared of stormy weather, the atmosphere has been remarkably clear, affording some of the best views of the lake this season.

REVIVAL OPENED WITH BIG CROWD AND ENTHUSIASM

The interdenominational evangelistic meetings in the big tent on North Central avenue were opened last evening with a capacity audience and great enthusiasm.

The audience was put in a happy frame of mind at once by the singing of the great chorus choir under direction of DeVere Penhollow, the song leader of the evangelistic party. Mrs. Cox, at the piano, thrilled the audience with her playing. Singing of negro spirituals by Mr. Penhollow was greatly appreciated.

Dr. Eaton, pastor of the First Baptist church, introduced Mr. Higgins, who made a brief statement about the purpose of the meetings. He announced meetings would be conducted every night this week, including Monday night. He said the evangelistic party represents the great Moody Bible Institute of Chicago, an interdenominational school for the training of Christian workers, and the purpose here is to "pray and plan and work together with God's people of Medford in an effort to reach men and women and our young people for Christ and the church."

Evangelist W. W. Shannon, who hails from Mississippi, spoke on the subject: "The Conflict of the Ages." He said in part: "Ever since the fall of man there has been a never-ceasing conflict between the wisdom of man and the power of God. As high as the heavens are above the earth, so are God's thoughts higher than man's thoughts, and God's ways higher than man's ways."

From many of his hearers there were expressions of approval at the straightforward manner of the evangelist and the absence of such extravagances and eccentricities as are often associated with this sort of endeavor. The hearty cooperation given by so many of the Christian people of Medford indicates their faith in the enterprise.

PROSPECT LIQUOR MAKER ARRESTED BY SHERIFF'S MEN

In a raid in the Prospect district yesterday, by the sheriff's office, assisted by the state police, a man giving the name of Burnett was arrested, and is held in the county jail, charged with violation of the liquor laws. Two other houses in the district under suspicion were visited, but no incriminating evidence was found.

Bennett was living in a tent on the Red Blanket road, where 23 gallons of beer mash was seized, and a number of bottles broken.

The authorities believe that a "tip" regarding their coming was flashed ahead of their arrival.

The raid followed the receipt the past week of complaints regarding the activity of liquor vendors in the Prospect and Red Blanket sections who are said to have found a lucrative trade among the laborers on the California-Oregon Power company construction work. Bennett is alleged to have sold beer to families, and to have been one of the main sources of supply.

It has also been reported that one of the Copco workers, when stupefied with moonshine, was "rolled" and robbed of a small sum of money.

JUNIOR HIGH BOYS ASK EMPLOYMENT

Boys of the local junior high school have taken a cue from the proverbial college boy who works his way through school and have been applying to Principal B. R. Finch for positions in homes about the city to work for room or board or both.

Although the high school operates an employment bureau for boys and girls it is not generally known that the junior high has similar arrangements to help out-of-town students get placed so they can attend school. Miss Della Whisenant, dean of girls, handles employment for the girls of the school and Principal Finch the boys.

Wedding Bells

Clara N. Cunningham and Emerson M. Babb, both of this city, were married at the home of the officiating minister, Irvin Dupray Sunday, September 13. It was announced this morning. They will make their home in Medford.
