

# Many Surprises in Store for Guests at Cooking School Tomorrow

## BUTTER ADVANCE CALLED MYSTERY PORTLAND TRADE

PORTLAND, Ore., Oct. 21.—(AP)—The mystery of the recent advance in the price of undergrade cube butter on the Portland Produce Exchange while top score was unchanged, continues to attract attention in the trade here, the Journal said today. Reports of what caused the advance are varied but the one chiefly told is that at a formal meeting of a brokerage firm and a distributive body, it was agreed to advance the price on undergrades 1c in the hope of forcing some nearby creameries to advance their quotations to chain stores and other large buyers.

Market for eggs continues to gain strength but considerable of the late advances in some markets of the country is reported due to speculative interest forcing fresh eggs to an artificial height to grab greater profits on storage. Local co-ops named an advance of 1c for standards and mediums.

NEW YORK, Oct. 21.—(AP)—Utility and industrial stocks took the bit in their teeth today, rallying aggressively in the face of a sharp slump by the rails.

The upturn followed a forenoon decline which saw many carrier issues off \$4 to \$8, reflecting disappointment over the freight rate decision, and many pivotal issues in other groups down \$2 to \$3. Not all of the losses were regained, however, and the close was irregularly lower.

Today's closing prices for 17 selected stocks follow:

## WILLIAM OVERTON, LONG AN INVALID, PASSES AT HOME

William Johnston Overton passed quietly away at his residence, 105 South Grape early Monday morning, after an illness of fifteen years, being bedfast the past five weeks. He was born in Clarke county, Iowa, October 12, 1856.

Mr. Overton was married to Sarah E. Howes, May 1, 1883, at Nelson, Nebraska. To this union four children were born, two sons and two daughters: Orval A. Overton of Lexington, Nebraska, William Pearl, who passed away in infancy, Mrs. Belle Miller of Medford and Mrs. Harry B. Critchlow of Portland, Oregon.

## STORY ONE

The housewife's job is to supply the machine with water and soap and lift the clothes in and out.

Water in the kitchen tap is used as power for an egg, mayonnaise or whipped cream beater. The contraption is attached to the tap by means of a hose.

When a baby cries for a 2:00 o'clock morning feeding there is an electric milk warmer that can be kept by the mother's bedside and save a trip to the kitchen to warm the infant's bottle. Also there is an electric egg cooker that turns out one-minute eggs with one teaspoonful of water and two-minute eggs with two teaspoonful. It boils them hard with but little more water.

Don't forget the Big Carnival and Bazaar at the First M. E. Church Friday, Oct. 23rd, 1 to 12 p. m.

Crater Lake Chapter No. 32 R. A. M. A special Convocation of Crater Lake Chapter No. 32 R. A. M. Thursday evening, Oct. 22nd. This will be a district meeting at which Milton L. Meyers, Grand High Priest, will make his official visit and will be preceded by a hot dinner in the dining room at 6:30 P. M. Visiting Companions are cordially invited to attend. By order of C. M. Houston, H. P.

Geo. Alden, Secretary.

FOR RENT—Duplex apt. partly furnished, very reasonable. 516 Liberty. Phone 185.

## MOTORISTS URGED BY CLUB SPEAKER TO EXERCISE CARE

The great menace now realized by the United States in the form of automobile accidents was emphasized today noon by Chas. Ray, local insurance man, in an address before the Lions club at the regular luncheon at the Hotel Holland. Mr. Ray presented a map prepared by the national insurance company he represents, showing that 32,500 people were killed in the United States in auto accidents in 1930.

The number injured totaled 962,325—more than the entire population of the state of Oregon. There were during that same period 835,250 accidents. The greatest number of people killed averaged in ages between 15 and 54 years, contrary to general opinion. The number of children killed in wrecks, has been lowered.

During the past 18 months' period there were 50,100 persons killed in auto accidents. The greatest number of these accidents resulted from contested right of ways. Only one-fifth of the accidents resulted from speeding. The most dangerous hour of the day, according to the accident figures, is between daylight and dark, preceding the dinner hour, when people are hurrying home from work and not alert of mind. Sunday is the day on which most accidents occur and Saturday comes next. The lowest fatality rate is recorded for Tuesday.

Following Mr. Ray's talk, all members of the Lions club at the request of Traffic Officer Prescott promised to exercise great care during the coming winter to avoid accidents.

Miss Jane Guide, special representative of the Civic Music association in this city for organization of the local branch, extended the membership invitation to all Lions. She urged them if not contacted by one of the local workers to come to the chamber of commerce headquarters to join, assuring them that the concert to be brought here this winter will offer them a special treat in music.

## BLINDFOLD DRIVE SCHEDULED HERE

Tomorrow noon a spectacular event will be presented for the Medford public, when H. W. Sittou under the hypnotic spell of Alano Taka Dass will drive through the streets of the city, blindfolded. He will be guided by auto-suggestion and mental telepathy.

The drive will start at 12:30 sharp, from the Holly theatre, where Alano is appearing each night. The demonstration will be free and all persons who enjoy a real thrill are urged to be on hand and promised that they will not be run over by the weird driver.

Alano Taka Dass will put his manager, Sittou, under hypnotic spell before allowing him to start on the dare-devil drive. He will drive an auto furnished by the Chevrolet agency here.

## BIRTHS

Born to Mr. and Mrs. Walter P. Daley, a daughter, weighing 5 1/2 pounds, at Purucker's Maternity home Monday, October 19.

Born to Mr. and Mrs. Kenneth McCoy a daughter, weighing six pounds, five ounces, at the Community hospital Wednesday.

## STORY THREE

proves just as they have in the past. "While the tide may be slow in turning, there is no more reason for thinking that business will not improve than there was in 1928 for thinking that depression was a thing of the past and that we were in an era of permanent prosperity. Public emotion swings from one extreme to the other and there is nothing more volatile than the emotion of the investing public. When railroad earnings take a sharp turn upward, as in due time they will, railroad credit will also rise."

White House officials would say only that the president had no comment to make upon the railroad situation.

From Capitol Hill, however, there came an expression of disappointment that forest products had been included among the products for which an increase was proposed.

Senator McNary, Republican, Oregon said: "I am sorry any increase whatever was necessary. The decision will work a hardship on the shippers of forest products from the west who are already suffering. This will go farther in cutting down their markets."

## STORY TWO

(continued from page one)

ties of moonshine. Most of the evidence was contained in pint bottles, with cobweb designs, and sold for \$1.50 per pint.

It is also claimed that many of the purchasers need the money for the support of their families, and officials state the raids will be a frequent occurrence, until snow flies and the construction work is suspended.

Federal charges will probably be filed against the quartet, and preliminary hearings held before Commissioner Chauncey Florey.

Don't forget the Big Carnival and Bazaar at the First M. E. Church Friday, Oct. 23rd, 1 to 12 p. m.

Notice of Publication Department of the Interior General Land office at Roseburg, Oregon October 14th, 1931.

Notice is hereby given that Joseph Leo Shaughnessy of Eagle Point, Oregon, who, on October 24th, 1927, made Homestead entry, Serial No. 017273, for N 1/2 SE 1/4 and SW 1/4 SE 1/4, Section 25, Township 34S, Range 1 E, Willamette Meridian, has filed notice of intention to make final three year proof, to establish claim to the land above described, before Chauncey Florey, U. S. Commissioner, at Medford, Oregon, on the 26th day of November, 1931.

Claimant names as witnesses: Sam Coy and Fred Lewis, both of Eagle Point, Oregon; Jack Cadzou, of Butte Falls, Oregon; Jesse Woodcock, of King St., Medford, Oregon.

ROBERT E. CRAWFORD, Acting Register.

Notice of Final Settlement, In the County Court of the State of Oregon, In and for the County of Jackson.

In the Matter of the Estate of William Lyman, deceased. Notice is hereby given, that the undersigned has filed her First and Final Account, as executrix of the Estate of William Lyman, deceased, in the County Court of Jackson County, Oregon, and that said Court has appointed Saturday, the 21st day of November, 1931, at the hour of ten o'clock in the forenoon of said day as

the time, and the Courtroom of said Court in the Courthouse at Medford, Jackson County, Oregon, as the place for hearing objections to said First and Final Account, the settlement thereof and the distribution of said estate. All persons interested are hereby notified to appear at said time and place and show cause, if any there be, why said First and Final Account

should not be approved by the Court, said estate be decreed to be fully settled, a decree made for the distribution of said estate to the person entitled thereto, and said executrix discharged from her trust. Dated and first published October 21st, 1931. CARRIE M. LYMAN, Executrix of the Estate of William Lyman, deceased.

# A CLEVER WOMAN

## Employs the World's Most Successful BEAUTY DOCTOR

**S**HE discovered some time ago that kitchen work is what you make it. She knows that the old style kitchen, with its excessive heat and endless hours of hard work to prepare the family meals, is the greatest enemy to beauty, health and happiness. Electricity has changed all that. Now she accomplishes wonders in preparing delicious meals with a minimum of effort. She shops, spends more time with the children and her friends while her General Electric Hotpoint range efficiently cooks her dinners. An electric refrigerator keeps her food safely while it quietly freezes her new and delicious desserts. She knows too, that electricity is the cheapest service she can buy.
