YAQUI JOE MEETS KEWPIE HARKINS IN MAIN TUSSELE

Noted Indian Exponent of Flying Leg Holds Expedited to Find Hot Competition From Denver Boy

Pitted against Kewpie Harkins of Denver in the main go of tonight's wrestling show at the local armory, Yaqui Joe, Sonora, Mexico's pride, is expected to find some rapid fire competition he has not anticipated, for Harkins has one of the most unique assortments of holds possessed by any in the bone-crushing sport.

And Harkins is getting to be some connoisseur, for his selection of foot grasps in the last go made it impossible for his opponent to breathe freely while Kewpie was steamed up. The Sonoran, confident of the effectiveness of his flying holds, yesterday related the outcome of his match with Jimmy Goffino a couple of weeks ago in San Antonio, Texas.

At the end of the first and only fall, Goffino was rushed to the hospital, suffering from a broken knee, a victim of the Indian's flying toe hold.

Flying body scissors and flying head scissors, as used by Yaqui Joe, are expected to thrill the mat fans who have been anticipating his return to the armory arena.

Glad to be back in Medford after an absence of about two years, Yaqui Joe reported here in good shape, and is anxious to show all of his friends an event comparable with the battles against Jones and other muscle-maniacs of the coast, in which he participated before hundreds of Medfordites.

Tony Caponi of Baton Rouge, La., who joined Yaqui Joe at El Paso, Texas, and has been working out with him for the past several months, expects to make a winning impression here tonight, when he goes into action against the speedy Pete Achiman. This will be the "rehearsal" initial show here.

The "Walloping Wop," as well as Achiman, has attracted his share of attention throughout the territory where he has appeared, giving the fans plenty of action and speed, interspersed with quick, unexpected holds.

Those who have seen Achiman in the canvas square expect him to furnish some stiff competition for the southern boy.

DOC SNELL STOPS ED VOLK IN FIFTH

PORTLAND, Ore., March 23.—(AP)—Doc Snell, Tacoma lightweight, won a technical knockout over Eddie Volk, Portland, in the fifth round of their scheduled six-round affair here last night, when the referee stopped the bout to save Volk from further punishment.

Tony Portillo took a six-round decision from Johnny Spencer in a fast bout.

Andy Bundy knocked out Joey Morgan in the third round.

Al Mustola easily defeated Buddy Thornton in four rounds, and Cliff Sparr of The Dalles technically knocked out Jack Breedlove of Roseburg in the third round.

FRENZIED WOMAN TRIES TO KNIFE JEAN BOROTA

NEW YORK, March 23.—(AP)—A woman in red, screaming her fury from a front row balcony seat at the Seventh Regiment Armory, attempted unsuccessfully to hurl a knife at Jean Borota, French tennis star, during a doubles match of the Franco-United States indoor championship last night.

Her arm, flashing with gems, was drawn back as though to send the "paper" knife her fingers held down upon the court, when it was seized by a man nearby. His fingers tightened about her wrist and she knifed helplessly to the floor.

At the time of the attempted attack Borota, paired with Antoine Gentien, was playing against the American team of George Lott and John Van Ryn.

Half a dozen men seated nearby went to the aid of the man who had stayed the woman's hand. She fought them furiously. Her red evening gown was torn, and she lost a slipper. She still was screaming when police later sought to question her. Finally they sent her to Bellevue hospital for observation.

Her identity was not learned. She gave as many as eight names and addresses when questioned at the police station.

HAMAS HALTED IN KNOCKOUT MARCH BY YOUNG FIGHTER

LOS ANGELES, March 23.—(AP)—Steve Hammas looked upon his fistic future today with an obscured vision. Lee Hamage, a young upstart from San Diego, Calif., dimmed the picture for the former Penn State graduate last night, by hammering his left eye shut to win a decision over 10 round rounds.

Eleven thousand persons jammed the Olympic Auditorium to far beyond its seating capacity to witness one of the best fights seen here in more than a year.

It was the victory of a clever boxer over a good fighter who packed ponderous punches in both fists, but it might just as well have gone the other way, for the winner hung helplessly on the ropes when the final gong sounded.

Hammas, whose stock in the fistic trade does not include a defense, rushed out from the first to pound out a quick knockout as he had done in the case of Tommy Loughran and some 25 other victims.

Instead he found an elusive target in the slender 21-year-old Californian, who refused to be tagged and instead chose to punish from long range with cutting left jabs and right crosses. Hamage, conceding 13 pounds to his husky opponent, fought like a veteran.

PORTLAND EGGS HOLDING STEADY

PORTLAND, Ore., March 23.—(AP)—While the extreme low price quoted for eggs in the central west is a very serious influence, local trade conditions appear more or less steady character. Price lists are being maintained.

Conditions in the market for butter appear about steady with no change reflected in the price list for either cubes or prints during the day.

Market for chickens is showing a rather sick tone at the moment for practically all medium and light hens. Heavy stuff is inclined to hold its own fairly well.

Spring chicken market appears steady locally with little stock being offered out of the home territory.

While there are practically no real quality tom turkeys arriving in the dressed poultry trade, hens are still of fairly good stock with demand good and sales up to 22c a pound.

NEW YORK, March 23.—(AP)—The stock market slid slowly down grade in one of the year's duller sessions today. A few issues lost a point or more, but most net declines were limited to fractions.

The closing tone was easy. The turnover was under a million shares.

Uncertainty over the taxation measure in congress remained a somewhat disquieting factor and mid-week business and trade statistics failed to provide any fresh impetus in either direction.

STUDENTS SHOT WHEN QUEEN OF DANCE KIDNAPED

COLUMBIA, Mo., March 23.—(AP)—Three students of the University of Missouri were shot, and one of them seriously wounded, last night as the aftermath of the "kidnaping" Saturday of a girl student who had been chosen St. Pat's queen for the engineering school's annual dance.

Frank Luckey of Columbia was in a critical condition from a bullet wound in the stomach, and Jerry Cobe of St. Louis, captain-elect of the university wrestling team, was suffering from wounds in an arm and leg. A third student, Bus Love of Jefferson City, Mo., was slightly wounded.

Burns Frederick of Union Star, Mo., a student quoted by Prosecuting Attorney Franklin E. Heagon as admitting he fired the shots, also was taken to a hospital suffering from a possible fracture of the skull inflicted, he said, by a group of students who attacked him near the university campus just before the wounding of the three students.

The shooting was the climax of a feud of long standing between students of the engineering and law schools. Last Saturday afternoon, Miss Mary Butterfield of Kansas City, who was to have been crowned St. Pat's queen at the engineering school dance, was "kidnaped" as she was leaving her sorority house, and was held captive until almost midnight, when she was returned to the campus too late for her coronation as queen.

place General Chiang Kuang-Nai, who walked out of the conference this morning complaining that the Japanese had sent General Kenkichi Uryeda, who was only a lieutenant-general and beneath his rank.

The prospect tonight was that the parties would be delayed at least until Thursday.

Japanese authorities expressed concern over the move, declaring they believed the situation might be more deep-seated than appeared.

An opinion was freely expressed among the public that the Chinese military leaders were anxious to escape participating in the party, believing they would be subjected to criticism regardless of the outcome.

Meanwhile the League of Nations commission of inquiry which had intended to stay here until a truce was assured, arranged today to leave for Nanking on Saturday.

COOLIDGE'S FRIEND BALKS AT PLEDGE TO NAME HOOVER

BOSTON, March 23.—(AP)—Political circles in Massachusetts buzzed with speculation today upon the possible significance of the refusal of William F. Whiting, former secretary of congressional action as a delegate pledged to President Hoover.

Whiting, a close personal friend of Calvin Coolidge, was removed from the official Republican list of delegates yesterday by National Committeeman Louis K. Liggett, who said that "anyone who placed himself above the party" would not be on the regular slate.

Whiting, however, had qualified as a candidate from the first district as an unpledged delegate. He denied his refusal to include the phrase "pledged to Hoover," on his nomination papers had any significance other than that he did not wish to go to the convention with his "hands tied."

Whiting denied he had any hostility toward President Hoover and regarded the president "very highly."
