

APPLGATE GRANGERS CELEBRATE BIRTHDAY OF CHAPTER AT MEET

APPLGATE, Ore., Sept. 30.—(Spl.) On Sept. 25, an enjoyable meeting was held by Applegate Grange, celebrating its first birthday anniversary. A covered dish supper was served at 7:30. Many neighboring Grangers were present of the community were present.

Membership has more than doubled, now numbering 85, with many requests for membership cards that will reach the hundred mark soon. Visiting Grangers were Mr. and Mrs. C. C. Hoover, Mr. and Mrs. A. E. Brockway of Jacksonville; Mr. and Mrs. B. A. Clark, Mr. and Mrs. Wm. Perry, and Mr. and Mrs. Sam Coy of Eagle Point; Mrs. Wilson and daughter Frances and son Russell of Sams Valley; Mr. and Mrs. C. Davidson, Mrs. C. E. Vencill and daughter Sylvia; Mr. and Mrs. Cougle and son, and Mr. and Mrs. Johnson and son Kent of Williams Grange.

The assembly sang "The More We Get Together," followed by Beverly Mee, five year old daughter of the lecturer, singing the song alone.

A request number was sung by Mrs. Margaret Knutzen.

Mrs. Wilson read a poem, written enroute to the meeting, which stressed the beauty of the valley, the sunshine, and the sunshine of our smiles. The poem met with cheers of appreciation, by the Applegaters.

Mrs. Clara O. Brien and Mrs. Margaret Knutzen sang, with Mrs. Lew Hansen at piano. Master Kent Johnson played several numbers on his harmonica.

Wm. Perry, master of Eagle Point Grange, gave a reading, and C. C. Hoover told a humorous story.

In conclusion, a drill, filling the floor to capacity was enjoyed by all, with Miss Frances Wilson at the piano.

A collection was taken to pay for the lumber furnished by the Grange to build a cabin for Tom Nickerson, who had his cabin burned in the recent forest fire.

Orville Thomas, banjo, and Lester Hill, saxophone, assisted Mr. and Mrs. L. Hansen with music for dancing.

Applegate Grangers met C. C. Hoover at the Applegate hall Sept. 25 and a truck load of winter blue grass seed from the Hanley-Hoover ranch was loaded on to truck horses and into cars to be planted on the burnt over ground up Humbus creek.

A basket dinner was served by H. E. C. committee. Outsiders assisted to plant the 5000 pounds of seed, selecting the most favorable areas.

For the purpose of preparing the grounds, and digging the pits, Williams and Applegate Grangers met with the committees at the picnic ground on the E. J. Brown ranch on lower Applegate, Sunday. Plans were completed and most all of the pits were ready for the roasting of meat for the barbecue to be held Oct. 3.

C. C. Hulet, state master, has been invited and has promised to be there in the afternoon.

A program that will fill the afternoon with entertainment has been planned.

The barbecue is from 11 a. m. to 1 p. m.

**H. E. CLUB MEETS
AT JACKSONVILLE**

Home Economics club met with Mrs. John Marsh Wednesday. The roll call featured the program proved very interesting, each lady contributing worth-while home hints.

Next meeting will be held at the home of Mrs. Jones of Jacksonville. Grange meeting Friday night was largely a business one. Several questions of importance to the Grange were discussed.

The Grange was glad to have Mr. and Mrs. Ray Ward and Mr. and Mrs. O. C. Maust of Phoenix present, also Leslie MacDonough and O. T. Wilson of Sams Valley.

Plans are under way for a get-together banquet to be held the last meeting of October. Mrs. Mabel Sims was put in charge of the arrangements. Every effort will be made to have this one of the most enjoyable Grange functions of the season. It is hoped that the entire Grange membership can be represented.

**ANOTHER EXCURSION
PROBABLE ON ESPEE**

Whether or not there will be another cent a mile excursion on the Southern Pacific, and if so, when, is problematical so far as could be learned from A. S. Rosenbaum, district agent, today.

He was enigmatical on the question but still held some hope, saying that the previous excursions at that low rate per mile were such a success that it would not surprise him if there should be another.

"When I don't know and I doubt if anyone else does," said "Rosie." "But as this month is so far gone it is a safe guess it won't be in September. Next month? Possibly and probably."

Now---After Five Months What Are the Results of Fluhrer's New Bread "Holsum"

Holsum has taken his place in the family of Fluhrer's Breads and has steadily grown until he now has almost as many friends as our old friend "Milk Bread."

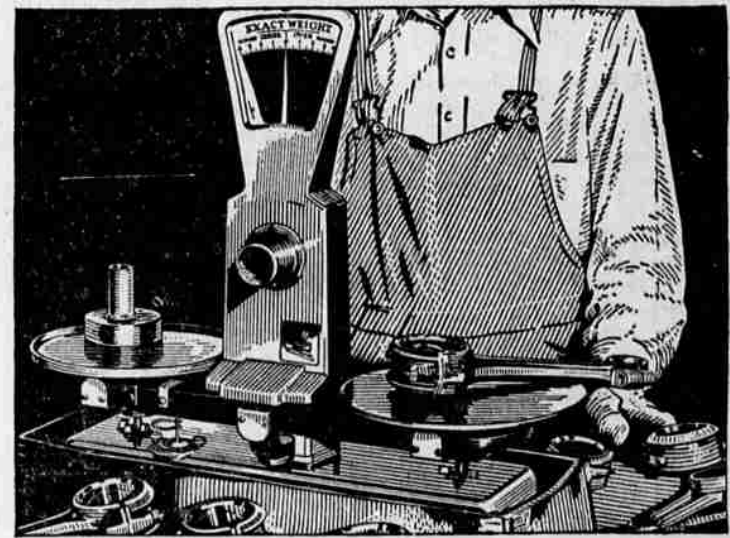

What Is the Secret of the Tremendous Popularity of This Young Fellow "Holsum"

What is there about him that has brought forward such Whole Hearted enthusiasm and such compliments as... "Never saw anything like it"... "Perfect—everything about it"... "Even better when several days old"... "I'll never buy anything else"... "Most impressed by how well it keeps"... "Just like angel food in texture"... "First baker's bread which seems thoroughly baked"... "Crust like home-made bread."

If you are not using Fluhrer's New Holsum loaf, try it and compare it with the bread you are now using. Note particularly the fineness of texture, tenderness of crust, the richness of flavor and the rapidity of toasting.

After this comparison you will understand the reason for the astonishing growth of this newest member of the Fluhrer Family.

HOLSUM

Chevrolet connecting rods are matched in sets of six to within one-quarter ounce, and are individually fitted by hand to the crankshaft. Bearings are of Habbitt metal cast into the rods under heavy air pressure and at 800° Fahrenheit.

Possessing the basic goodness of sound design and fine manufacture

CHEVROLET From the selection of raw materials to the completion of the finished product, each process of building, assembling and checking the Chevrolet Six is marked by extreme care and precision. An exhaustive system of test and inspection makes certain that every part meets specified dimensions exactly. Many of these parts are held to limits of one ten-thousandth of an inch. No manufacturer in the industry uses more care or precision in building and testing than Chevrolet.

Just as every part of the car is soundly built, every feature is soundly designed. In planning

the motor, Chevrolet engineers were not content to offer the public anything less than tried and proved design. They knew that the only satisfactory way to get smooth, flexible power in a car is to use at least six cylinders. So they adopted the six-cylinder engine without compromise. And this is what you get in today's Chevrolet Six.

As a result of this sound designing and sound manufacturing, you can buy a Chevrolet and know you are getting a genuinely good automobile—soundly designed, soundly built, basically and technically right.
