

COUNTY PHYSICIAN MAKES DENIAL OF WOMAN'S CHARGES

No Force Used In Placing
Mrs. Marcho In Jail Ward
Is Testimony In Damage
Trial — Medics Heard.

Cross-examination of Dr. B. C. Wilson, county physician, defendant with O. W. (Ike) Dunford, in the \$13,000 damage suit of Mrs. Nettie Marcho, for alleged mistreatment and false detention, started this morning in circuit court, by Attorney M. O. Wilkins.

Dr. Wilson, throughout the tedious process, maintained that he acted with discretion and entered a denial to the charges upon which the action was based.

The county physician declared that he placed Mrs. Marcho in the woman's ward of the county jail, after she had been removed from the Sacred Heart hospital because she created a disturbance there, and when he had been unable to locate her husband by telephone. He said he refused to let her walk in search of her husband on account of her physical condition, and that no force or duress were employed in placing Mrs. Marcho in the woman's ward.

Questions Protested
Questioning of Dr. Wilson was interrupted several times by his own attorney, George A. Coddington, on the grounds "defense counsel is attempting to introduce irrelevant matters into this case," and was sustained by the court.

One point at issue was whether or not Dr. Wilson had entered the woman's ward with Mrs. Marcho, and whether or not another woman there, "had on night clothes." Dr. Wilson declared that he "went a step or two in the ward," and left "Mrs. Marcho standing by the window."

Dr. Wilson declared that Mrs. Marcho's illness was of long standing and many, and that she had been a recipient of county medical aid. He denied that he had mentioned an operation to Mrs. Marcho, which, the defense holds, was the cause of her hospitalization.

Created Disturbance
Nurses at Sacred Heart hospital, on duty during Mrs. Marcho's stay, testified she "pounded on the table, disturbed other patients and refused to be quiet." Dr. Wilson testified that he removed Mrs. Marcho, when his efforts at suasion failed and that she was able to walk to the auto.

A half dozen local physicians were called to the stand yesterday to give expert testimony for the defense and plaintiff. They viewed an X-ray photo of Mrs. Marcho's pelvic region, but none were able to state whether a growth on the pelvic bone was of short or long duration. The defense contends the growth was caused by Mrs. Marcho being dropped to the sidewalk, while being escorted from the auto to the woman's ward.

Defendant Dunford is scheduled to take the stand this afternoon. The case is taking longer than expected, and it is not likely that it will be in the hands of the jury before tomorrow morning.

SPECIAL VENIRE FOR HOLLY SUIT

For the damage suit of Roy G. Patch against the Pacific Theaters, Inc. (Holly), delayed until next Monday by the unexpected length of the suit now on trial, Circuit Judge J. T. Brand this morning ordered a special jury venire drawn as follows:

E. B. Adamson, Ashland; Ernest Lyman, Gold Hill; Scott R. Darby, Jacksonville; Jack Hitzler, Medford; J. A. Bitterling, Eagle Point; Perry Ashcraft, Ashland; Mrs. Edith MacCracken, Ashland; Charles Sage, Central Point; and Henry Manhins, Jacksonville.

Circuit Judge J. T. Brand of Marshfield, sitting in the Marcho damage suit, will hear the Patch case. M. O. Wilkins, attorney, Ashland, filed affidavits of prejudice against Circuit Judge H. D. Norton, in both suits.

Patch seeks \$50,000 damages for alleged negligence he alleges resulted in injury to his eyes.

DOG BITES SKUNK AND HUNTERS QUIT

A party of well known Medford hunters, one of whom was said to be Henry Fluhrer, with what they supposed was a well educated bird dog, was out in the valley early yesterday morning all set to kill their limit in pheasants and get back to town in time to resume their business duties.

All of a sudden the dog "pointed" to a clump of bushes and made a dive into them with disastrous results, as it later developed, as the astute

canine encountered the aft deck of a skunk in his dive, and bit into it, causing more moisture for a long distance thereabouts in the next few seconds than has fallen in the valley for weeks.

The disgusted party thereupon returned to the city with the ashamed and crestfallen dog trotting along some distance behind their car and went to a rendezvous where they disinfected themselves and changed clothes.

GRAY HAIR MEN FOOLISH TO BE GRAY AND LOOK OLD

New Tonic Stops Hair Falling Out
and Banishes Every Gray
Hair in Your
Head

USE AT HOME LITTLE
WHILE; NO TROUBLE

"My hair had been falling out for years until it was mighty thin in spots and had turned gray, too, so I bought one thing and then another but nothing helped me until I saw Lea's Hair Tonic advertised. It is wonderful stuff," declared Albert Jannz, who, like many others here, is no longer gray or bothered with dandruff or falling hair.

"I didn't have faith in Lea's but gave it a trial anyhow and am glad I did for it works like magic. Results were astonishing and so perfect I recommend Lea's Hair Tonic to everybody and think gray haired men are foolish not to use it. It makes a man look years younger and better groomed," continued Mr. Jannz, 2910 South J Street, Tacoma, Wash.

Thousands of men massage a drop or two of Lea's into their scalp with finger tips and are delighted beyond words at the youth-

ful, improved appearance it brings to the hair. It doesn't strain or give a dyed appearance. It is a clear clean smelling liquid even the most fastidious people use with delight. One can defy their barber to detect the use of Lea's and gradually day by day the hair goes back to its youthful color. Then an occasional massaging keeps the head and scalp in vigorous healthy condition entirely free of gray or dandruff.

If the reader desires to try Lea's let them obtain a bottle at nearest drug store on positive guarantee of satisfaction or money back, or send dollar bill, check or stamps to Lea Hair Tonic Co., Brentwood, Md., a regular size bottle will be mailed to you.

SLICE OF FRANCE GERMANY'S PRICE FOR END OF WAR

Telegram To President Wilson
On Feb. 4, 1918
Discloses Offer For Peace
—Hatred For America.

WASHINGTON, Oct. 16.—(AP)—Germany's price for peace two months before America entered the war was revealed today by the state department as "a slice of France" and general allied indemnities.

The information was contained in a hitherto unpublished cablegram from Ambassador James W. Gerard, on February 4, 1918, to President Wilson. It was part of a 700-page compilation of official correspondence made public by the state department. "Even if there is war," it said, "German military calculated they can starve England before America can do anything. These people have only one god—force."

"If you decide to make any threats," Gerard advised the president, "threaten war. Germans not afraid of break of diplomatic relations which simply means they can go ahead and do what they please and attack us if they win."

Hated America
The German chancellor, he reported, had spoken to him of "the great hatred the military and naval people have for America."

The German terms for peace at that time, Gerard informed his chief, were:

"Germany to give up Belgium but retaining so-called guarantees such as railroads, forts, a garrison, ports, commercial control," etc.; a slice of France through rectification of frontier; will only give back a small part of Serbia, and Bulgarian can do as she likes with Roumania, and everybody must pay

indemnities to Germany, etc."

Gerard added that "H. Bernstorff (the German ambassador), has given the president any other terms he is following him, but do not quote me to Bernstorff."

Peace Move Disclosed
The untold story of an attempt by President Wilson to induce Austria-Hungary to make peace shortly before the United States entered the war, also was disclosed.

Secret messages also showed President Wilson offering inducement to Austria-Hungary to forsake the German cause. He pledged that a previously expressed intention of the allies to disrupt the empire state by separating Hungary and Bohemia from Austria would not be carried out.

The effort formed a part of the general attack-up made by the American government in December, 1918, and the early months of 1917 to bring peace before being forced into the war.

Second Disclosure
It failed when the Austro-Hungarian government refused to disassociate itself from Germany in negotiations for peace or in the conduct of submarine warfare.

The state department's disclosure marked the second time this week it has opened to the public musty records that have been secreted in its archives for more than a decade.

Another lengthy compilation showed the efforts of the American government to keep Russia in the war on the side of the allies through a campaign of propaganda and financial support.

ROXY ANN FOUNTAIN
READY FOR THIRSTY

Patrons of the Roxy Ann were happy again today when they found the fountain going full force after the doors had been closed all week for remodeling. W. Leonard, the new owner who purchased the confectionery recently from Glen Brenner, is well-known in this vicinity as he formerly operated the Plaza at Astoria.

In addition to being enlarged and re-decorated the Roxy Ann is now equipped with new fixtures including

a longer fountain where hot lunches will be featured.

Several new lunch specials will be served to customers tomorrow, Saturday, just to give them a fair sample of the type of service Mr. Leonard expects to maintain.

MARKET WILL CARRY
FRUITS, VEGETABLES

Expanding to meet the demands of its many customers, the Peerless Market, located on North Bartlett street next to Snider's, will open a fine fruit and vegetable department tomorrow morning offering particularly attractive prices for the first day.

S. J. Burgdorf, who is well-known locally, will manage the new department. Rogue River valley products will be featured and Mr. Burgdorf expects to maintain the same high standard that the Peerless Market has already established; he said today.

The fruit and vegetable stands will be open Sundays from 9 a. m. to 7 p. m.

Spits apples, 25c and 50c lug. Crater Lake highway, 2 miles north Eagle Point.

Don't Go to Extremes
To End Constipation

When had breath, or a coated tongue, biliousness or headaches warn of constipation, don't take violent purgatives. There's no use when a candy Cascaret will stop the trouble in a jiffy, will cleanse your system pleasantly, and completely.

The relief you get so promptly from Cascarets is lasting. Cascarets are made from cascara, a substance which medical authorities agree actually strengthens the bowel muscles.

So Cascarets are a blessing to old folks with weakened bowels; to children; to anyone in need of establishing regular bowel habits. Ten cents a box—all drug stores.

a little goes a long way
because it's CONDENSED

White King Granulated Soap is Condensed. That's why there is greater value in the White King package. It means economy for you. All possible moisture and air is removed when it is made, and no artificial fillers or bulk are added. It is just all mild, pure condensed soap—packed with suds and washing power in every grain.

Mild and efficient; the pure vegetable and nut oils that go into White King make this soap fully efficient

in the lukewarm and cool water that modern fabrics demand. Cool water spares tender hands from irritation. Hot water that ordinary soaps require is just as hard on your hands as it is on your clothes.

White King works equally well for every household use from dish pan to washing machine. You'll save money on the soap bill when White King is used—the modern, condensed soap that gives greater value.

WHITE KING GRANULATED SOAP

EXAMINATION BY APPOINTMENT
Phone 1432
We Ask No Advance Information Concerning Your Illness

Calbro Magnowave We have investigated from every angle the merits of this machine—not only in diagnosing disease, but also in the treatment. Although this instrument is new in its field, it is already a leader. Testimonials by the score of unquestioned veracity attest its accuracy and ability to show the cause of your illness. It proved its worth before medical doctors in New York City. Hundreds of instruments are now in daily use.	Background of Radionics The radionic instrument in my office was designed and built by Calbro Magnowave, Inc. of Omaha, Neb. These instruments have been in successful use for several years. The corporation maintains an up-to-date laboratory and conducts various experiments for the purpose of scientifically promoting the practice of radionics. They have in their laboratories practically every form of bacteria and do much experimenting with human tissue in their research work on the different types of disease.	Patients Pleased With Results In the past year we have treated many people in Medford and Rogue River Valley. The majority of them were chronic cases which had resisted other forms of treatment. In most cases our results were excellent. If you are sick you should take advantage of this offer for a Free Examination and find out the true cause of your trouble. And perhaps we can help you as we have helped scores of others.
