

GROUP TO SELECT MUSICIANS; DRIVE CLOSES TOMORROW

The membership drive for the local branch of the Civic Music association closes tomorrow night. All music lovers are urged to get their memberships into the Chamber of Commerce headquarters before 10 o'clock.

All campaign workers will meet at the chamber of commerce tonight at 7:45 o'clock for an official check on results of the drive up to date.

The local artists' committee will meet Sunday afternoon with Miss Alice Seckles of San Francisco to map out the programs to be brought to Medford during the coming season.

Miss Seckles is manager of the San Francisco office and assists in the selection of artists for all Pacific coast cities.

The meeting has been called for 3:00 o'clock at the studio of Mrs. Effie Herbert Yeoman.

Members of the local committee are well known for their understanding and appreciation of music.

They are: W. Carlton James, chairman; Miss Louise Woodruff, supervisor of music at Southern Oregon Normal school; Mrs. Gordon Voorhies, Mrs. Yeoman and Wm. F. Isaacs.

Miss Woodruff came to the Ashland normal this year from spending two years at Columbia university.

She was formerly in the voice department at the University of Idaho and spent some time at the Monmouth Normal.

The selection of artists by this committee, music lovers of Medford know, will meet with general approval.

It is hoped the membership will total more than 400 tomorrow night and enable the committee to bring more than three concerts to this city.

The capacity of the high school auditorium, where concerts will be presented, is 1200.

Cloudy east and unsettled with showers tonight and Saturday west portion; moderate temperature; fresh west and southwest winds offshore.

The first seal ever to be reported in gulf waters has taken up its habitation off Port Isabel, Tex.

CHILQUIN - Cattle and sheep moved out of here during recent week at rate of trailload per day.

BROWNSVILLE - W. McConnel of Sheed purchased A. B. Miller cream buying station.

SUTHERLIN - About \$30,000 worth of new equipment being installed at quicksilver mines east of town.
