

Favorite Phar Lap Wins Caliente Handicap to Enter Big Money

TOTAL EARNINGS NEAR RECORD OF GREAT SUN BEAU

Giant Gelding Two Lengths in Front at Finish to Set New Track Record—Reveille Boy Is Second

By PAUL ZIMMERMAN.
(Associated Press Sports Writer)
AGUA CALIENTE, Mex., March 21.—(AP)—Phar Lap, just another piece of horseflesh which sold for \$800 four years ago, moved into second place among the world's leading money winners today.

In one great stride yesterday, the red ringer moved in past Gallant Fox to bring his total earnings in this quarter of years to \$332,750.

Like the flash of lightning his name implies, the giant gelding of chestnut hue thundered down the stretch yesterday to win the Agua Caliente handicap, with its \$50,000 first place money by two lengths in the track record time of 2 minutes 24-5 seconds.

Wins With Ease.
Phar Lap had no equal on the track. The ease with which he left the other 10 starters in the wake of his flying hoofs set the 15,000 persons who jammed this Baja, California to wondering just how long it would be before he surpassed Sun Beau's \$375,754. It seemed so simple. The way Phar Lap did exactly what his trainer, Tom Woodcock, said he would do. There was no huddle before the race with Billy Elliott, Phar Lap's Australian jockey. Woodcock broadcast the word "back" at the start, money on the back stretch and then pull away on the home stretch. He did just exactly that.

Reveille Boy second. The gelding finished Reveille Boy in 2:28.10, 11/100ths off the lead. The gelding was owned by the late J. P. McQuinn, who had sold the horse to the late J. P. McQuinn, who had sold the horse to the late J. P. McQuinn.

MEDFORD PLACES THIRD FOR TOTAL TOURNAMENT SCORES

Astoria Hoopsters Real Champions Say Participants—Second Victory in 3 Years for Fishermen

SALEM, March 21.—(AP)—Fifteen basketball teams left here yesterday for their homes in various parts of the state thoroughly convinced that the flying fishermen from Astoria had a championship team. The lower Columbia river boys won the state title from Salem high in the final game 32 to 29, but only after being forced to overcome two other hard fighting teams earlier, each by one point margin—Medford and Benson high of Portland.

The victory, the second for Astoria in three years with virtually the same team, climaxed one of the greatest tournament years witnessed at Williams university. More teams and players competed and more people witnessed the contests.

Benson Hates Third
Benson high school, by reason of its final quarter rally, was awarded third place in the tournament, putting Corvallis sixth. The final score was 23 to 22. Salem high school placed second to Astoria. Medford placed fourth in the final rating while Marshfield took fifth, Nehalem seventh and University high of Eugene eighth. Eight other teams were eliminated.

It was left for a team making its maiden trip to the state tournament to take scoring honors for the tournament—Nehalem, Tillamook champions. The team tallied 160 points, surpassing Salem which scored 157, although placing seventh in the final outcome. The most every contest in which they were entered, interesting.

Medford Third in Scoring
Statistics further reveal that Medford was third high scoring team with 124 points, Marshfield fourth with 123. Astoria fifth and Benson sixth with 122 points. Individual high scorers were 32 points, followed by Adams, Nehalem guard with 51, and Neil McLean, Marshfield third with 48.

Following the tournament finals, officials presented the all-star team as well as the two most outstanding players in the tournament, Adams and coaches in executive session during the afternoon with their awards.

Glen Sanford, Salem guard and three times selected on the all-state team, was voted the most valuable player to his team, while Clifford McLean, Benson forward and outstanding star last year, was voted the best floor player. Both these players performed well for their squads again this year.

School All-Star selections follows:
The result of the all-state team:
First team: Clifford McLean, Benson forward; Robert Bergstrom, Astoria, forward; James Burrell, Salem, center; Glen Sanford, Salem, guard; Maurice Scheel, Medford, guard.
Second team: Wiers Palmberg, Astoria, forward; Charles Patterson, Benson, forward; Chester Kibbe, Nehalem, center; Morris Heller, Benson, guard; Edward Makela, Astoria, guard.
Honorable mention: Forwards—McLean, Marshfield; Harrington, Medford; Kelly, Salem; Centers—Woods, Benson; York, Baker; Wagner, Corvallis; Guards—Adams, Nehalem; Sachtler, Salem; B. Courtney, Benson; Merryman, Corvallis.

Great interest is being shown in the match here Wednesday evening at the Armory between Yaqui Joe, well known Indian wrestler, and Kewpie Harkins, a Denver, Colo., matman, being put on by Herb Owen of Eugene.

Many people have already stated they are anxious to see the show, as both men have won local favor in previous appearances. Yaqui's return has been anticipated for some time, and interest in the match eclipses excitement over previous cards.

The preliminary will be put on by Tony Caponi and Speedy Acht, just whose speed and action can draw crowds most any place.

WHITE INJURES KNEE IN BASKET TOURNNEY

Medford's basketball players, accompanied by Darwin K. Burgher, coach, returned Sunday from Salem, and all were in good shape, with the exception of Wilson White, who suffered a sprained leg in one of the games.

Although the injury causes a great deal of pain, it is expected to be better in a short time.

LIFESIZE PLAYHOUSE BUILT FOR PRINCESS DESTROYED BY BLAZE

LLANDOGO, Wales, March 21.—(AP) The pretty lifesize playhouse which the Welsh people built for little Princess Elizabeth, granddaughter of King George, was destroyed by fire today as it was being taken to London to be presented to her.

It burned along the roadside near here, in spite of all the efforts of a bucket brigade formed by the villagers to put out the fire.

The model of a Welsh cottage, large enough for the princess to play in, and believed to be the finest of its kind ever built, was being hauled on a trailer from Cardiff to London by a steam tractor. It was intended to be presented to the princess on her sixth birthday next month.

Wanted—Thoughtfulness and Common Sense

WHEN you save a little money, and invest it in the bonds or stock of some useful enterprise . . . or when you open a savings account in a bank, and the bank, in turn, lends your savings on good security to a business that needs capital to do its work . . . you are helping business and industry to give employment to more people, to buy more materials, to produce and sell more finished goods, to make comfort and happiness in the home.

For the use of your money you receive interest or dividends, which may be spent for the things you need, or re-invested in the same or other useful work.

But when money is hoarded, what happens? There is withdrawn from circulation just so much capital that might have been used to manufacture needed goods, to employ labor, to improve homes . . . and the money that is hoarded does no one, not even the owner, any good.

As an example of what can be done with the collective investment of many individuals, consider The California Oregon Power Company. Serving 60 cities and towns of the Pacific Northwest with electric service, this organization has built great hydro-electric generating stations and distribution systems.

Most of its preferred shareholders, numbering more than 6,500, are residents of the territory served and customers of the Company. They receive regular quarterly dividends on their investment. Ever since April 15, 1921, the Company has paid these dividends regularly, without interruption.

If our shareholders had withheld their savings, hoarded them, hidden them away, this great service organization never could have been built. Instead of earning a regular, safe return, their savings might have produced nothing.

The opportunity is open now, to you, to invest in the 6 per cent preferred shares of The California Oregon Power Company.

Present Price \$86 Per Share, to yield approximately 7% on the investment.
