Music for dancing will be played by Singler's five-piece orchestra, and refreshments will be served by a committee composed of Mrs. J. W. Nason, Mrs. George Fisk, Mrs. C. E. Jaqua, and Messrs. R. C. Yost, Ed Robinson, Thomas Jude, J. B. Yarbrough, Guy Humphreys and W. L. Wilder.

Junior High Study Club Discusses Discipline

"Constructive Discipline" was the subject discussed by members of the Junior High Study club in meeting at the Junior High school Friday, with Mrs. Trowbridge as leader.

Developing the subject from the word "discipline" it was shown that disciplining a child means more than teaching him to obey. A horse and a dog are taught to obey their master. It was stated, as they will go through life guided by that will, but a child, if he is to be an asset and not a liability to society, must be, early in life, taught self-guidance.

CHOICE BLOSSOMS TAKEN BY THIEVES

The discrimination of thieves is becoming remarkable, according to local folk, from what they steal Sunday night the Rogue River Valley Golf clubhouse was entered. The thief plus-fours, which failed to please the fancy of the invaders left behind six pairs of plainer pattern tights. Last night thieves entered Mrs. Lewis Ulrich's garden, 839 Minnesota avenue. They took all the remaining King Alfred daffodils from the ground.

The preceding Monday the garden was entered and the first half of the choice blossoms taken. The common members of the narcissus family were undisturbed on both occasions.

SEEK ELIMINATION OF GRADE CROSSINGS

Residents of the Rogue River district have requested that the county court take action on their petitions for elimination of the two Southern Pacific grade crossings on the old county road between Rogue River and Grants Pass. They hold it would minimize a hazard, and that the road is extensively used, particularly in the summer, by citizens of Rogue River and adjacent territory.

VEGETABLE USE IN FAMILY DIET WILL BE TOPIC

Vegetables, more than any other item, contain vital, health-giving ingredients. The greatest care must be used, however, in measuring the food values of vegetable items in order that a balanced menu can be obtained, warns Miss Heath.

Many vegetable dishes require great skill in handling in order that they may not become unpalatable. Proper seasoning is essential. As far back as history records, fresh vegetables have formed an item of human diet.

When the first dishes were made, boiling became the accepted method of vegetable serving. Vegetables were also used in salads, but the salads came much later.

A knowledge of vegetables is very important to every housewife in serving meals to keep the health of her family at its proper level. Some vegetables possess strong iodine content—with which pernicious ruzmia can be combated. Tomatoes, which used to be known as "love apples" and thought poisonous, are full with iron and tonic ingredients.

Miss Heath does not wish her opinions to be construed to mean that she is in favor of an exclusive vegetable diet. She treats vegetables just as one of the adjuncts of cookery with which every housewife should be familiar if she is to qualify as a real cook.

Miss Heath will take up every variety of cooking problems in "The Kitchen Chautauqua," which she will give at the Holly theatre March 30, 31 and April 1, under the auspices of this newspaper.

The latest tricks and short-cuts of cookery—all-in-the-even dinners, how to prepare vegetables in little sets of triplicate pans while the roast is cooking merrily along at the same time—and other time-saving hints, will be taken up by Miss Heath in great detail. We know that every housewife in Medford will enjoy these programs to the utmost.

A knowledge of your neighbors and friends and plan now to attend every number of the season. Remember, come early!

Gold Beach Men Revert To Youth For Kite Flying

GOLD BEACH, Ore., March 22.—(AP)—Visitors to this coast city might hardly believe their eyes when they see local business men romping about flying kites.

The simple explanation is, however, that Gold Beach grade school pupils are planning a kite-flying contest here Friday afternoon and many prominent men of the community, having caught the spirit, are building and flying kites in preparation.

FORMER MEDFORDITE BECOMING AUTHORITY ON SCHOOL PAPERS

Edward H. Redford, director of publications, Phoenix, Ariz., Union high school, who formerly resided in Medford, is writing a series of three articles on the organization of high school annuals. The first of the stories appeared in the February issue of the Scholastic Editor.

Mr. Redford is the son-in-law of Mr. and Mrs. W. W. Hartley, who reside near Medford. Mrs. Redford, formerly Gladys Hartley, graduated from Medford high school, and Oregon State college at Corvallis.

Since being in the Phoenix school, Mr. Redford has become well known in journalistic circles, the Union high school's year book receiving all American rating last year.

He is advisor to the Coyote Journal, and recently was appointed state representative of the National Association of Journalists teachers, at the request of the president of the National Association of Journalism teachers.

SPRING FLOWER SHOW ANNOUNCED BY GARDEN CLUB TO OPEN FRIDAY

Spring is here and the Medford Garden club will be among the first to impress the refreshing beauty of the season upon the public mind, arousing from gray slumber.

The members announce Friday and Saturday of this week dates for their annual spring flower show at the Chamber of Commerce building.

There will be no prizes awarded at this event but all persons with flowers in their gardens, regardless of whether or not they are Garden club members, are invited to enter them in the display, which will not be restricted to local fanciers.

All varieties of spring blossoms are desired and a sale of annual and perennial garden plants will be held in connection with the show. Committees for the event will be announced later in the week and all gardeners are urged to pray for sunshine to bring the flowers, which are a bit tardy this year, into full blossom for the show.

Avoid Offending Underthings absorb perspiration odor—protect daintiness this way:

perspiration acids and odors completely, yet it saves colors and fabrics. And it takes only 4 minutes, or less. Play safe—Lux underthings and stockings after every wearing. This protects daintiness—and it actually keeps them new far longer.

- 1 Wash this 4-minute way: one tablespoon of Lux does one day's undies . . . stockings, too! Use lukewarm water—Lux dissolves instantly in it. Squeeze suds through garment, rinse twice.
- 2 Wash after each wearing, for perspiration acids left in silk fade colors and rot threads.
- 3 Never rub dainty lingerie with cake soap. Rubbing tends to streak and wear out silk.
- 4 Avoid ordinary soaps—cakes, powders, chips. These often contain harmful alkali which weakens threads, fades color. Lux has no harmful alkali. Anything safe in water alone is safe in Lux.
