

ROGUE GRAPES AT PEAK OF MARKET

PORTLAND, Oct. 5.—(AP)—Conditions in the butter market appear fully steady, at least insofar as the open trade is concerned. Butterfat situation is firm.

Generally maintained prices are reflected in the market for eggs with Pacific co-ops reporting a steady movement at the recent advances. Much storage stock is passing into consumption.

Rogue River grapes of the best quality are topping the local market at \$1.00 crate. Some from the district are quoted \$1.40 to \$1.50, which is the same as for California, although the latter are in larger packages.
